HUR
RRR
GHI

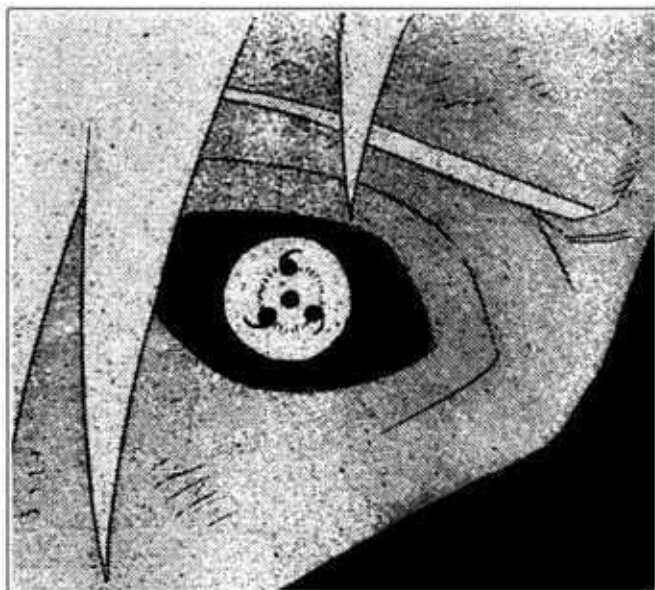

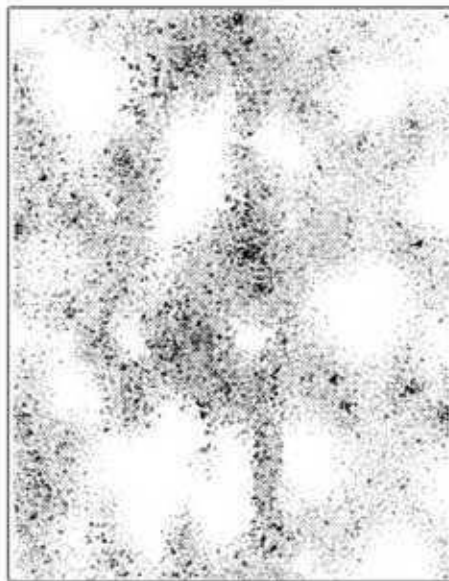

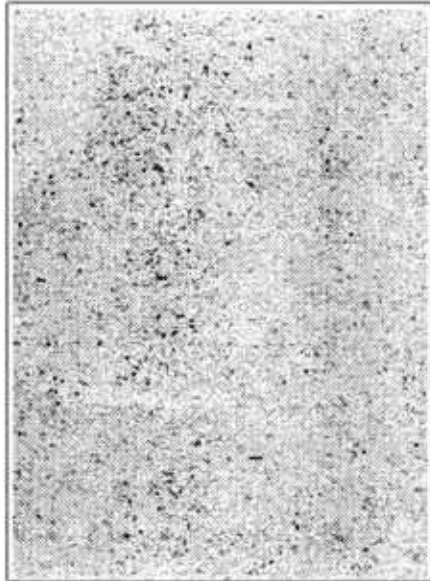

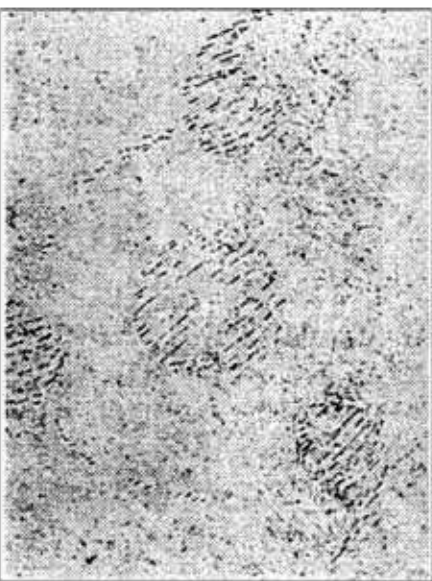

