A giant dragon  
made of  
"C-2", but  
what IS that?

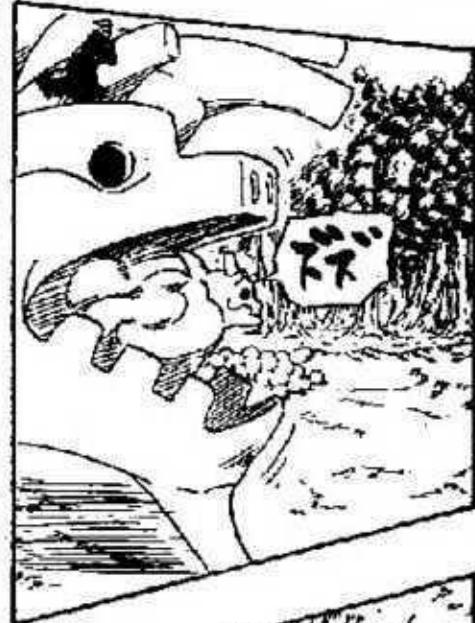

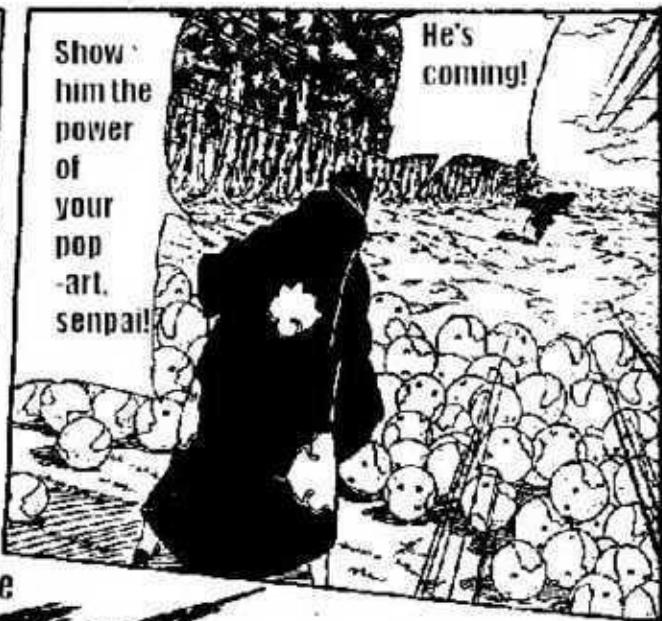

SFX: Twitch twitch

**And what is this jutsu?!**

SFX: KABOOM

Where's the other one?!

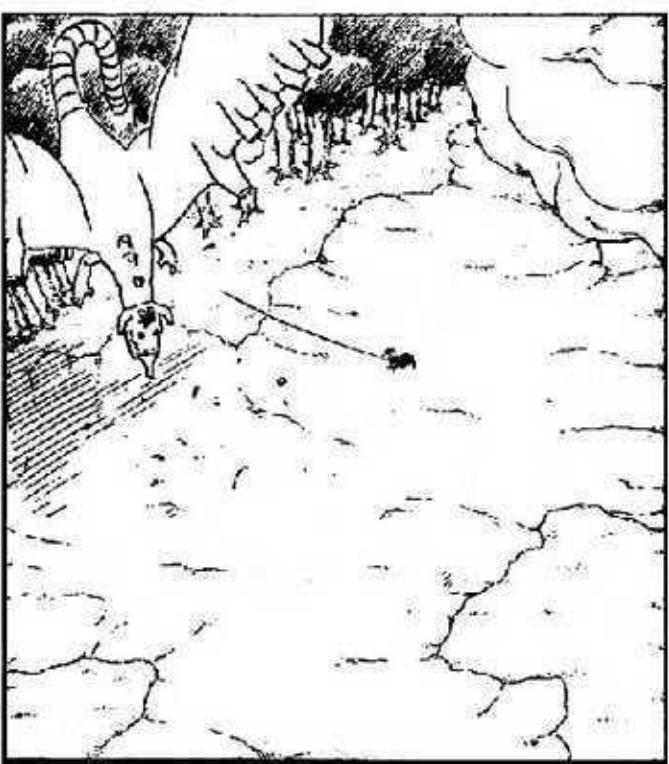

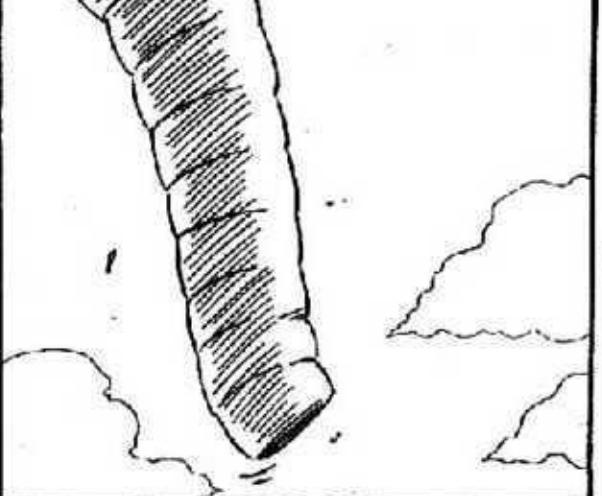

Whatever.  
I need to  
get him  
first.

