From now on, KEFI will be doing LQ/MQ Scanlations of this series. I myself insisted on these, since I am the head editor and do most of the cleaning work. My reasoning you ask? Well as some of you might know, or not, we are gonna be re-releasing volume-scans of these manga in all their glorious High Quality.

It's a win-win situation.

- 1. I can spread out my work better, and have motivation left for other stuff. (GO ME)*
- 2. Impatient readers (probably) don't have to wait so long for weekly chapters as they'll be done much faster.*
- 3. We (KEFI) also don't have to waste as much resources we usually would, staff-wise.*