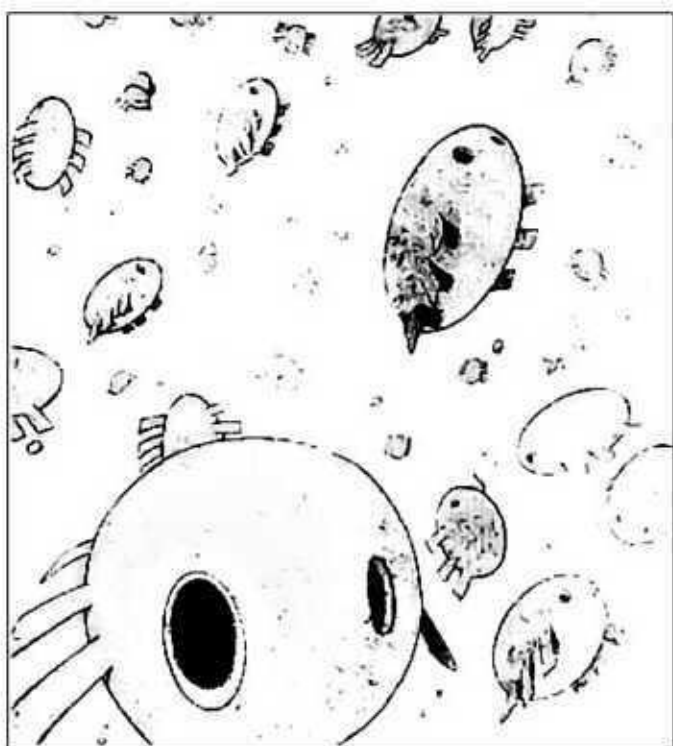

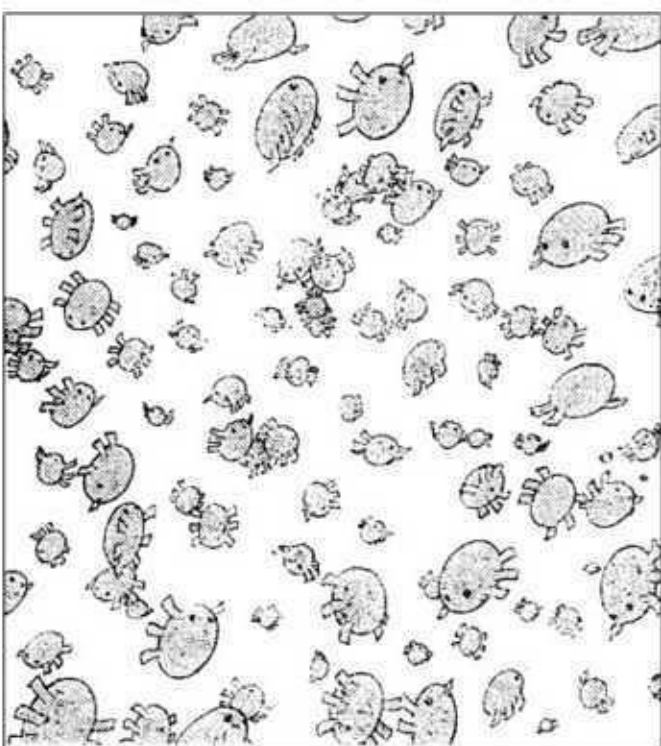

Rgh...

NARUTO

Inside
the C4!You don't
even have any
left to free
yourself....

do ya?!

Looks like
you're the
one who's
low on
chakra.

