

142: Kakashi Vs. Itachi

NARUTO

ナルト

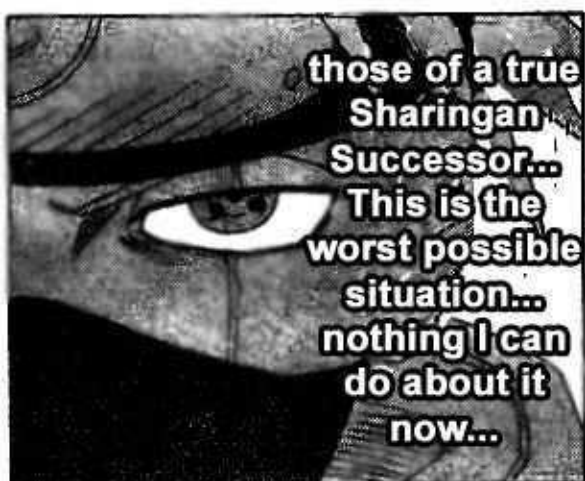

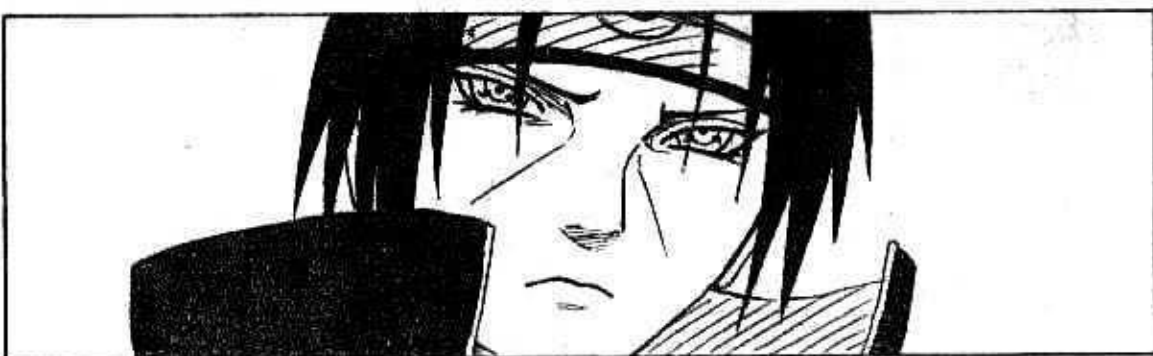

滅びの夜。暗黒を支配する月の如く……全ての最期を司り、その眼に写した男が居た。

岸本

斉史

he is
very well
known...

Copy Ninja
Kakashi

With the
exception of
Itachi-san,
this one has
the
Sharingan
as well,

Now I
have a
reason
to show
my
Jutsu.

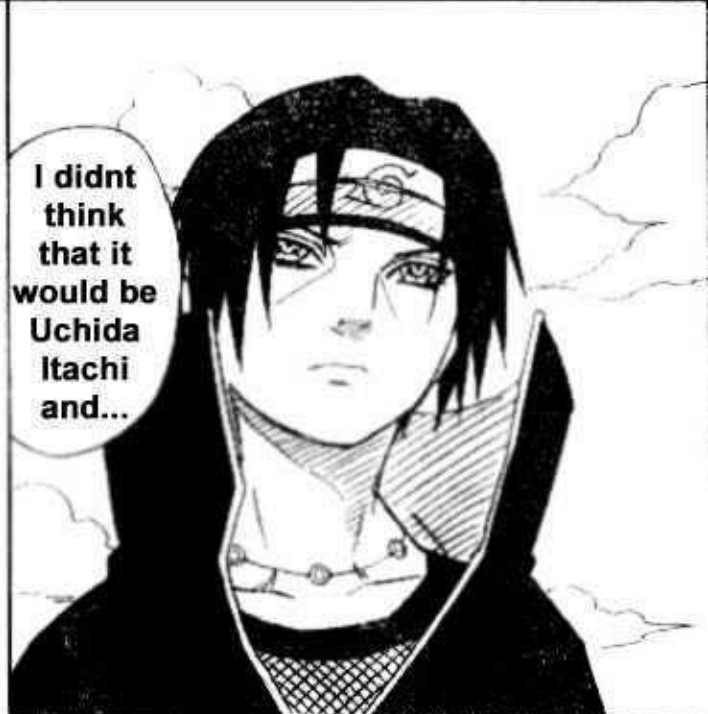

Now
its time
to
dance..

these were
the two
suspicious
people
down at the
tea shop

this
is
surprising

the
mysterious
hidden mist
ninja,
Hoshigaki
Kisame...
am i right?

