

Kakashi was going to use "gozaru"!!

-This won't make any sense so I'll try to explain. In Japan, people from different areas can speak in slightly different ways, sometimes changing the normal sentence structure. This "gozaru" is one possible way. If you have ever seen Rurouni Kenshin in Japanese you'd notice Kenshin ends most sentences with "gozaru." This doesn't translate into english because it doesn't mean anything, it's just the way he talks. Anyway, Kakashi was initially going to have the same way of speaking as Kenshin.- AK

## Failed Chapter #2

In chapter 2, there was going to be the Kakashi introduction scene. I planned to have Kakashi as a confident, cool character who spoke with "gozaru." At this time Sasuke and Sakura hadn't been introduced. I was going to have Kakashi immediately become Naruto's Sensei. As I discussed it with my assistants, this idea was deemed a failure and was trashed. The current characters Kakashi, Sasuke, and Sakura were put together carefully with the help of my assistants.

# 5 : 油断大敵!!

Carelessness is your Worst Enemy

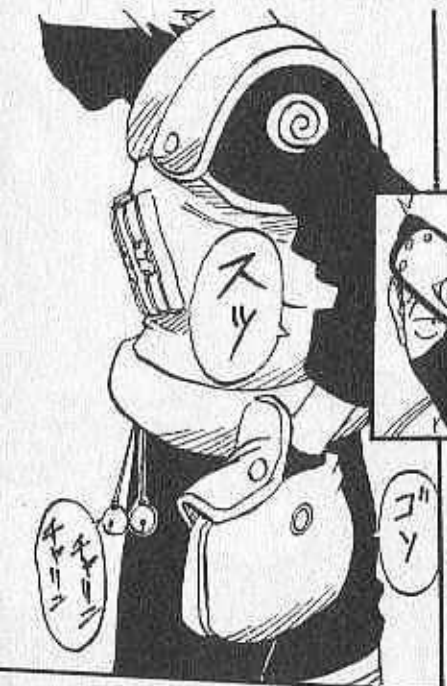

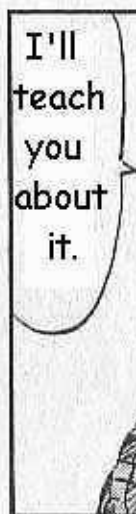

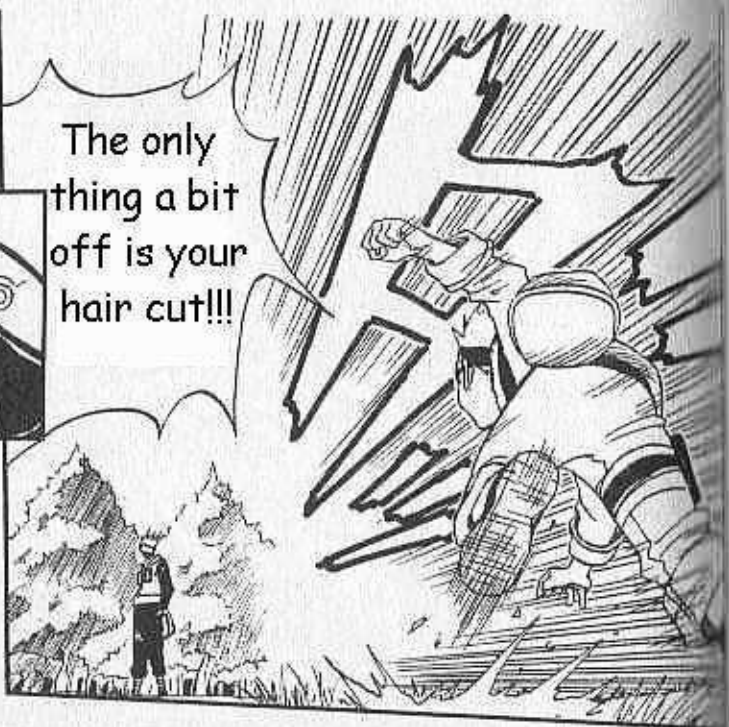

Good, they have all hidden well.

