× Luffy suffers from agony. As I was beginning to recognize my skills,  
Katakuri thought Luffy was "distracted" disappoints.  
Flap to snipe again with a blowpipe, but avoid Luffy in the color  
Katakuri notices the Franpe hidden behind the scenes, and steps up.  
Although it was Franpe that I expected to be praised by my older brother, Katakuri is  
I was excited by the fact that Han's game was filled with uninteresting water, exposed  
her mouth  
Shout at me. Furthermore, to make it equal to Luffy  
Pierced his own belly with a trigone spear, and suddenly hemorrhage. If you laugh at  
the straw  
Katakuri to tell Franpe as to make me smile

Franpe disillusioned with the appearance of a broken mouth, while cursing  
Spit the gum on the face of katakuri, I will not admit it as my older brother,  
I threaten to spread the pictures of my mouth splashing throughout the country.  
"Bakemono", "Owl" to insult his childhood  
A memorable smile with a fresh smile

Katakuri apologized to Luffy. Luffy is someday,  
There is no word as a cowardly pirate game, I could not avoid himself  
I return it as bad. Both sides invoke the honorable colors, the outfield below the flop is  
fainting.  
Katakuri who took off his coat and got her upper body naked, just like a boxer  
Fighting against Luffy dressed in both fists. I have to think that you are downgrading  
anymore  
Luffy states the words of gratitude to the kata to tell and holds the fist
