Some jobs are just too tough for your average fast-talkin' high-tech gun-for-hire. Sometimes...to get the job done right...you need someone crazier than a sack'a ferrets. You need Wade Wilson. The Crimson Comedian. The Regeneratin' Degenerate. The Merc with a Mouth...

# DEADPOOL

Recently Wade decided to do something good with his life so he's traveling the country trying to learn how to be a hero.

Deadpool's path of heroism leads him to San Francisco (where the X-Men kicked his ass), New York (where Spider-Man and a monkey kicked his ass), rural Georgia (where he kicked a redneck human lightning rod's ass) and Las Vegas (where he kicked Grizzly's ass and got a real job... which kicked his ass so he quit). He then had an encounter with Johnny Blaze, the Ghost Rider (who kicked his ass), where Wade reflected on his violent past. And when he asked Johnny if he deserved to die, Johnny replied, "Yeah." Looks like Deadpool's quest to be a hero hasn't been going so well...