I didnt
think
that it
would be
Uchida
Itachi
and...

Im
Honored

well, well
you know
my name

You are
asking for
death, aren't
you weakening?
Got anything
to say before
we fight?

Yeah
.
.
.

... I see now
the mist's "seven
way shinobi katana
jutsu" is in this
guy's large katana,
the Samahada...
is it not?

ku
ku...

Getting injured is not the reason why we came here!

Remember why we are here in the first place...

you're about to fight many shinobi's and that would take too long, more will come...

If you fight with only one person... this matter could quickly be resolved, but ...

However

...

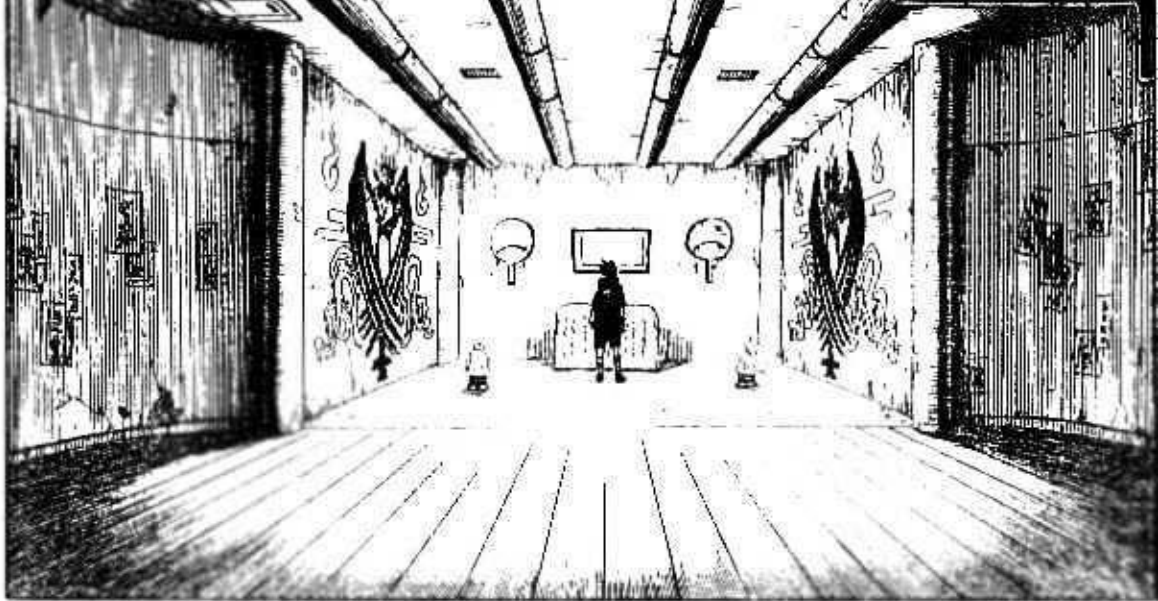

then would you mind telling us why you've come here?

ホ

looking for something?

we've come looking for something

...

if it were
me that
you were
facing, and
not
Kisame,
this would
take now
time at all

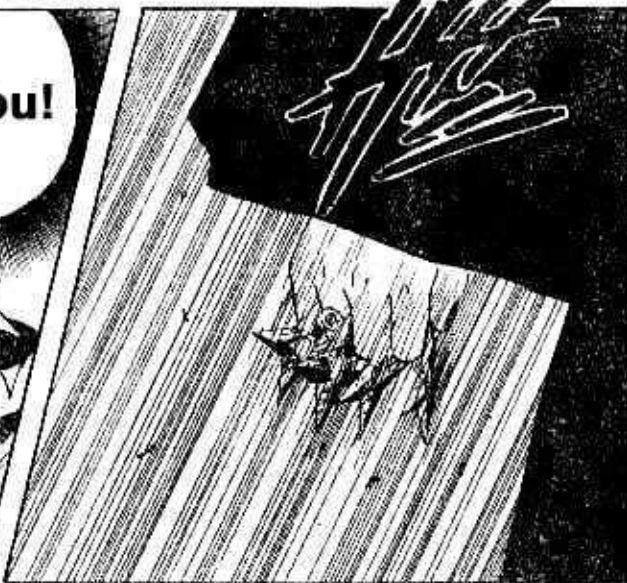

what's
this all
about?