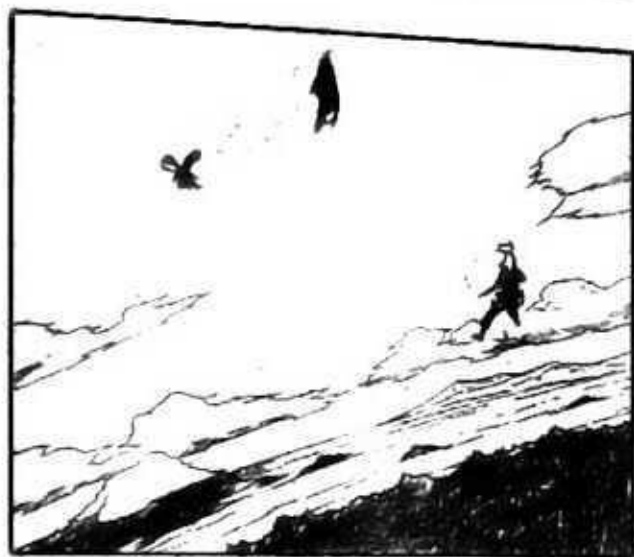

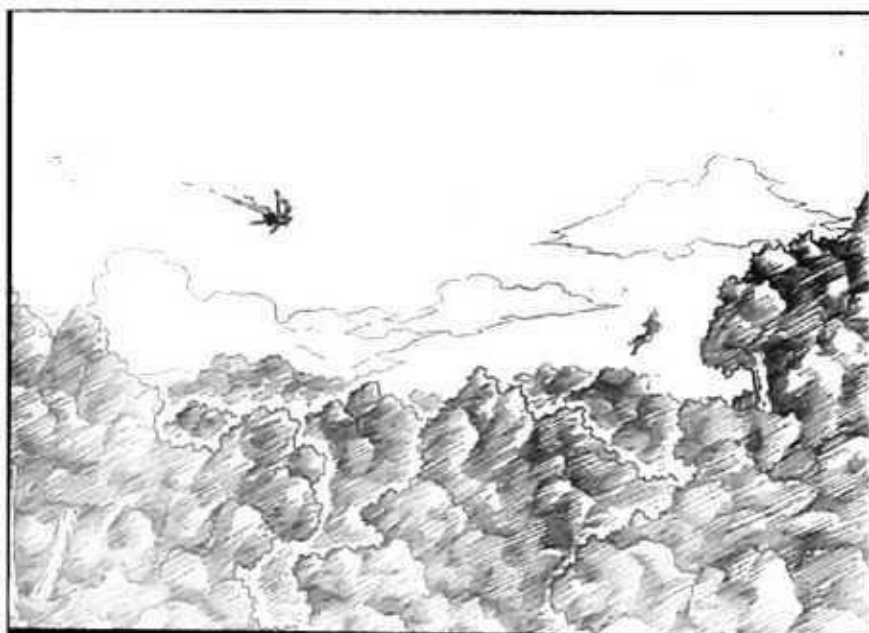

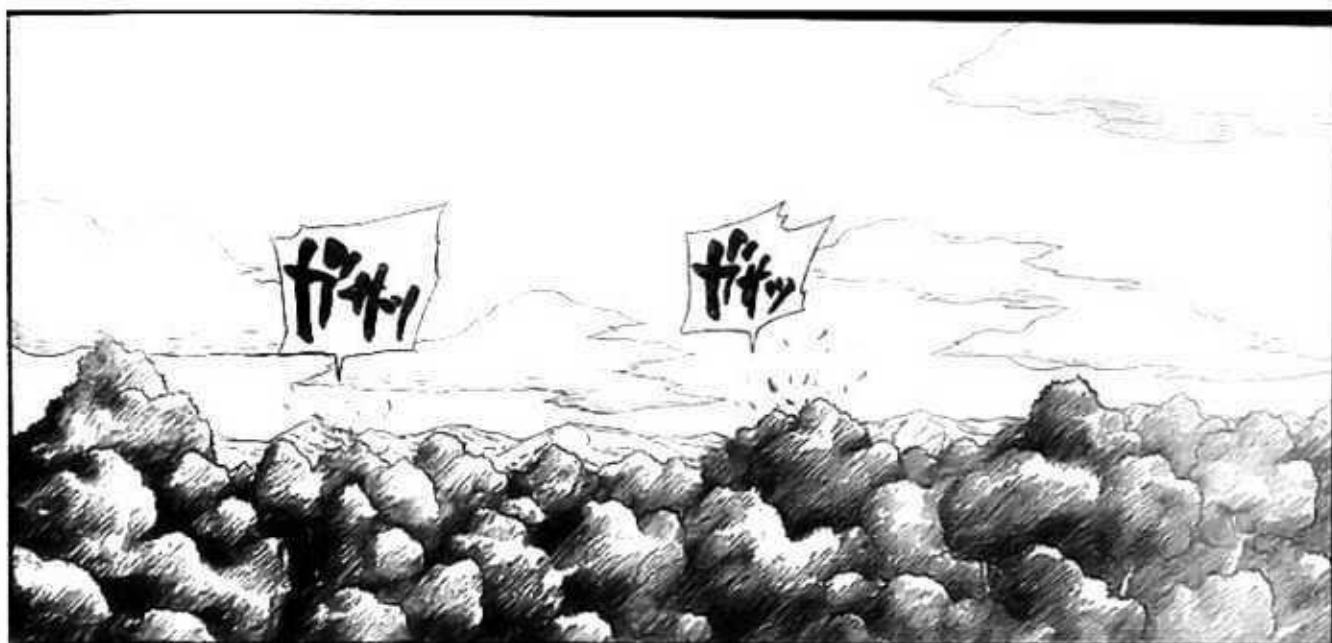

