Crumbling Sharingan...!!

You asked  
if it's all I can  
do, but you are  
afraid of the  
Sharingan...  
Zabuza...

And there  
won't be a  
third time.

You should  
feel honored.  
You're the  
only person to  
see it twice.

Heh.. Even if  
you defeat me,  
you can't win  
against Haku...

..is not  
something  
that should be  
showed to the  
opponent over  
and over.

Hehe..  
A shinobi's  
supreme  
technique..

Kakashi sensei can't win? Is that masked boy that strong?

..I taught him all kinds of fighting skills.

Ever since he was a little kid..

カカシ先生が勝てないって...  
あのお面の子ってそんなに強いのか?

Sensei..

And his jutsu surpass even mine.  
The terrifying ability of an Advanced Bloodline.

Without a heart nor fear of death. A fighting machine known as a shinobi.

Even facing the greatest adversity, he has succeeded.

Unlike the scrap that follow you around.

スボッ...

I gained a high quality tool for myself.

There's  
nothing as  
boring as  
a man's  
bragging...

Let's  
get this  
started!!!

The last time you  
said this to me...

Hold on for a  
second. I'll use  
your own words  
and brag about  
one more thing.

"The same  
jutsu won't  
work twice  
on me."

"I'll tell  
you this."

Wasn't  
it?

A close-up of Zabuza Momochi with a finger to his lips in a 'shh' gesture, looking intensely at the viewer.

..seen through  
the trivial  
system of  
that eye.

I have  
already..

A wide shot of the fight between Naruto and Zabuza in a rocky, mountainous landscape. Zabuza is in the air, and Naruto is on the ground. A large, detailed eye is visible on the right side of the panel.

I had Haku  
hiding in the  
background  
examining  
every aspect.

It's  
over.

gul!

In the previous  
fight, I wasn't  
just getting beat  
like an idiot.

### Ninpou-Ninja technique

Zabuza Momochi is shown from behind, creating a large, dark mist that obscures the background.

Hidden  
Mist no  
Jutsu

Ninpou

Naruto is shown dodging a large, dark attack from Zabuza. A bright explosion of light is visible where the attack hit the ground.

Haku is also  
bright. By seeing  
a technique once,  
he can usually come  
up with a way to  
defeat it.

There must be  
a limit to his  
Chakra. He is  
already slowly...

We are going  
to be hit, just  
try to avoid a  
serious wound.

Be quite  
and get up!!  
I can't  
watch over  
you too!!

Damn!! Hey Sasuke,  
all we're doing is  
running around!!

Here it  
comes!!

Yeah... Believe in Sasuke-kun.  
And worry about my own job!

の  
きことを!

よね...  
君を信じて

Sakura!!  
Protect  
Tazuna  
-san!!

OK,  
Sakura.

The enemy  
is serious!!  
Stay  
near me  
Tazuna-san!!

What's this  
super thick  
mist? You can't  
see anything!!

これじゃ  
再不斬自身  
何も見えないハズ  
.....

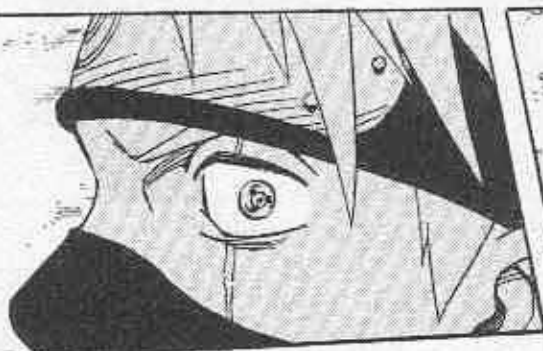

This mist is too thick..  
Zabuza shouldn't  
be able to see  
anything either....

霧隠れつつたつて

///ルルルル  
///ルルルル

Impressive that  
you blocked those...  
Sharingan Kakashi...

目を...!  
閉じてやがる!!

His eyes  
are closed!!

But... The next  
time you see me  
will be the end  
of everything.

スウ...

hehehe

What..

You have  
overrated your  
Sharingan  
too much...

スウ...

"Yeah.. You're going to die."

"Can you see the future?"

..but that prediction was wrong.

死にお前  
ぬ前は  
ああ

未来には  
お前が  
来るのか  
見えてるのか

You acted as if you knew everything...