***water release barrier**

**SUITON
SUIJINHEKI Ninpou!
!!!!**

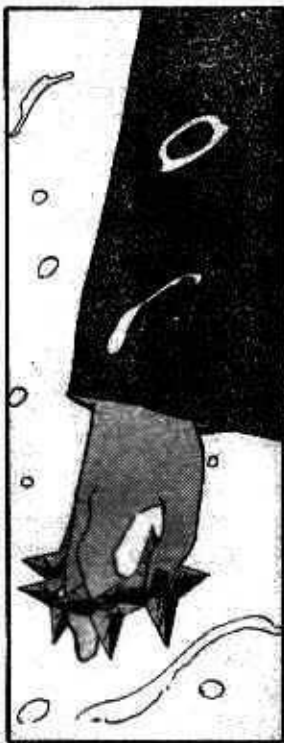

Your
"penetrating"
eye is
remarkable,
as expected
of Kakashi-
san...

however, the
shurikens in
his right hand
are used as
bait, used to
make me
come out of
Suiten
underfooted

thats an
incredibly
fast jutsu...
my eyes cant
even keep up
with him...

Isn't
that
right?

サッ

!!

his jutsu
speed is
incredibly
fast!!!

a
shadow
clone?

the copy
ninja is
holding his
own pretty
well...

a water
copy?!

the jutsu of Uchi's
village

Nice ...
Kakashi!

huh?!

this ones
just a
copy!

get down
Kurenai...!

your body
is still
suitable for
the eye..

but it does
not contain
any of our
blood

still..

You are
not blood
related to
the Uchida
Clan.

We are the
true masters
of the
Sharingan

he gets straight
to the point huh?

thats
right...

show u the
true powers
of the
Bloodline of
Sharingan
Masters!

I will..

do you know
why the
Uchida clan
is the most
powerful and
feared clan
of all?

スツ

It..
It couldn't
be....

!!!

スツ...

**BOTH OF
YOU!
CLOSE YOUR
EYES NOW!!!**

**This isn't
Good!**

Just do as I say... Only another person with a sharingan could probably fight with his...

Listen both of you, under no circumstance shall you open your eyes

If you look into his eyes... its all over

some resistance could be made to this
Mange-
Sharingan

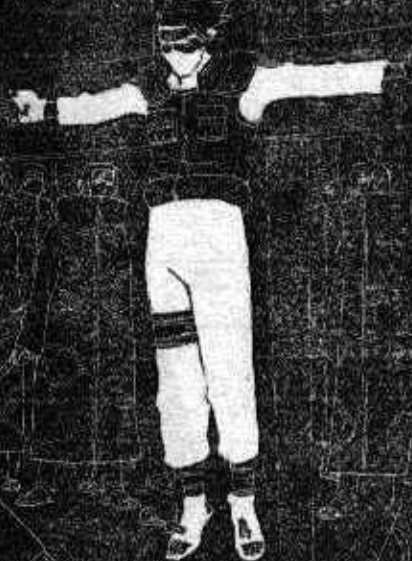

that is true only another Sharingan user could challenge me...

S
a
s
u
k
e
!

however... this Sharingan has a special eye Jutsu

Only a sharingan user with the same blood as me can defeat me...