SFX: Zuzu

SFX: crumble crumble

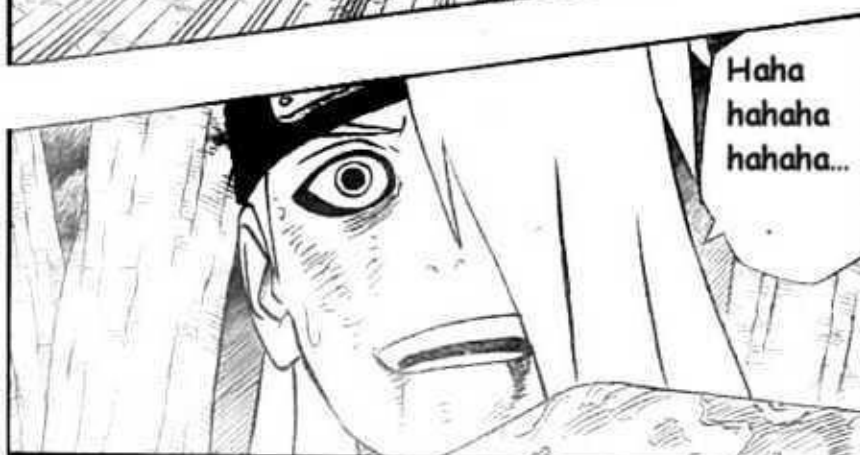

MY ART
WINS!

