FACE THE HORROR BEHIND THE GLASS!

~~HECK'S
HELL'S ANGELS~~
PART 4

DEMON IN THE BOTTLE

All right... let's see what we've got.

I'm in some sort of bizarre pseudo-70's hell--as if the period wasn't considered hellish enough--

--run by a nut named Dante who, in turn, serves a sentient lava lamp calling itself Dis.

Meanwhile, Young Justice is also here, but they're enslaved by telepathic monkeys.

Great--I'm suddenly becoming nostalgic for Gorilla Grodd.

Okay... let's handle one problem at a time.

IF I can encompass all of him with a telekinetic blast, I should be able to drive him back into his bottle...

All right... so far, so good. I'll never be able to hold him there...

...but I shouldn't have to. My Flame vision can melt down and Fuse the glass, and that should keep him squared away.

I hope.

FOOLISH EARTH-BORN-- YOU'VE NO IDEA WHAT YOU'RE FACING! THIS... IS DIS! THIS IS THE UNDERLORD, THE INCARNATION OF PURE EVIL!

YOU GO RIGHTON BELIEVING THAT, DANTE.

But I know better. I've met an underlord... Satanus.* And when I did, I got a... a "read" off him. A feeling I can't describe. But I'm getting nothing like that off Dis. Whatever he is, he's a different creature altogether.

Actually, I have absolutely no idea what's going on.

All I know is that he's freezing up, just as my wings did...

...but this time, the results are even more catastrophic.

My... my God. He's cracking completely apart! He's...

He's dead. I... I can sense it. He's done for.

I don't get it. What in the world just happened?

WOW!
