Sharingan-Copy Wheel Eye, Tai, Gen, Nin-body, illusion, ninja skills

I kept a handbook, it included information on you.

When I was a member of the Hidden Mist's assassin team..

What's going on?
First that old Hokage and now this sensei...

And this is what it said..

The man who has copied over a 1,000 Jutsu..
Copy Ninja Kakashi.

..I have
to beat
you first.

But...
Kakashi!!
It seems..

He's
gone!!

Momochi Zabuza..
As a member of
the Hidden Mist..

..he was
known as an
expert in
silent killing.

He'll
come
after me
first.

You don't
even notice
until you're
already
dead...

It's not like I can
use the sharingan
perfectly.
You guys be
careful.

I can't take it... I'd almost rather die now and get it over with...

The intensity of a Jounin.. It feels like my life is being squeezed..

I'll protect you guys even if it kills me.