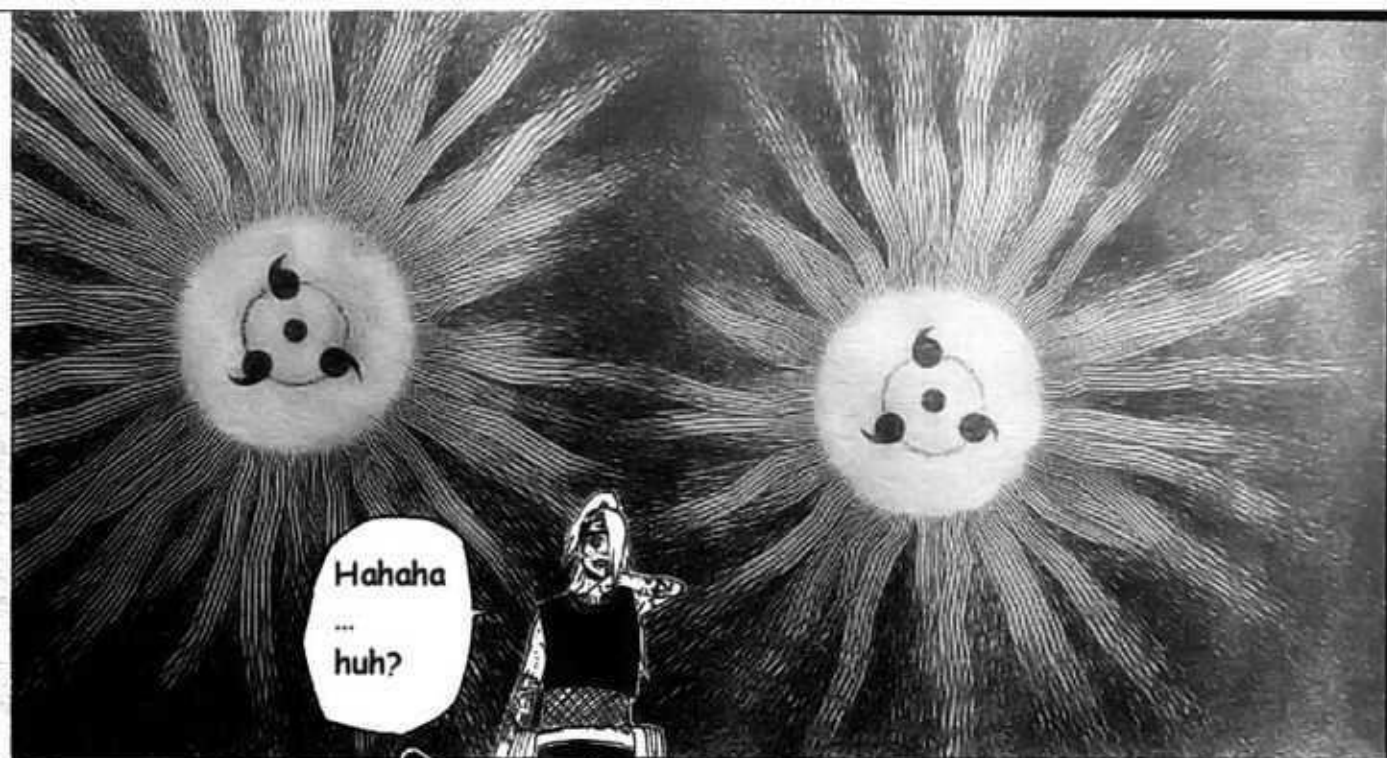

I
won.

It's
over...

Haha
hahaha
hahaha...

SFX: CRACK

SFX: SKRRRRRK

SFX: Drop drop

SFX: Huu huu huu huu

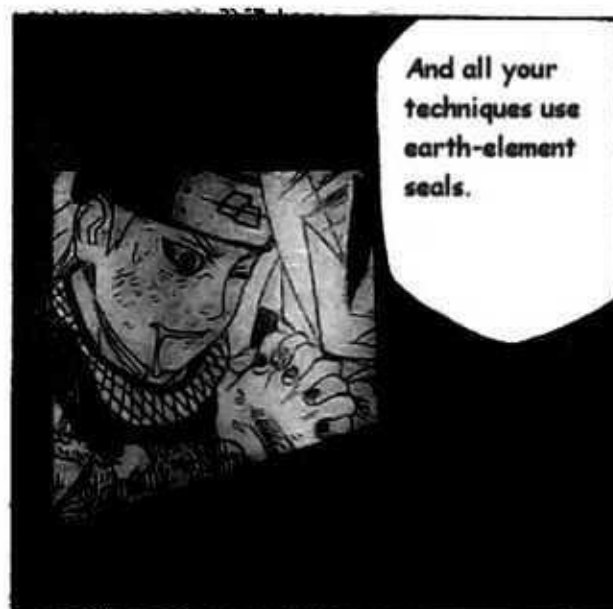

Yeah...
a while
ago.

You
figured
it out?

You...
you
couldn't

have...

And all your
techniques use
earth-element
seals.

No matter
how fast you are,
if they're
visible,
your seals
will be
read.

Against the Sharingan,
the only thing you can
do is hide your hands
while you form seals.

Then
that Raikiri
you used
earlier...

You DID
notice...

You get
it now?

My Chidori
is a
lightning
jutsu...

