This chapter of the Manhwa corresponds to Chapters 11 & 12 of the Light Novel. -Barb

ShadowBob, our Light Novel (LN) reader has some info regarding the main differences between this chapter and the LN. He says the LN is more graphic and descriptive than the manhwa. The main difference this time revolved around the wheelchair as described in Chapter 9.

Did you notice how it just kind of disappeared then "bam" it's back again? In LN, it's present the entire time. They did leave her on the swing but as Bob pointed out, swings move and she can't move her legs so... Also, the LN talks about their motives. They took her chair so their boss could "carry" the maiden to her house. I cannot roll my eyes hard enough about that. (-_ゝ)

Another thing is the manhwa had our MC suffer and get beat up. I'm going to quote ShadowBob directly here, "Our MC isn't beat silly, but rather goes ham from the start."
