He still does...

Naruto's had faith in you, Sasuke-kun!

//

Wha...
HE killed
DANZOU?!

!!

One of the
Leaf's top
brass...

his name
was
Danzou.

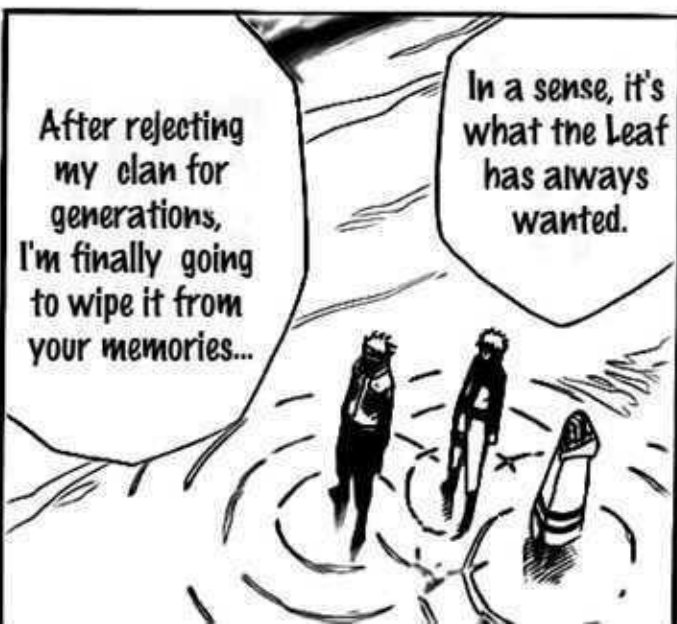

Just now...
just moments
ago I finally
got revenge
for Itachi on
one of his
betrayers...

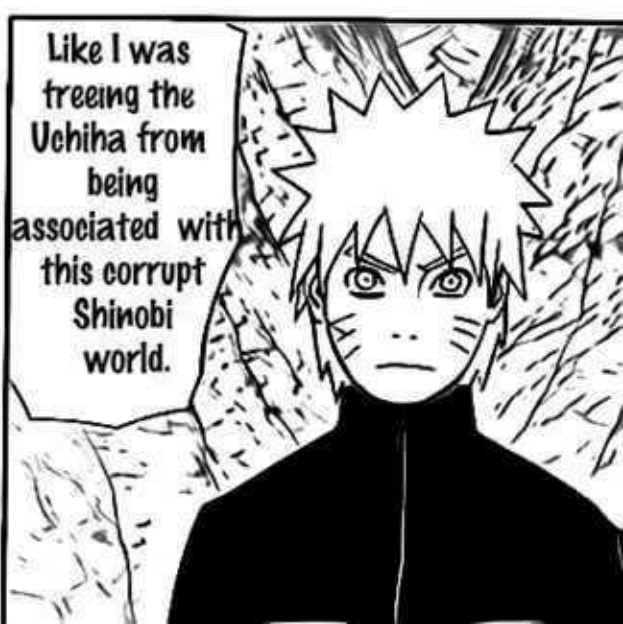

Like I was finally
cleansing the Uchiha
name of the
stigma that's
dogged it for
all these years.

It was a high
unlike anything
I've ever felt.

