There is a difference between hurrying and rashness

While it's true I did say that...

But there is also the saying "rushing only leads to disaster"

If we don't leave now...

You even said so...

大丈夫
I'm fine!

While we have time let's decide upon our attack pattern

Naruto! For the remainder of the battle I'll be taking Sai's place as your "Partner"

Can you come over here for a bit?

Enough with the "super strength" already!

Yeah! Sakura is our only medic ninja with super strength! So we gotta take extra care of you!

Here will do.

Gotcha

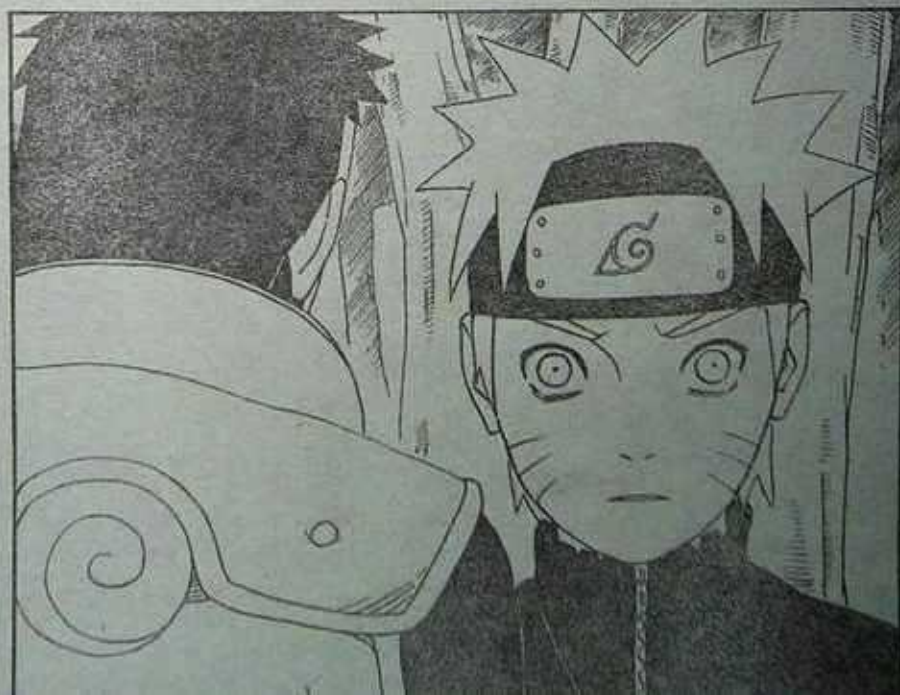

Which
we'll get
to in a
sec,
First there's
something
I need to
tell you.

Great, so
what should we
do first?
?