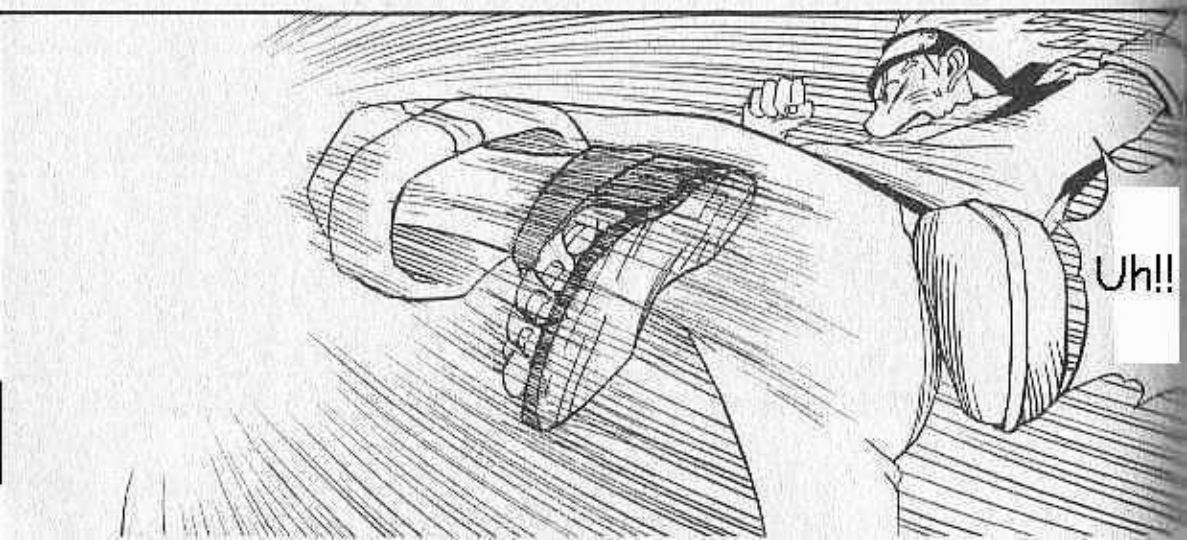

The only  
thing a bit  
off is your  
hair cut!!!

A Ninja  
isn't suppose  
to get caught  
from behind,  
idiot.

Huh?

**whiff**

Huh?  
No way!!

He's going  
to use that  
Ninjutsu  
against  
Naruto?

His hand  
position?  
Is that the  
Seal of the  
Tiger?

What?

Huh?

Too  
late.

You're  
going to  
get killed!!

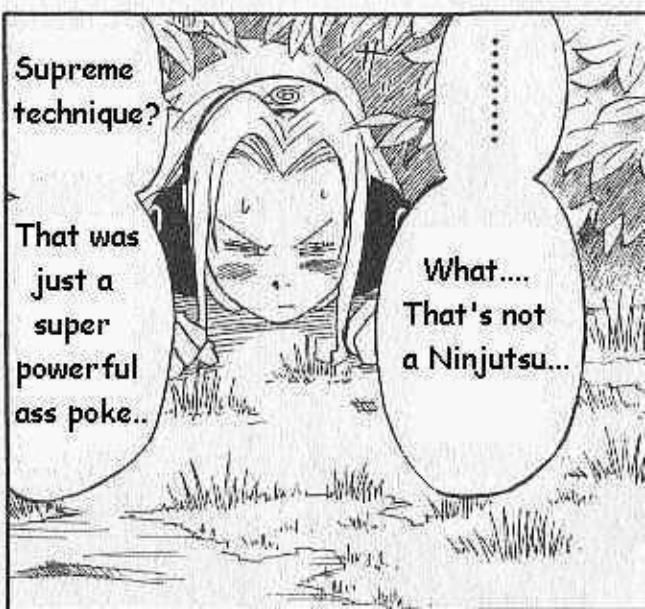

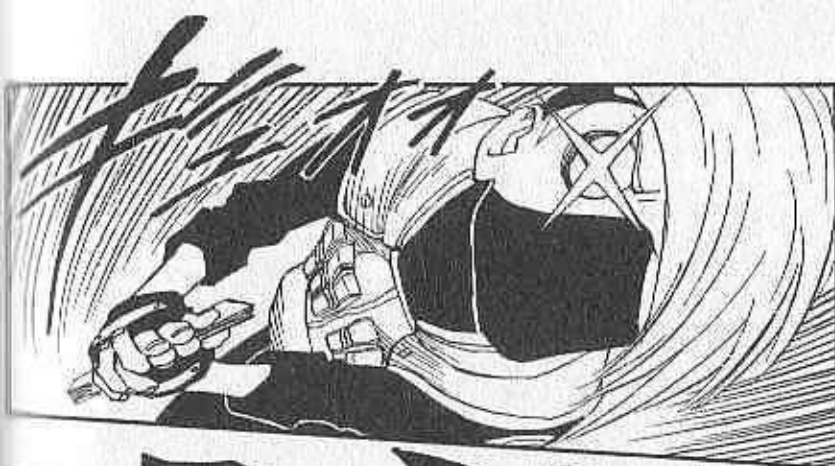

Naruto,  
get out of  
there!!

