# SPIDER-MAN '98!

A true hero at heart, Spider-Man has dedicated his life to preventing injustices against the innocent.

Meet Peter Parker, once a brilliant, though meek, high school student, orphaned as a child and reared by his doting Uncle Ben and Aunt May. At a science fair, Peter was bitten by an irradiated spider and gained the proportionate strength, speed, agility and early warning "spider-sense" of that arachnid. He used these powers for personal fame and fortune as a masked Spider-Man. But when Peter failed to stop a criminal who later killed his beloved Uncle Ben, the youth's costumed identity took on a far deeper significance. He realized that with great power there must also come great responsibility. So Peter Parker became the wall-crawling nemesis of the criminal element; a young man determined to atone for the tragic death of his uncle — The Amazing Spider-Man!

## DEVIL DINOSAUR

A highly intelligent reptile from the Earth of an alternate dimension. His scaly hide was turned red when he was attacked in his youth by torch carrying cave men who severely burned him. Devil has traveled to our Earth on several occasions through means of an interdimensional warp that exists in a pit on his world. He currently resides on our Earth with his companion in peril Moon Boy.

## MOON BOY

A member of one of the humanoid races of Devil Dinosaur's Earth called "small folk." Moon Boy aided the huge red reptile years ago and cared for him until the saurian's return to full health. Devil and Moon Boy have adventured together ever since.

## RINGMASTER

Maynard Tiboldt inherited a small circus from his murdered parents in Europe. But upon bringing his show to America, Maynard discovered that such a small circus could not hope to compete with larger troupes. A bitter man, Tiboldt turned his enterprise into a "circus of crime" with himself as the Ringmaster. Now, they travel from city to city, where Maynard hypnotizes the patrons with his mind-controlling device while his larcenous performers fleece the helpless audience which remembers nothing once they emerge from the trance. The Ringmaster has been defeated by Spider-Man on numerous occasions.

# THE AMAZING SPIDER-MAN

Devil Dinosaur and his young companion, Moon Boy, were taken from the prehistoric Earth of their dimension and deposited on our world due to some spatial anomaly.

Now Devil and his hirsute companion are being studied by scientists whose curiosity has been intensely aroused by the appearance of these strange beings in our midst...

## HOW TO START THE MOTHER OF ALL WARS

{or why deception, cruelty and betrayal are your friends}

To start "The War of the Lions," you must use bold strokes. Regicides, double-crosses, violations of queens, good options all. Whatever your plan, once begun, a war of this magnitude is not to be trifled with. This is a brutal conflict of epic proportions, where each hallowed victory brings you closer to the very heart of darkness. Battle after battle, you will command your fighting party across magical lands protected by hostile forces. You will need the help of the bravest warriors, as well as armor, weapons, intricate battle plans and magical spells. Be ruthless. Be clever. Or be dead.

## TRAINING AN ARMY

{or how to ensure the biggest, baddest, meanest SOBs are on your side}

In Final Fantasy Tactics, you are Ramza, a young squad leader and an ally of Princess Ovelia. It's up to you to lead an elite fighting squad of your own choosing into battle. You must train them to be powerful Black Mages who can cast magic spells, Summoners who can awaken terrible beasts,

Wizards, Ninjas, Bards, Archers, Thieves and more. There are 19 fighting classes and 400 abilities to master. If you go into battle ill-prepared, may the enemy make the blood run from your heart.

## EFFECTIVE BATTLE STRATEGIES

{or further discussions from the annals of shoot first, ask questions later}

As the ancient history of warfare reveals, you will survive if your battle strategy is strong, and perish if it is not. You will lead the charge through impressive lands trying to gain the best strategic positions in forests, castle ramparts, swamps and valleys. You can buy and sell equipment, hire new soldiers and plan glorious battle strategies. May you conquer the enemy or may you die trying.

## In Memoriam

**I**t is with great regret that we note the passing of editor/writer ARCHIE GOODWIN, who died last March after a long battle with cancer. Undoubtedly one of the most talented and nicest guys in the comics industry, Archie spent the last decade as a senior editor and writer for DC Comics. Before that, he had a long, successful tenure at Marvel, where he served as a writer, editor, and ultimately, Editor in Chief. During his time with Marvel, Archie had written virtually every title we published at the time, most notably THE INCREDIBLE HULK, STAR WARS, SPIDER-WOMAN and IRON MAN. Among his many other accomplishments, Archie was responsible for overseeing our legendary science fiction/fantasy magazine, EPIC ILLUSTRATED, and launching our groundbreaking creator-owned imprint, Epic Comics, for which he gave such fondly-remembered titles as JIM STARLIN'S DREADSTAR their start and developed the acclaimed SHADOWLINE group of titles. The entire comics industry undoubtedly feels the loss of this great talent, and we at Marvel send our condolences to Archie's family and friends.

