A highly detailed and imaginative anime-style illustration. The central focus is the massive, open mouth of a green and grey dinosaur, which is shaped like a giant, curved bowl or a celestial body. Inside this 'cosmic mouth', there is a lush, alien landscape. At the bottom of the mouth, there's a bright blue body of water with several waterfalls cascading down rocky cliffs. The surrounding 'land' is covered in green vegetation and jagged, grey rock formations. In the center of the mouth, a bright, glowing orb, resembling a sun or a planet, emits a powerful beam of light that shines down onto the landscape. The background is a deep space filled with stars, nebulae, and distant galaxies. A small, blue planet is visible in the upper left corner, and a spiral galaxy is in the lower right. Several small, dark, winged creatures, possibly pterosaurs or dragons, are flying in the space between the landscape and the viewer. The overall color palette is a mix of vibrant blues, greens, and greys, with a strong emphasis on the glowing light from the central orb.