カサ!!

まさか...  
あの印は火とんどの...  
教師のや...  
逃げまわるだけじゃ  
ないのか...

No way.. Is that seal the  
Fire... That bastard isn't  
going to just run around?

That strength isn't fair... What can we do?

This wasn't suppose to...

He's reading  
and laughing..  
He's just  
playing with  
Naruto.

あの状態で  
本読んで笑ってる...

blah  
bli!!!  
(damn it)

He's one of  
my excellent  
students.

Who's going  
to acknowledge  
you?!!

You're the  
Fox Demon that  
destroyed the  
village!!!

I can't...

こんなあ

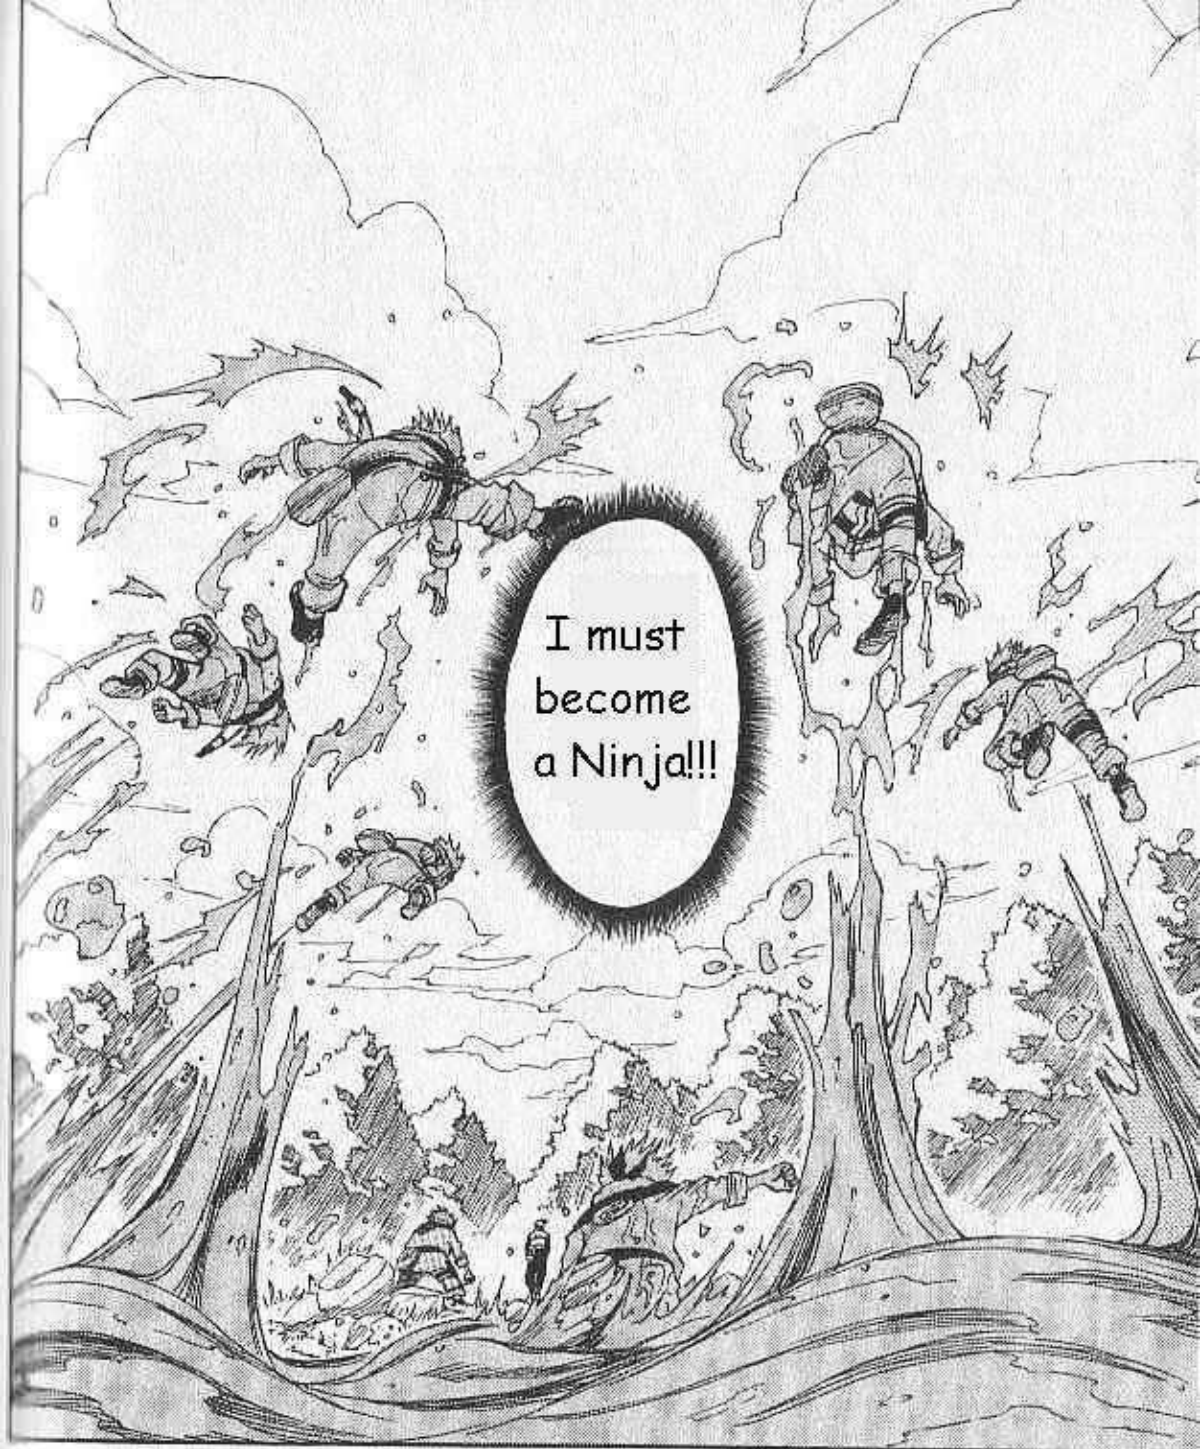

I can't  
fail here.

You better  
not get  
careless,  
there's more  
than one of  
me now!!!

Hah!! My  
specialty,  
Kage  
Bunshin no  
Jutsu!!!

Not just Clone  
but Shadow Clone,  
the skill that  
creates not just  
an illusion, but  
multiple real bodies  
or yourself.

What?  
They aren't  
illusions,  
but all real?

1,2,3...8?  
What's  
that Jutsu?

No matter how many  
you line up, you're still  
Naruto. You can't beat  
me with that Jutsu.

With your  
ability, about  
a minute is  
probably your  
limit with  
this.

This is the  
forbidden  
skill he used  
to defeat  
Mizuki.