**ITEM!** Move over, Jackie Chan – we've got a *real* martial arts master here! From the pages of HEROES FOR HIRE comes IRON FIST, the Living Weapon, who returns to solo action next week for the first time in years, in his own hard-hitting limited series! The three-issue epic finds DANNY RAND being contacted by a mystery super-villain, who claims to be holding DANNY's long-lost sister hostage! The villain demands that DANNY break into a S.H.I.E.L.D. facility to steal the all-powerful SCORPIO key! But that's just the *beginning* of an adventure that finds ol' Fisty traversing the globe on a mission of international intrigue that would have JAMES BOND crying "Uncle!" IRON FIST is brought to you by writer DAN JURGENS, who is currently knocking your Midgardian socks off in our all-new THOR mag! The butt-kickin' art is provided by JACKSON GUICE and SCOTT KOBISH. If you've ever seen Jackson's stunning work on such titles as MICRONAUTS, IRON MAN, and S.H.I.E.L.D., you already know why we call him "Action" Jackson!

**ITEM!** Break out the pumpkin bombs and gas up the bat-glider! The original HOBOGLIN – one of the most dangerous foes SPIDER-MAN has ever faced – returns next week in SPECTACULAR SPIDER-MAN #259, along with his co-creator, ROGER STERN! We found out Hobby's true identity last year in the HOBOGLIN LIVES limited series, but the story didn't end there! Nope, Hobby now wants out of jail, and he launches a devious plan to gain his freedom! How does NORMAN OSBORN fit into this scheme – and will it culminate in the first-ever showdown between the original Hobgoblin and the original GREEN GOBLIN? Looks like our favorite wall-crawler will have his hands full in this three-part saga that brings Rollickin' Roger together with new regular SPECTACULAR scribe GLENN GREENBERG and artists LUKE ROSS and AL MILGROM!

**ITEM!** Think you've seen every possible WOLVERINE/SABRETOOTH battle? Think again, bub! Next week, CHRIS CLAREMONT and LIENEL FRANCIS YU bring you a CREED/LOGAN slashfest like you've never seen before in WOLVERINE #126! It's the most painful day of Wolverine's life, and just when it seems his luck has run out... that's when SABRETOOTH attacks! (When Mutants Attack... sounds like one of those Fox TV specials!) The twist? This time, SABRETOOTH has gained an unbeatable edge, and he's determined to make this Logan's last day on Earth! If Wolverine's not careful, he could find that he's an endangered species!

## STAN'S SOAPBOX!

### Hi, Heroes!

**H**i hate to complain, but something's bugging me. I know it's not your problem, but there's no one else I can lay it on! It has to do with No-Prizes. Y'see, I've been giving them away for years, generously, happily, unselfishly. But, it suddenly occurred to me, since I'm the only one who gives 'em out – there's nobody who can give one to *me*! So, for the first time in history, I'm gonna break with tradition. Here and now, with you as my witness, I take great pleasure and pride in awarding a convertible, turbo-charged, eight cylinder No-Prize to – *myself!* Can't say any more about it now – it's hard to speak when blinded by tears of joy!

**S**o, while I dry my eyes, let's tackle this question from Terence Connors of Rochelle Park, NJ:

*"I read somewhere that Uncle Ben and Aunt May Parker first appeared in STRANGE TALES #97, not in AMAZING FANTASY #15. Is it true? If so, what was the story about?"*

**H**ey, Terry, I was too brainless to save those old comics, so I can't look up STRANGE TALES #97. But I do know for sure that I first created the names Aunt May Parker and Uncle Ben Parker for Spidey in AMAZING FANTASY #15. So if those names, or anything similar, were used in STRANGE TALES, it's just the mother of all coincidences!