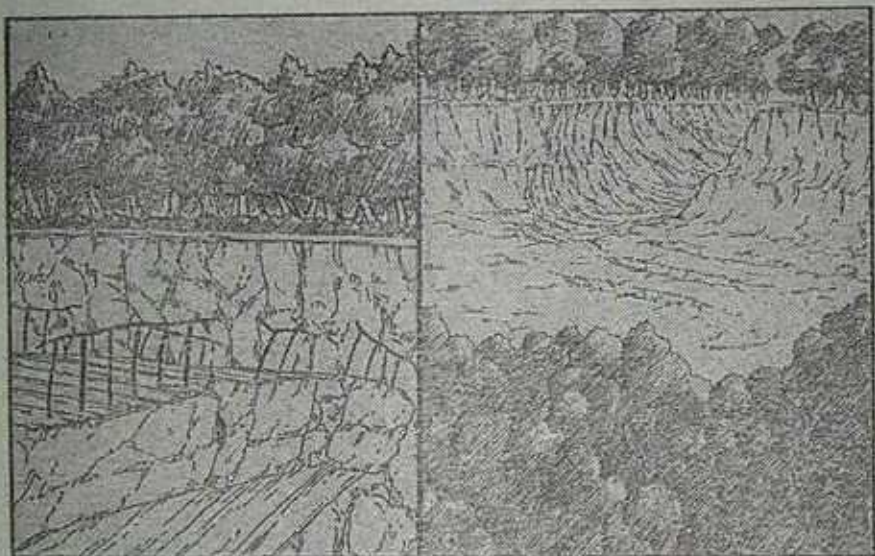

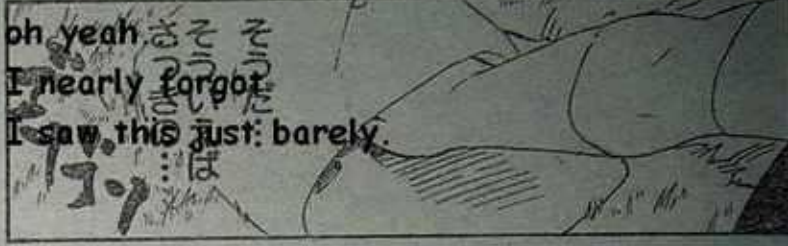

傷付けた
The one
that hurt
Sakura was
you
Naruto...
ナルトだよ

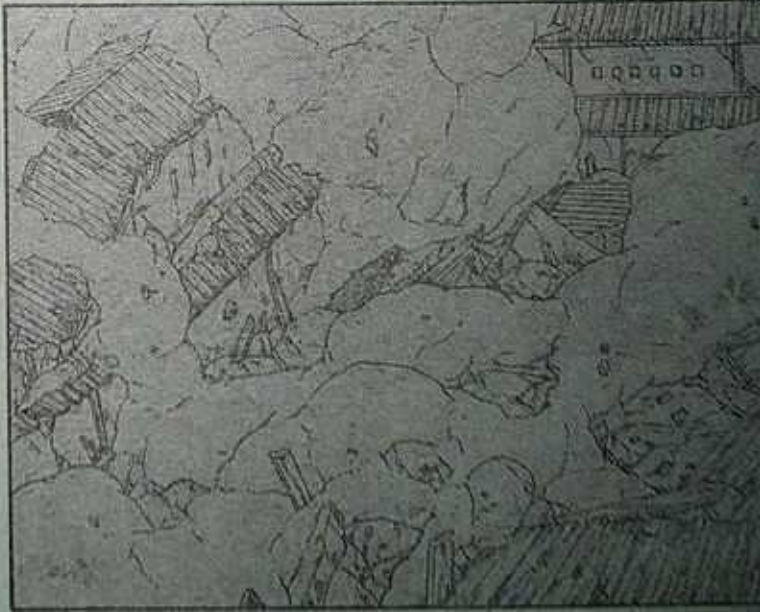

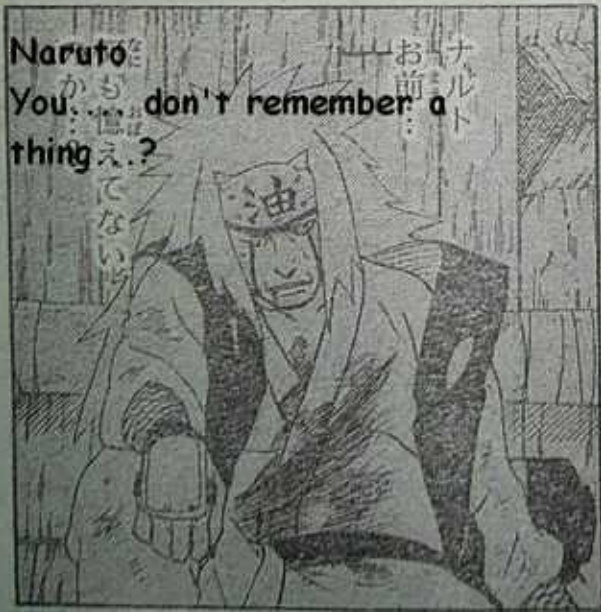

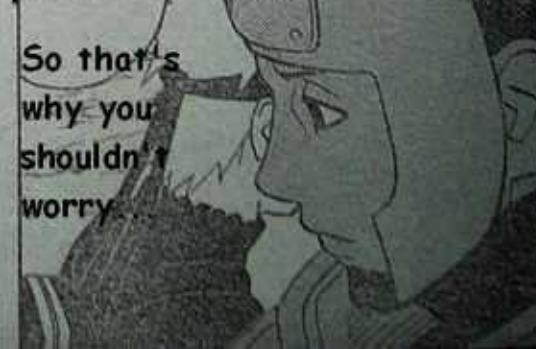

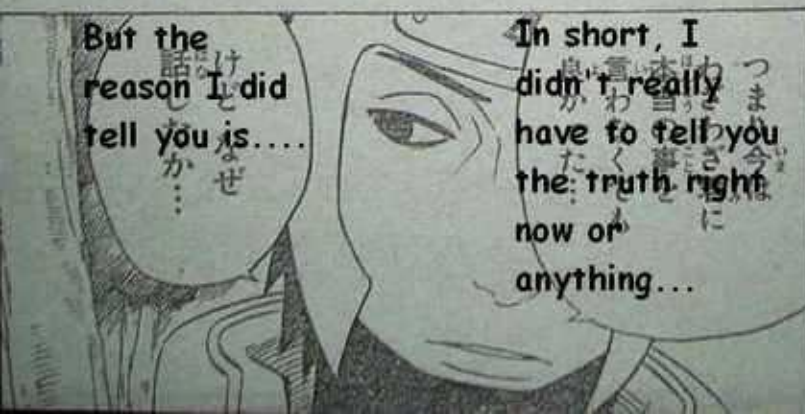