The Sharingan...  
Is simply a trick  
that makes your  
opponent think  
that you can.

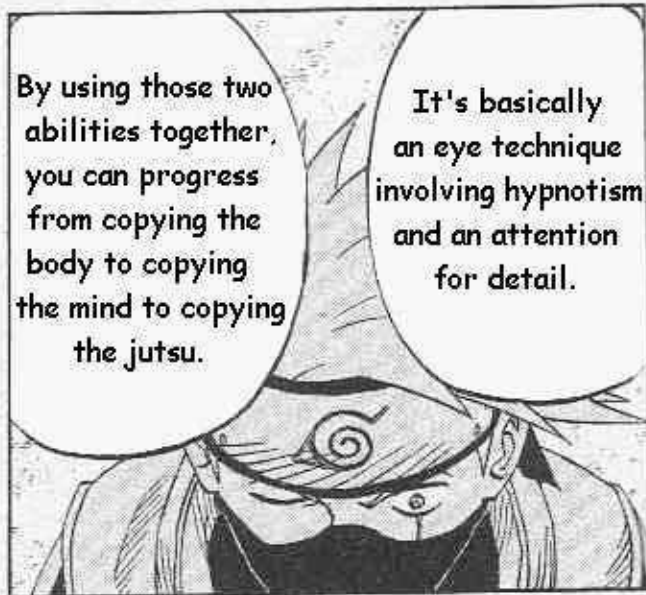

Kakashi....  
You can  
neither read  
my mind nor  
see the  
future...

This is the  
dance that  
makes it seem  
like you can see  
the future.

By using those two  
abilities together,  
you can progress  
from copying the  
body to copying  
the mind to copying  
the jutsu.

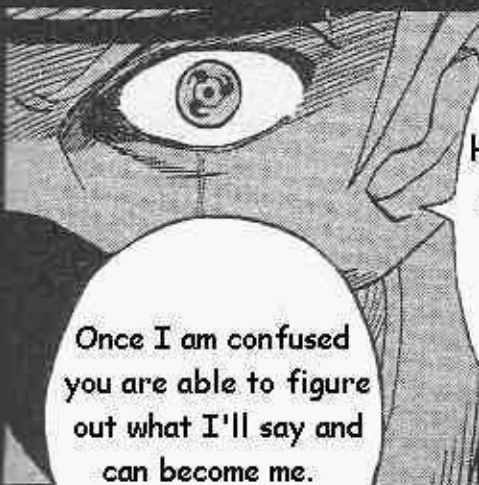

It's basically  
an eye technique  
involving hypnotism  
and an attention  
for detail.

First, with that keen eye you copy my movements and shake my mind.

### Body Copying

Once I am confused you are able to figure out what I'll say and can become me.  
And then...

He can't beat me with that, you monkey bastard!!

Heh... You're just copying me.

### Mind Copying

And then you simply copy that.

Once my worry and confusion reaches it's peak, you attack with a clever trick.

Through hypnotic gen-jutsu, you suggest what seal I should perform.

### Jutsu Copying

Damn!!  
Not being  
able to  
see slows  
down my  
reactions.

gull!

First, with  
this mist I  
make that  
keen eye  
of your's  
useless.

So the  
answer is  
simple.

ugh

Hehe...  
And if I keep  
my eyes closed  
I remove the  
chance of being  
hypnotized..

What?!

Have you  
forgotten...

Then you  
can't see  
anything  
either.

But why?

That I am a  
genius at silent  
killing, taking  
down the enemy  
by just their  
sound.

Relax... Think...  
What would he go after?

になれ...  
るんだ...

Damn it...  
I'm worried  
about Sasuke  
and Naruto too.

It's been a long  
time since I've  
been in a battle  
under such  
dangerous  
conditions.

Kyaa!!

Too late!!

That was  
Sakura's voice!!  
What happened?!

What's  
Kakashi  
doing?!!

My eyes are  
getting use to it..

Damn it....  
This is bad. I must  
do something....

I'm aiming for  
critical areas yet  
he keeps dodging..  
He seems to be  
slowly learning  
to follow my  
movements...

致命傷となる  
秘孔を狙っている  
のに!!  
ここを  
外されている!!

This boy can  
see something...

あの  
少年には  
何かが