**H**ere's one that needs a prophet, from Adam Manton of Chicago Heights, IL:

*"With all of today's technology, like computers and stuff, do you think comic books have a future?"*

**Y**ou know it, Adam! They'll have a future as long as people can read. And I'll hand over the brand new No-Prize I just awarded myself to anyone who can prove me wrong!

**R**obert E. Grover of Amherst, MA, has a query that really made me think for a while:

*"If you could take the writing helm of any Marvel title, which would it be and in what direction would you go?"*

**I**'d probably get a kick out of tackling one of the "smaller" titles, one that isn't presently on the best-seller list. You see, I feel that all our characters carry the seeds of greatness; they just have to be harvested correctly. It might be fun to write THE PUNISHER or GHOST RIDER, to name a couple. As for how I'd do it – it's too dangerous to tell! You see, the competition pores over each Soapbox column with a fine-tooth comb. You wouldn't want me to give away any writing tips, wouldja, Bob? Or, maybe your name *isn't* Bob! Maybe you're a double agent! Wow! Lucky I didn't divulge any of Marvel's countless super secrets!

**F**inally, this one comes from Ed Budlowski of Bridgeport, CT:

*"When your super characters cause property damage, who pays for it?"*

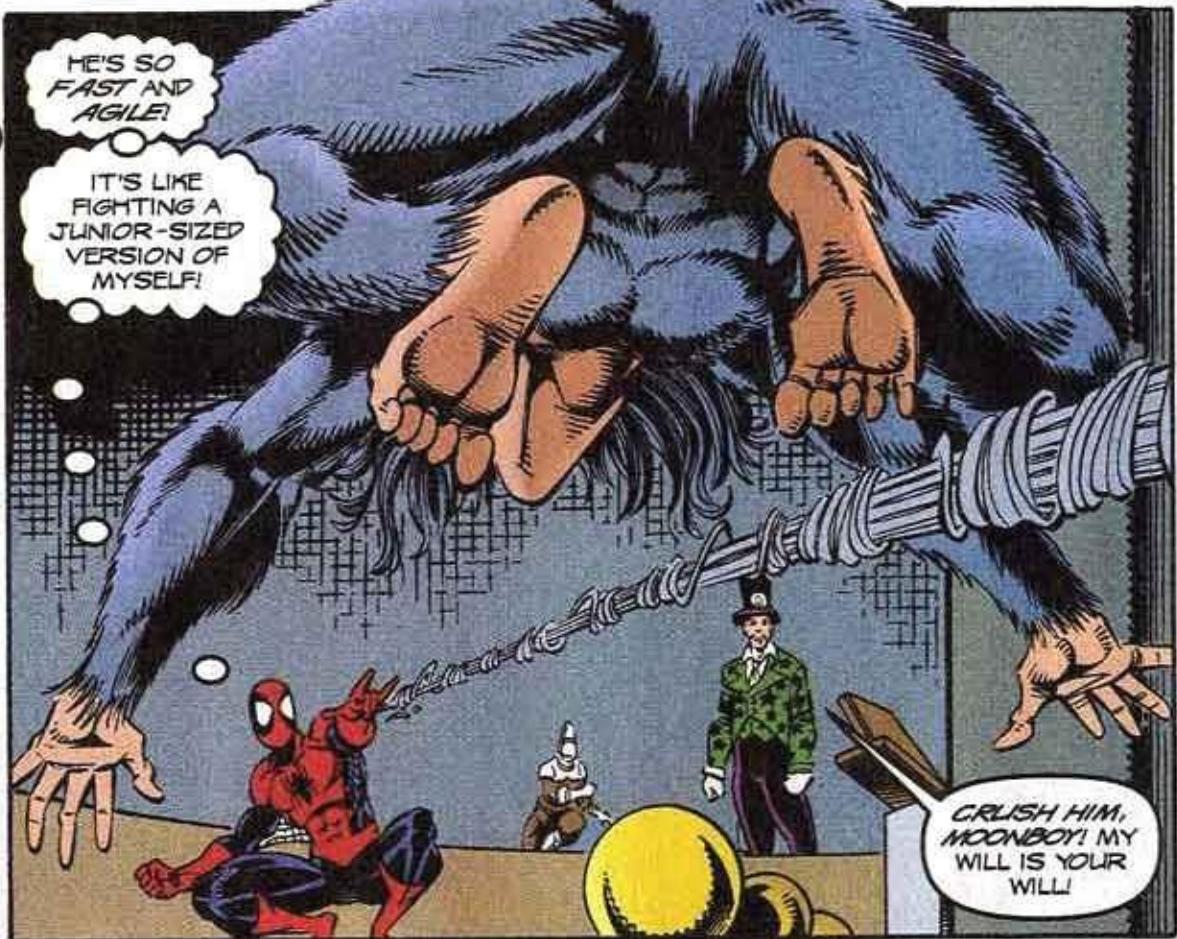

**Y**ou do! We just raise the price of the comic! Forgive that one, Ed – it's been a long, tough day!

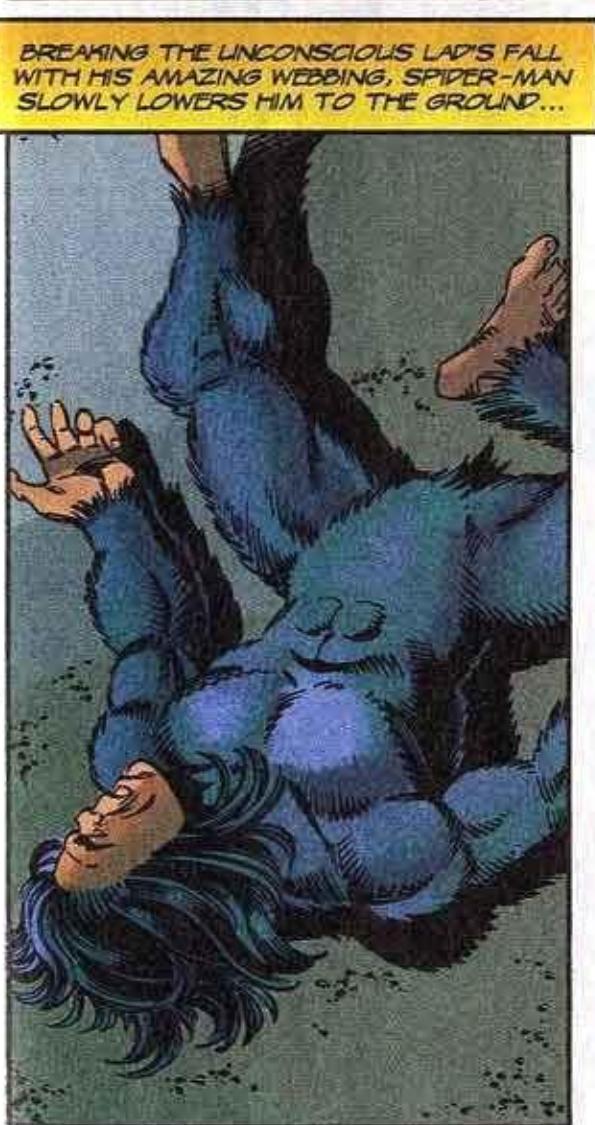