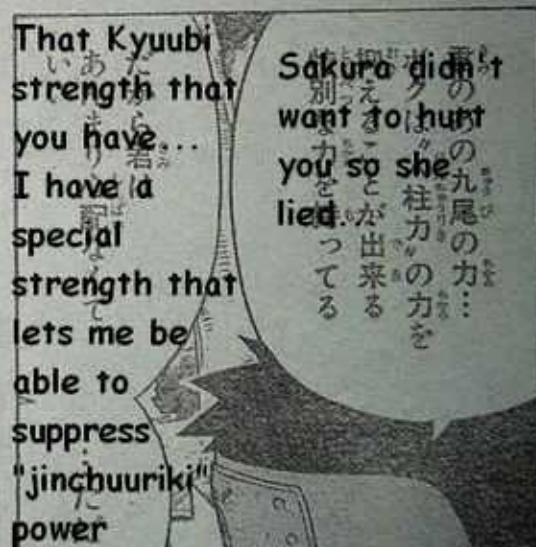

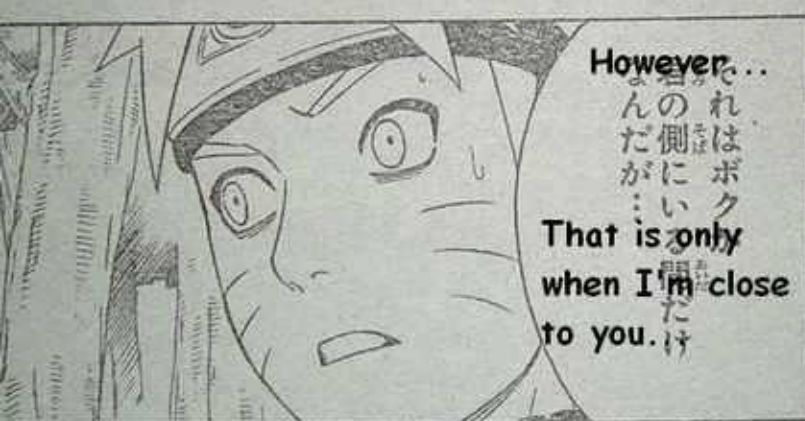

oh yeah. さそう
I nearly forgot そう
I saw this just barely. た

Naruto: おナ
You.. don't remember a ルト
thing え.? ト

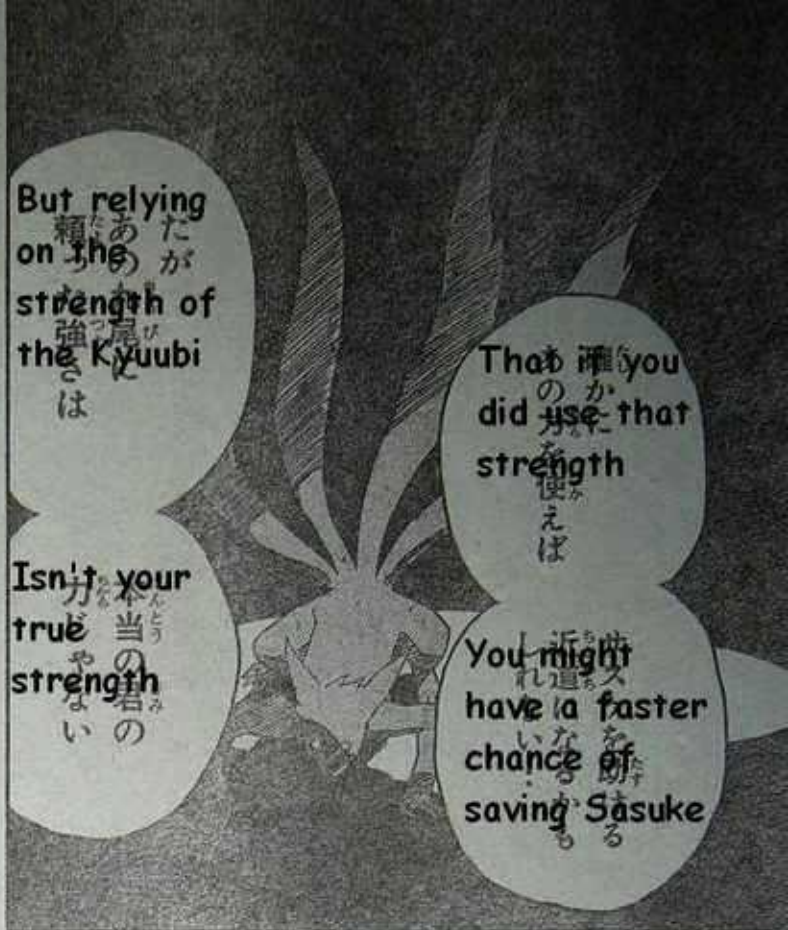

But it'll be strength that will hurt those close to you