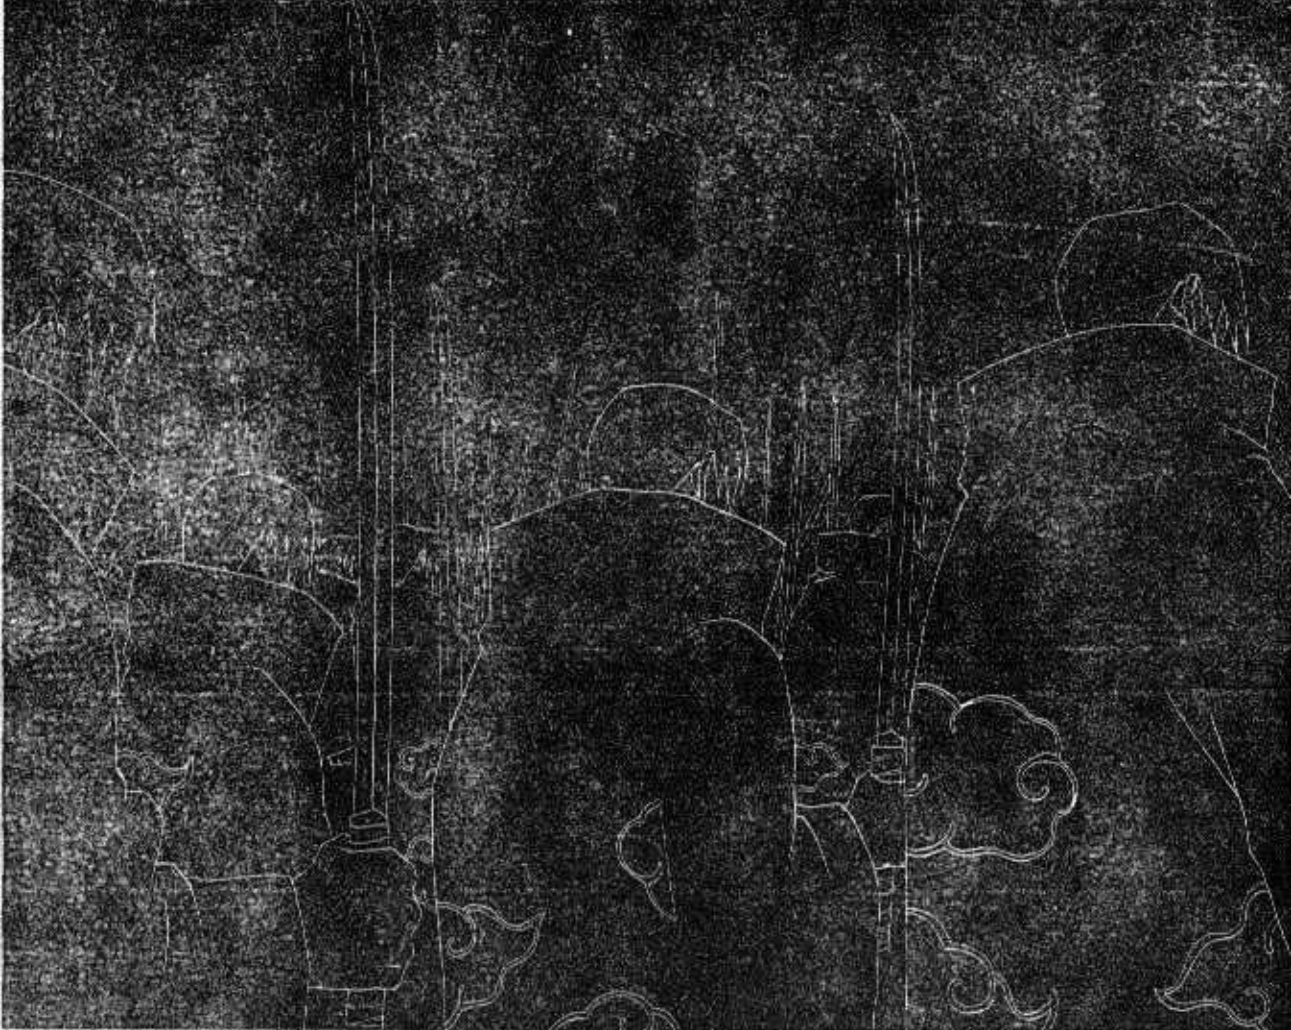

My Illsusion jutsu "tsukiyomi" cannot be Beaten!

**GUAHH
!!!!**

ズッ

GUAAHH

...!!!!

Now for 72 hours...

You will be
continuously stabbed
by these katanas.

The world of the "Grasping Moon".

All of Space.

All of Time.

Every matter.

Everything is under
my control.

Just
now...
while
our eyes
were
closed..?

what's
wrong
Kakashi
?!

While this guy
was talking you
just collapsed...

What just
Happened?!

however,
Itachi-san
you should be
careful since
the "eye" is
dangerous to
you as well...

heh... that jutsu
is used to cause
a breakdown in
one's Spirit,
isn't it?

...
Im surprised
that hes still
alive...

I see.. though it
felt like 3 days...
it happened
instantly

why didn't he
just kill me?

grr...
its not
over
yet...

イタチの放つ衝撃の一言…四代目の遺産とは!?

ISAN is something left after a person's death/inheritance/legacy/ Heritage