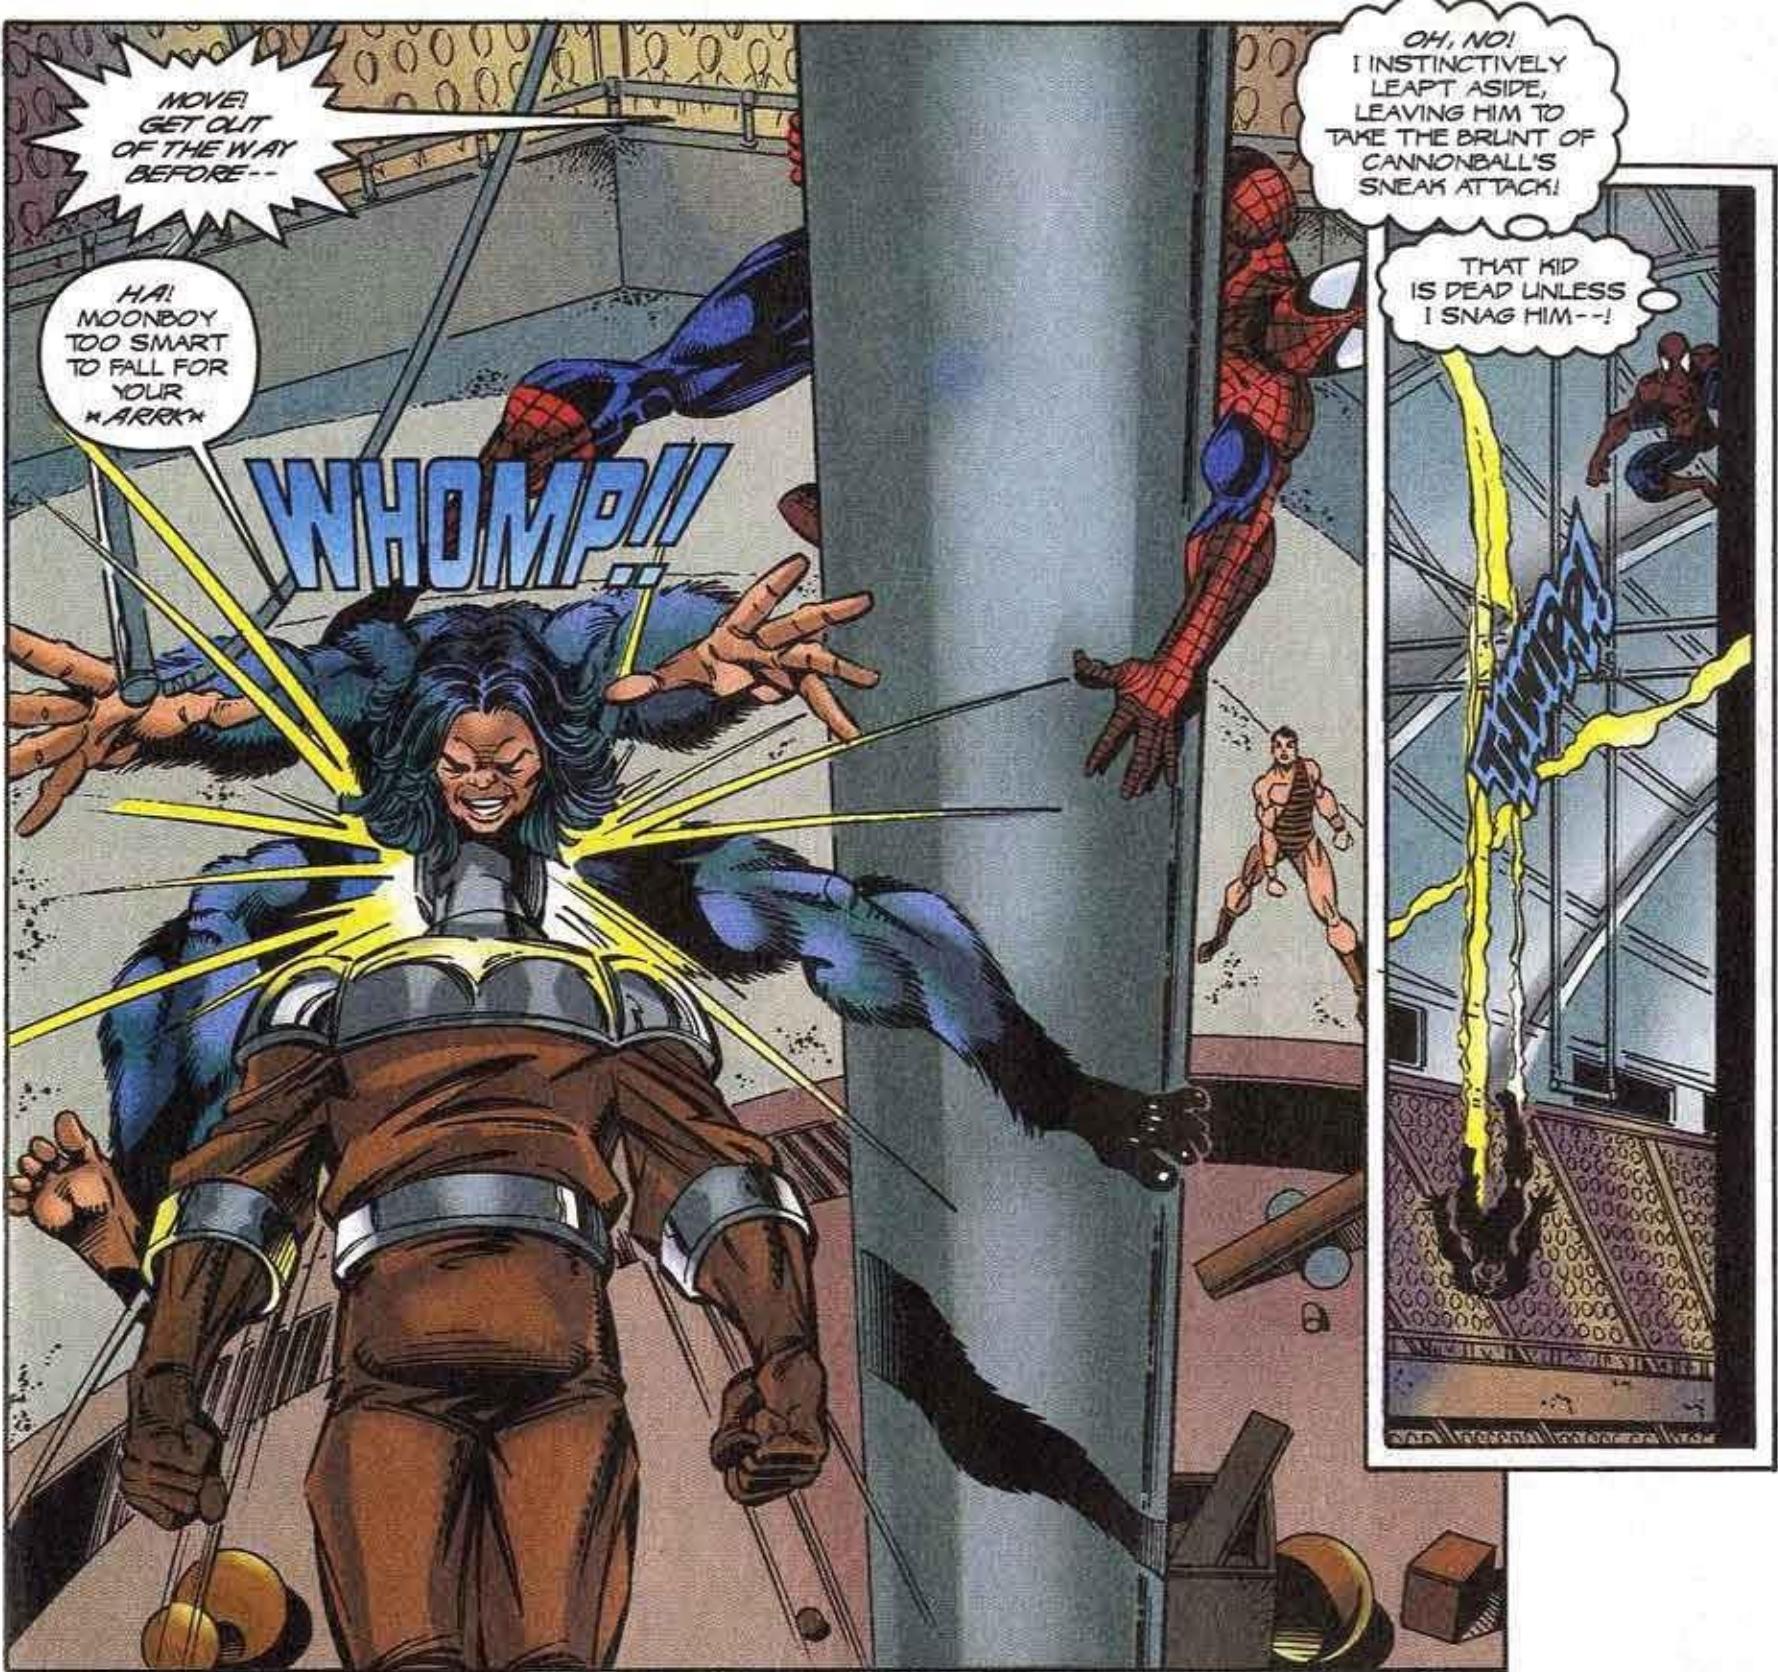

**Y**ou too can win comicdom's most sought after award – your very own No-Prize, suitable for framing or gift-giving! Here's all you've gotta remember: Our E-mail address is stanzfanz@aol.com, or send your letters to "Stan's Soapbox", c/o BULLPEN BULLETINS, Marvel Comics, 387 Park Ave. South, New York, NY 10016. Hey, if we made it any simpler for you, we'd be writing your questions ourselves! (Hmmm, not a bad idea. We could make sure they're easy ones!)

Excelsior!