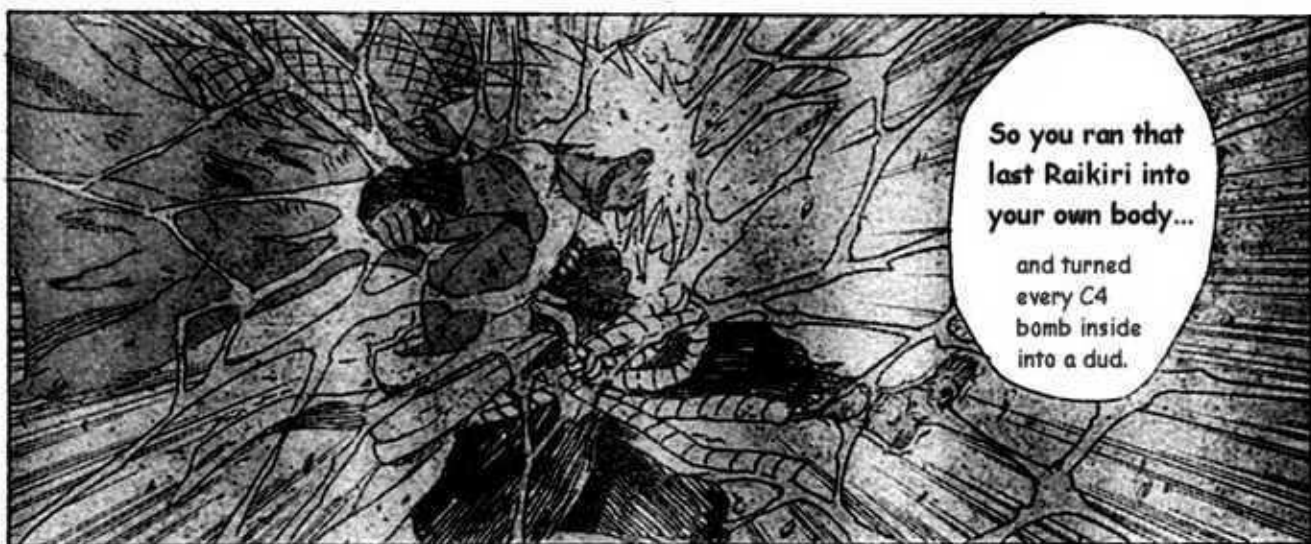

You...

I diffused
your explosives
by overloading...

them with
electricity.

Earth is
weak against
lightning.

So you ran that
last Raikiri into
your own body...

and turned
every C4
bomb inside
into a dud.

He spotted
my art's one
weak spot
in such a
short time...

When did
you figure
it out?

By the
way, it's
called
"Chidori."

Yep...
it took a
hell of a
toll on me,
though...

SFX: PACHICHICHICHICH

and
some didn't.

That's
when I came
up with a
theory.

not one
from the
original wave.

The explosion
you set off
to help dodge
my attack was
from a new
bomb you made
right then,

However,
since they
landed near
your partner,

I also considered
that you might not
have detonated
them on purpose.

But the none of
the ones I lanced
with my Chidori
Needles exploded.

My land mines
are all over
the place.
One false
step and
you'll be
blown to
bits!

Exactly.
You said yourself
that they would
blow up
automatically.

Or
Me!

So you weren't
sure if it was your
Chidori that stopped
them,

Now I get it...
that's why you
risked setting
off the mines?

The battle is lost...all because he stood against those "eyes"!

NARUTOBUZZ

Ah...

I only had one more way to confirm if my lightning could defuse your earth bombs.

But if they detonate automatically, it wouldn't matter if you wanted to stop them or not.

To confirm my theory, I charged my katana with Chidori and..

punctured one of your mines.

I wasn't checking to see if a mine was THERE or not...

Yes...my katana.

My eyes give color to charka.

I already told you... didn't I?

How could POSSIBLY have figured out where the mines were?!

HOW?! HOW?!

...and they thought
D-Ranks were
crappy...