And so if you rely on the Kyuubi Not only will you hurt yourself

ね 今回の様に

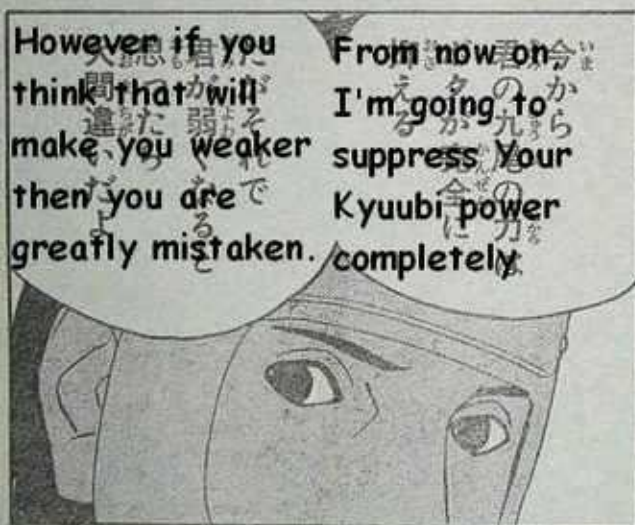

But relying on the strength of the Kyuubi

That is the strength you did use

Isn't your true strength

You might have a faster chance of saving Sasuke

However if you think that will make you weaker then you are greatly mistaken.

