ナニバー  
27: Awaken!!

Uh..

素晴らしい  
動きです

狙った急所を  
ギリギリで  
全て外されている…

Dodging all my attacks at the last second... Spectacular movement.

..move  
well.

You...

"Your body, reflexes, ability to react...  
You should already be at your limit..."

手の全ては  
もう限界のハズ...

運動機能 反射神経  
状況判断能力...

But this  
time I'll  
stop you.

"And see through it!!!"

そして見切れ!!

Concentrate...

集中しろ...

Calm down...

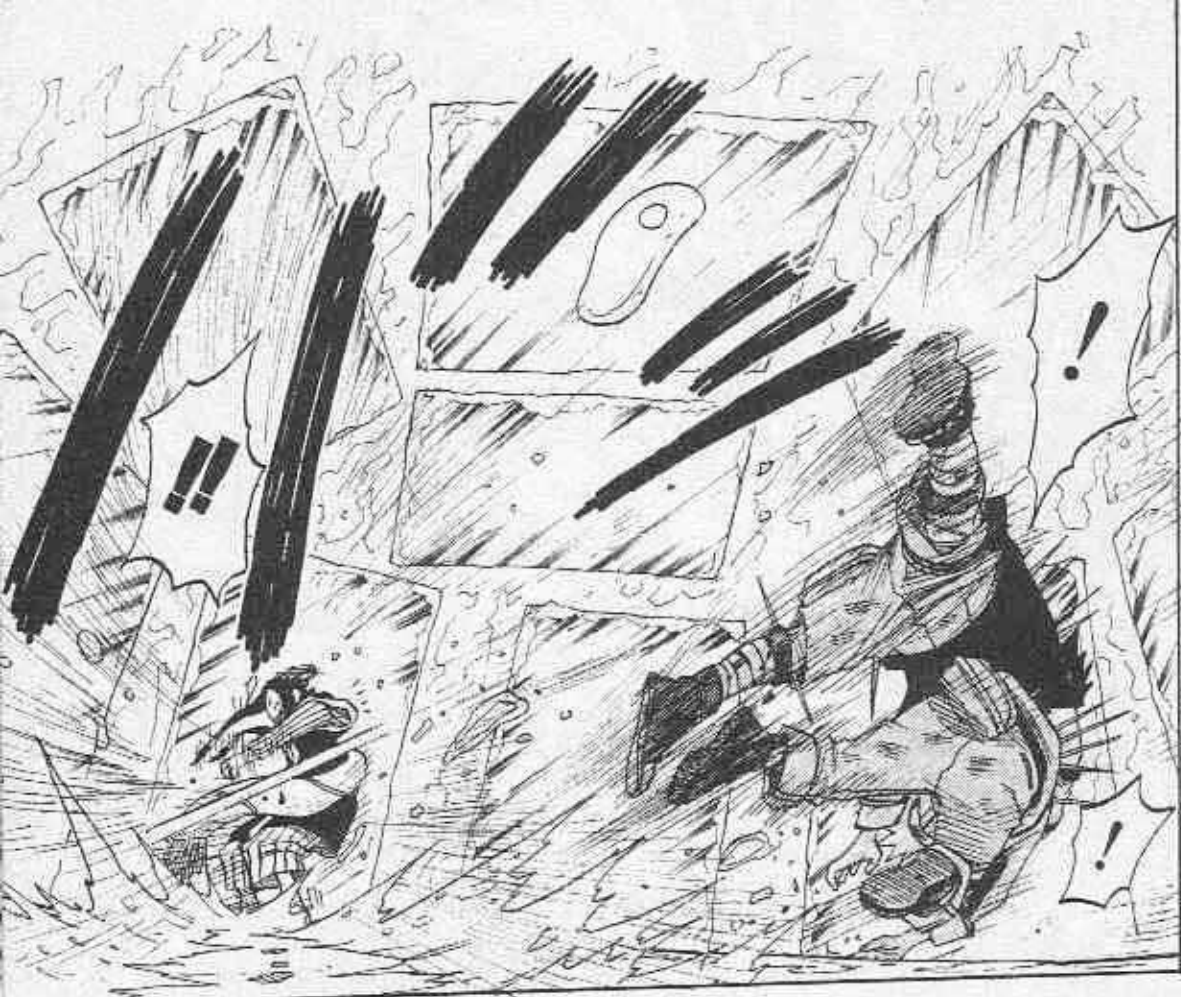

落ち着け...

He's coming!!

来る!!

I see...  
You also  
from an  
Advanced  
Bloodline..

You are...!!

Sha-  
ringen?!!

Those  
eyes...!!  
It can't  
be...!!

Haku-"What a kid.. It's not complete, but  
to awaken to that ability during battle..."

My jutsu  
uses up a lot of  
Chakra, there's a  
limit on how long  
I can keep up  
this speed.

Then I  
can't  
fight for  
much  
longer..

Just a little  
bit... But I  
can see!!

何て子だ...  
まだ不完全だけど

闘いの中でその能力を  
目覚めさせるのだて...

I'll use that  
kid to bring  
him to me.

.....  
あの子を使い  
おびきよせる

If your eyes  
are starting  
to catch me,  
then...

Attacking  
him head  
on could be  
dangerous.

Most likely  
the longer  
this fight  
goes...

! ..the better  
you will be  
able to  
read my  
movements.

This is  
the end!!

Damn!!  
Please make  
it in time!!

What? At  
Naruto?!

Kakashi  
Sensei!!

Did your desire  
to save these  
brats cloud your  
mind and make  
the mist ever  
thicker?

You were  
too slow...  
Kakashi...

ugh

..your ability  
to read my  
movements  
is dimming..

Even  
with that  
impressive  
eye...

Don't worry  
about the brats.  
Haku has  
probably killed  
them by now.

I want  
more fun  
as I return  
the favor.

Hehehe...  
Let me enjoy  
this more,  
Kakashi...

カチャッ

You can  
apologize to  
them in the  
next world for  
lacking the  
strength to  
protect  
them.

Plus I'm  
about to send  
you to the same  
place as them.

Hehe  
HA  
HA  
HA

"No wonder he's improved so quickly.."

I guess I should end this fight too...

Sakura, stay here.

He disappeared again!!

Can you hear me, Zabuza?

You seem to think I survived in this world with only the Sharingan.

Huh?  
Oh.. Yeah!!

What kind of ninja I used to be...

Not just copying...  
I'll show you my own jutsu.

I am a former member of the Anbu.  
(The Special Military Assassin Team)

How should I know

Don't die also..

My brother...  
I told myself  
I wouldn't die  
until I killed  
him...

That man..

To protect a precious person, knowing it was a trap, he was able to still jump in.

He is a shinobi that deserves respect.

He landed a blow on me and without flinching...

..died to protect you.

I'll Kill You!!!

殺<sup>ころ</sup>してやる!!!

!!
