She never wished to give birth to you...

I tried my best to love you by thinking of you as her memento ...

Unlike physical ones, there is no ointment available for emotional ones... and the pain may never go away.

...to let  
her grudge  
be carried  
down... and  
be known  
to the  
world...

The name  
was given  
to you in  
the hope  
of your  
eternal  
existence  
...

But...  
she didn't  
give you  
the name

out of  
concern or  
love for  
you...

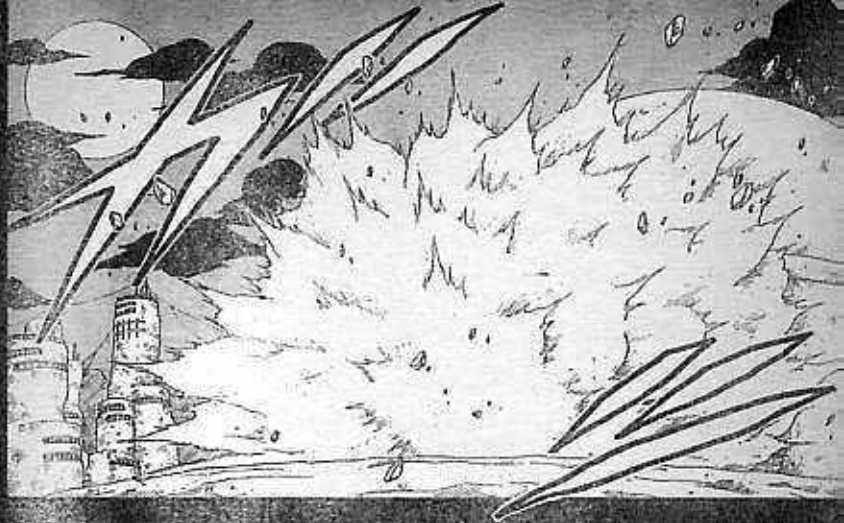

You  
were  
never  
loved...!

Please  
die  
...

This  
is it  
...

I believe she loved you so very much.

It's  
love