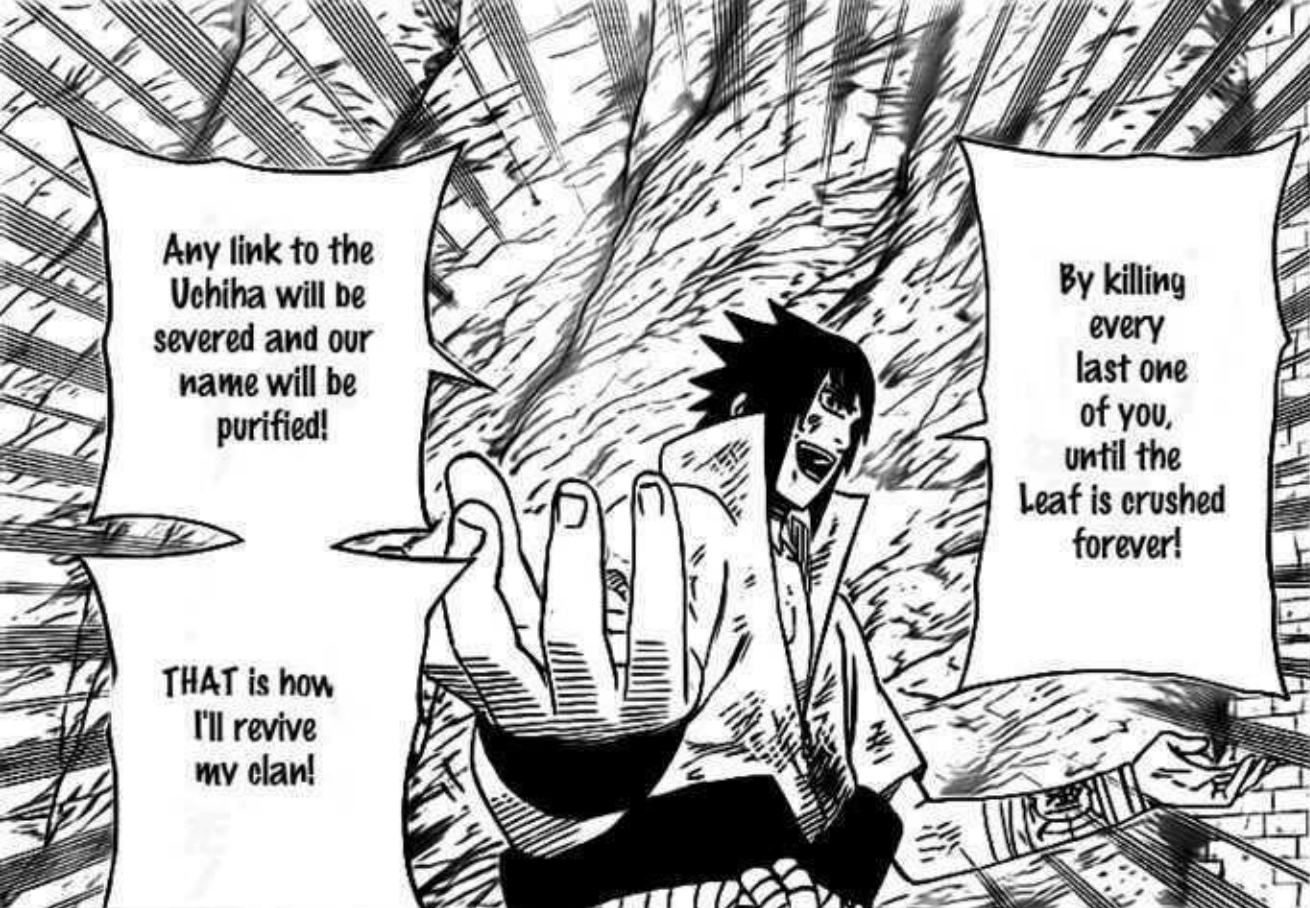

After rejecting
my clan for
generations,
I'm finally going
to wipe it from
your memories...

In a sense, it's
what the Leaf
has always
wanted.

Like I was
freeing the
Uchiha from
being
associated with
this corrupt
Shinobi
world.

SFX: POOF

The kind of poison kunai you'd have learned to make from Shizune won't kill Sasuke.

Orochimaru would've made sure he'd be immune to it.

And besides... you've seen that you can't handle this.

Get out of here, NOW!

I don't want you two to have to see this.

But Kakashi -sensei-!

SFX: Bachichichichi

SFX: Grab, Slip

I won't
hesitate
for a
second!

You've
left him
vulnerable!

Naruto!

