Don't be foolish.

But you won't stand down, will you?

I don't want to have to kill you..

Two advantages?

I see...  
But you won't be able to keep up with my speed the next time.

Plus I've already gained two advantages.

You will now only be able to run from my attacks.

The first is the water on the ground. And the second is that I have occupied one of your arms.

What?!  
With one hand?