From now on I'm going to suppress Your Kyuubi power completely.

The reason you didn't try to stop releasing that power is because

You should be realizing that by now.

You got impatient, right?

.....

Are you sure you aren't mistaken about that?

You are strong enough to not need to rely on that strength

and the reason
you're able to
stand Ryūbi's
chakra is because
of the strength of
your own chakra.

で九^こ君^{きみ}
は尾^びの
you're no true
strength, isn't
from Kyuu's
power, う は

Not with
Kyubi's
eyes, but
your own.

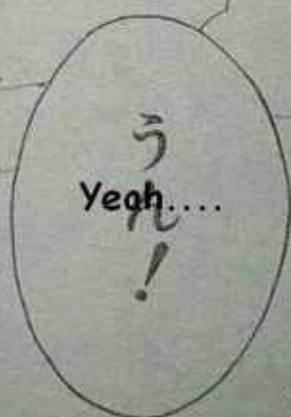

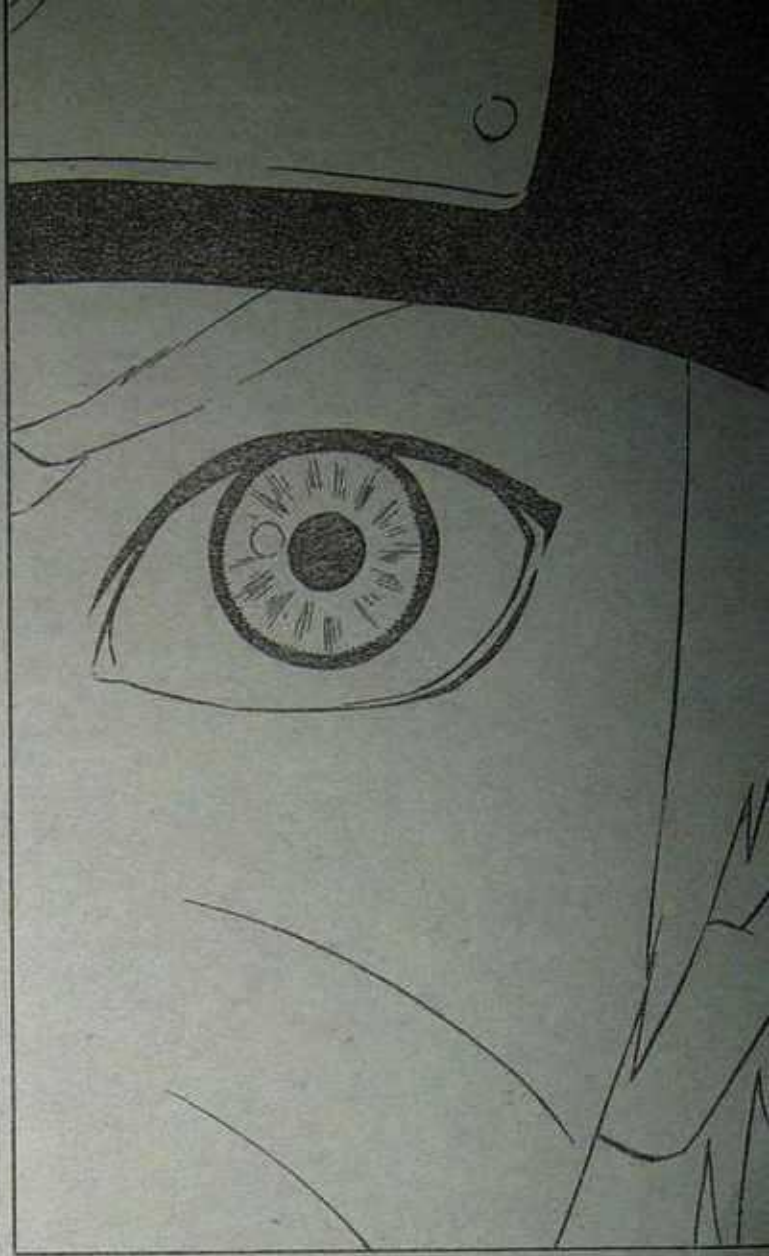

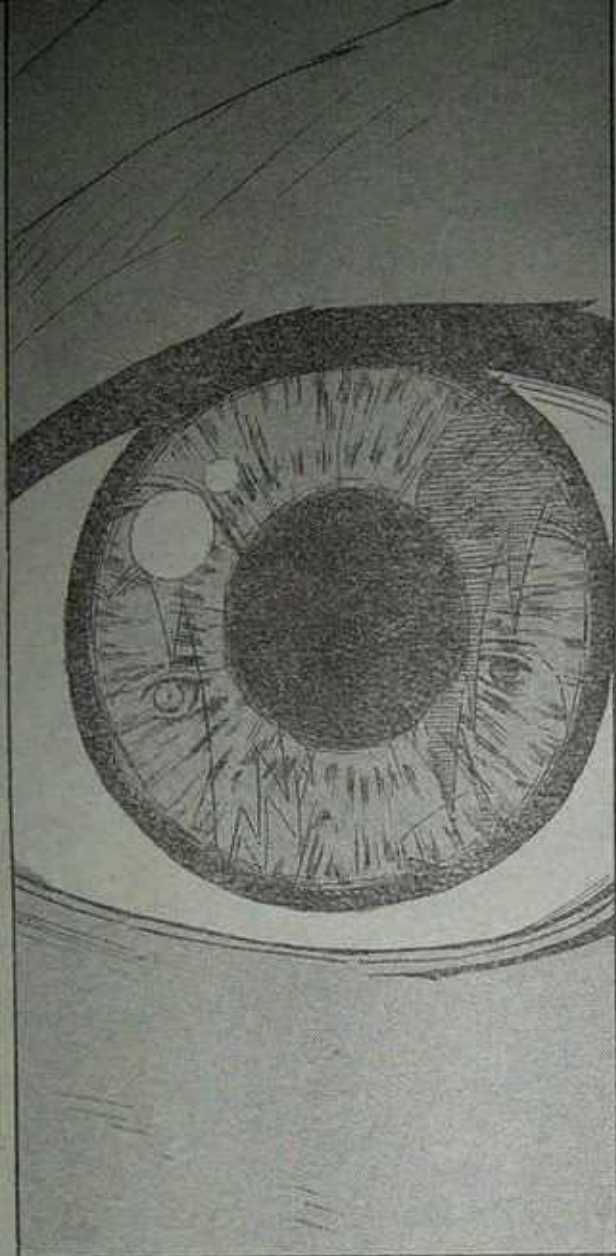

If you want to save Sasuke.

Do it with
your own
power.

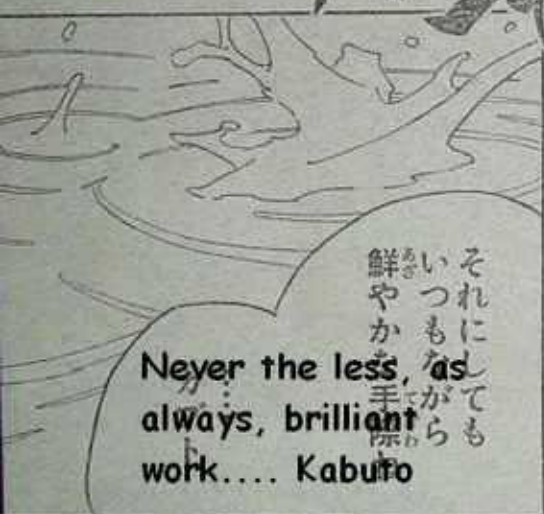

and if you really want to protect Sakura.

見しサ
That is if
you want to
truly see
Sasuke...