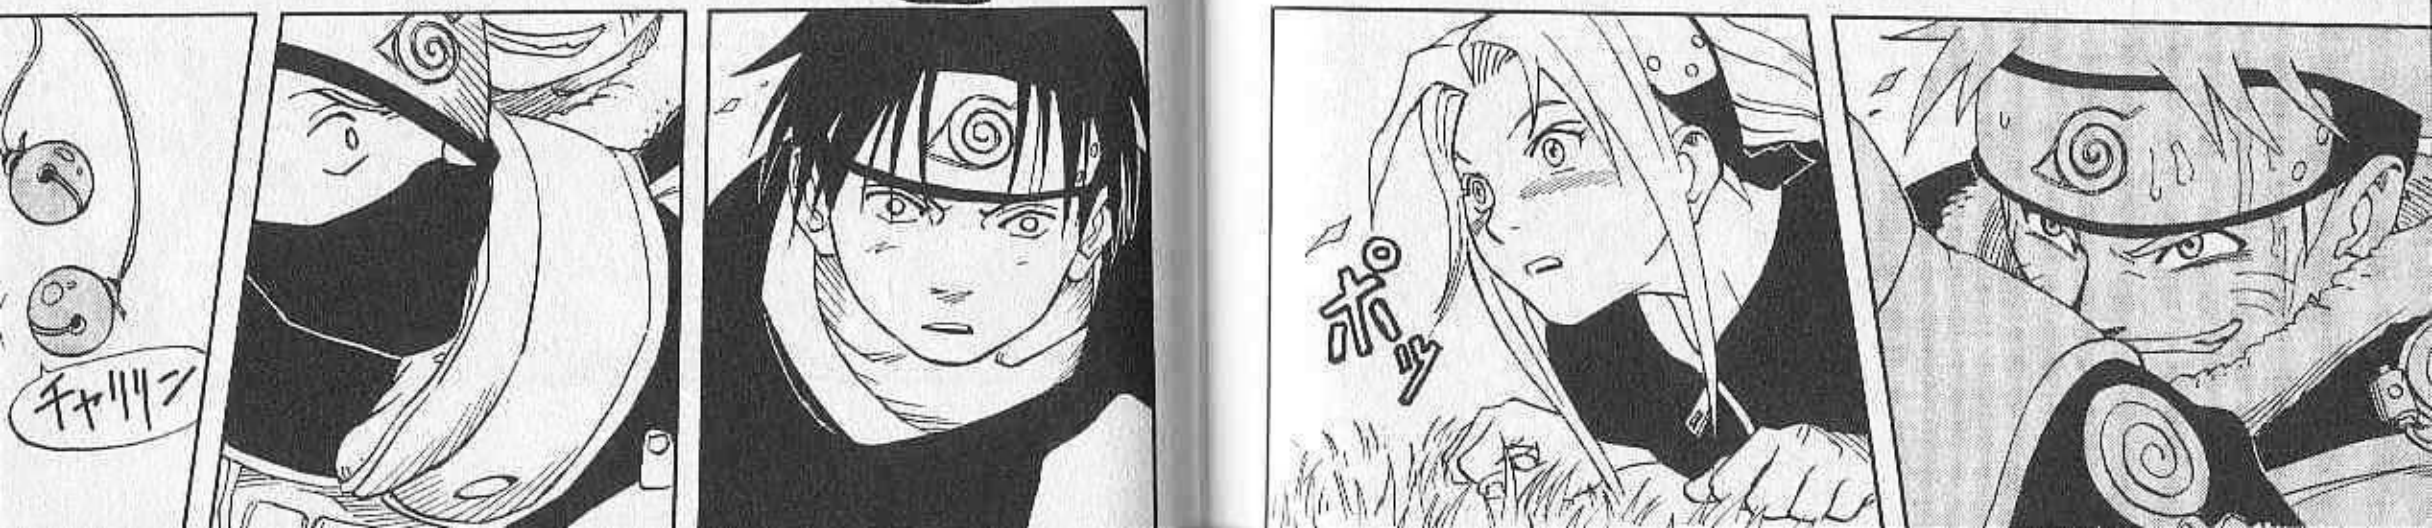

Behind  
me?!

What?!!

A black and white manga panel showing Kakashi Hatake and Naruto Uzumaki. Kakashi is in the foreground, looking back over his shoulder with a slight smirk. He has his signature headband with the spiral symbol and a black mask covering the lower half of his face. Naruto is behind him, also looking back, with a more serious expression. They are both wearing their standard ninja attire. The background is filled with dynamic, radiating lines, suggesting a recent explosion or a high-speed movement.

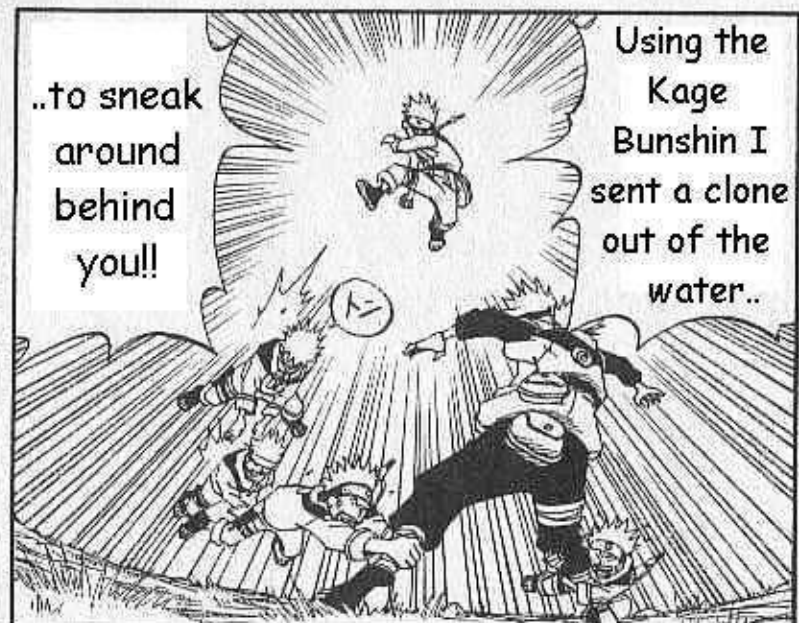

Right,  
Kakashi  
Sensei?!

Weren't  
Ninjas not  
suppose to  
get caught  
from  
behind?

A close-up black and white manga panel of Kakashi and Naruto. Kakashi is on the left, looking towards Naruto on the right. Both are wearing their headbands and masks. Kakashi has a slight, knowing smile, while Naruto looks more determined.

My ass is  
still hurting!!

around  
behind  
you!!

Using the  
Kage  
Bunshin I  
sent a clone  
out of the  
water..

Here comes  
the revenge!!