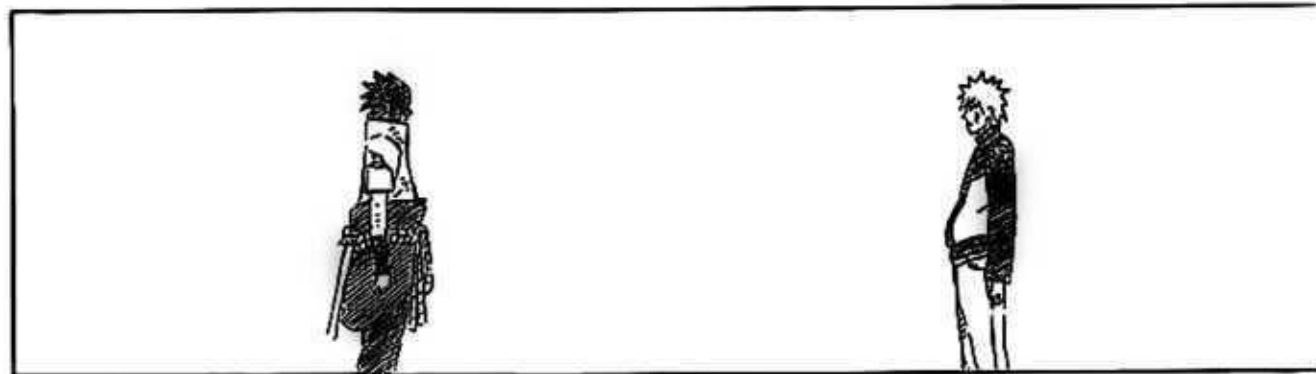

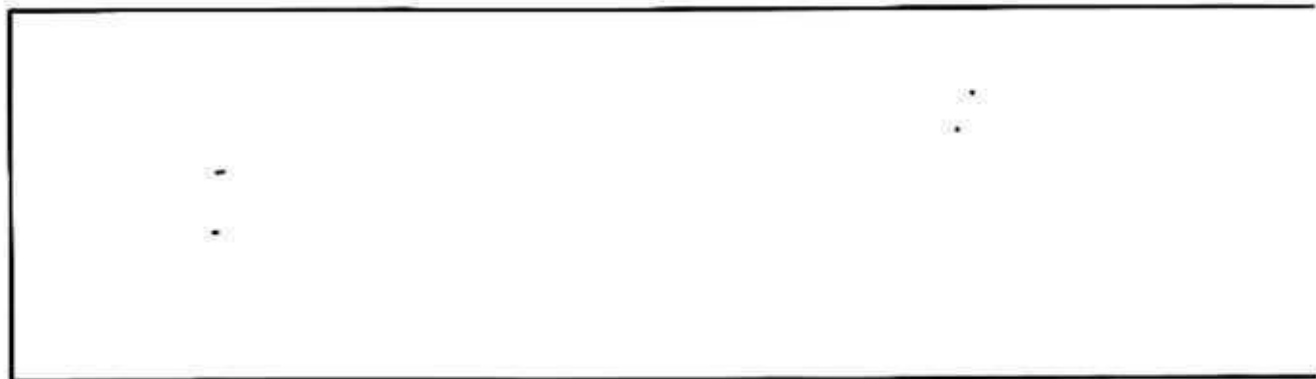

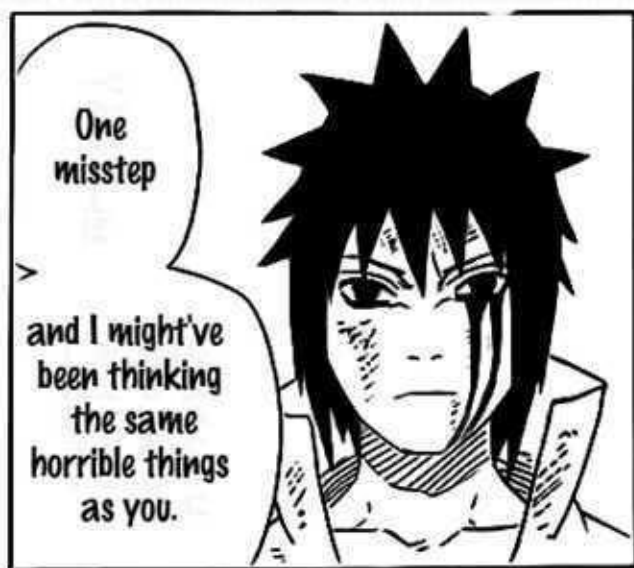

Naruto,
wait!