SFX: Dash

He was only  
able to  
extend it  
about 5  
meters...

That was  
Kakashi's  
attack! I'll  
give you  
credit, users  
share  
manipulation  
to stretch and  
thrust it  
is pretty  
creative!

He's a long-range fighter... and he's probably figured out my range...

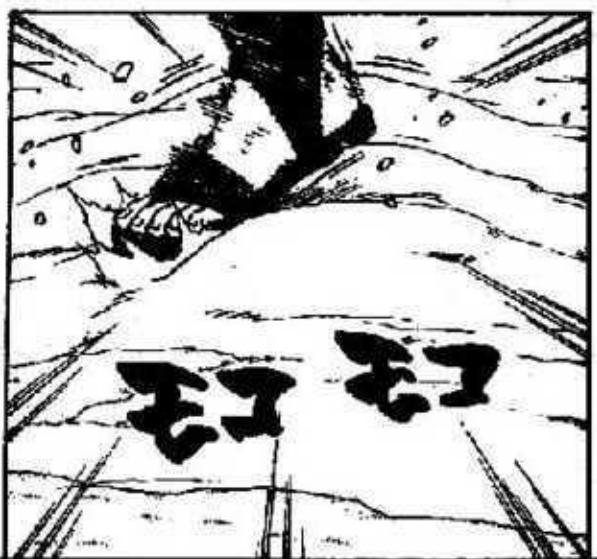

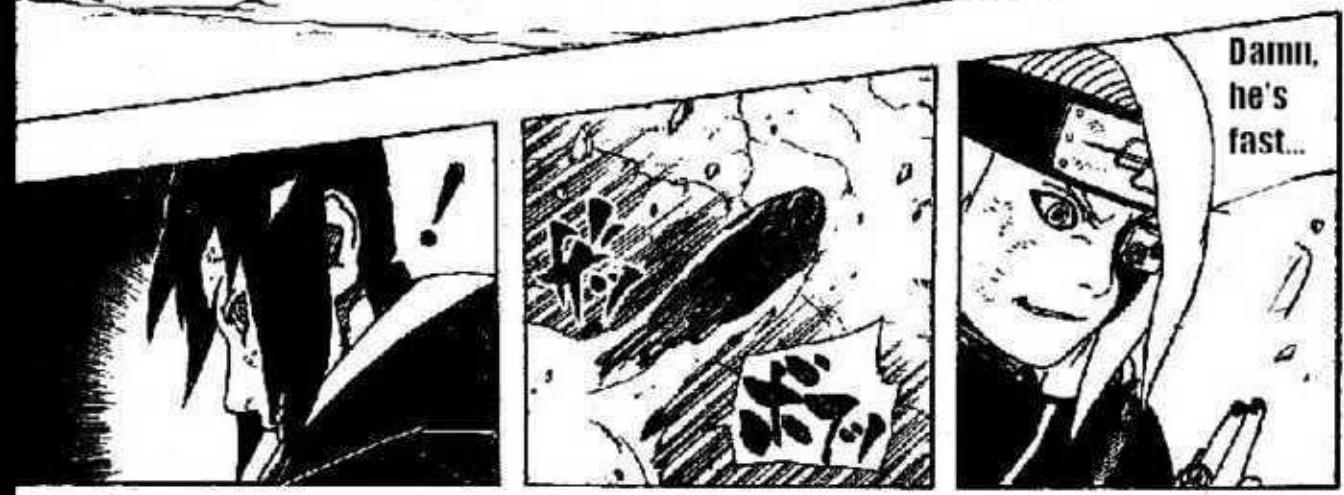

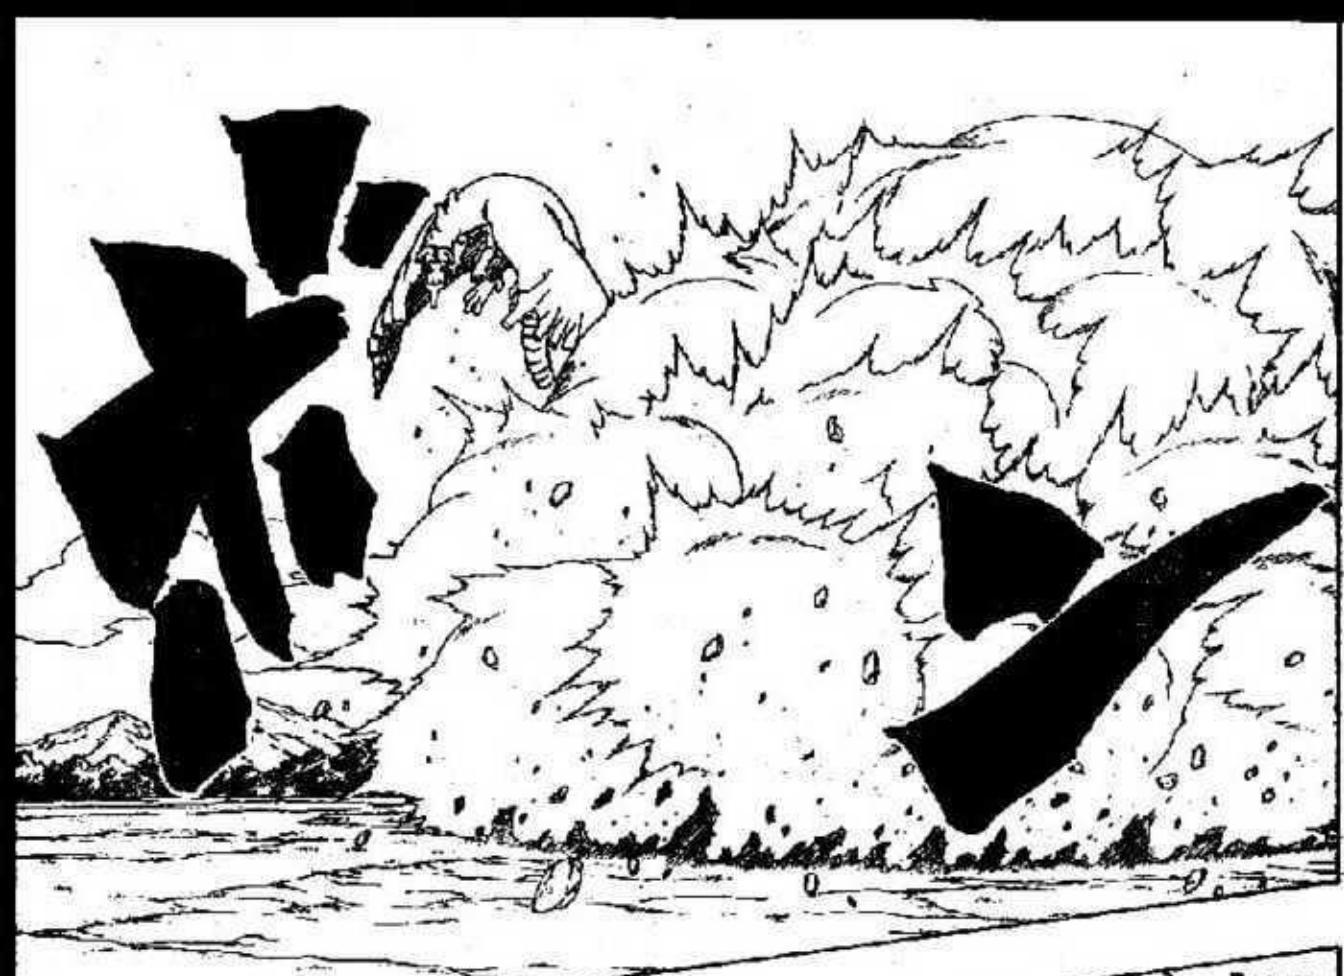

They're gonna pack a REAL punch this time!

SFX: Squish

I don't care how strong your defenses are. This time you're going flying, mmm!

Did I get  
him...?

SFX: BLAAAAM

I'm done laying your clay mines! Everything's all set!

Orochimaru's Cursed Seal, eh...he's even got wings.

He must've dodged it by flying upwards

SFX: Crack crack

Yes sir!

Nice work, Tobi. Get outta there.

one wrong step will blast you into the stratosphere.

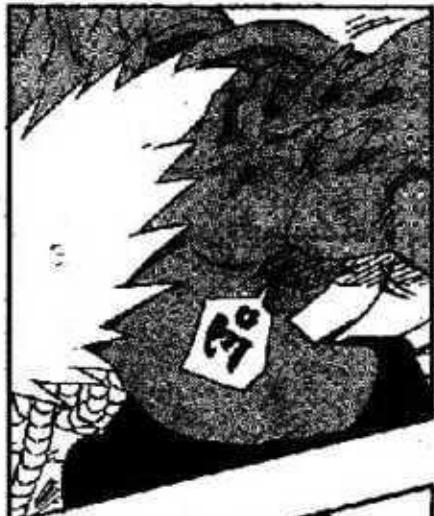

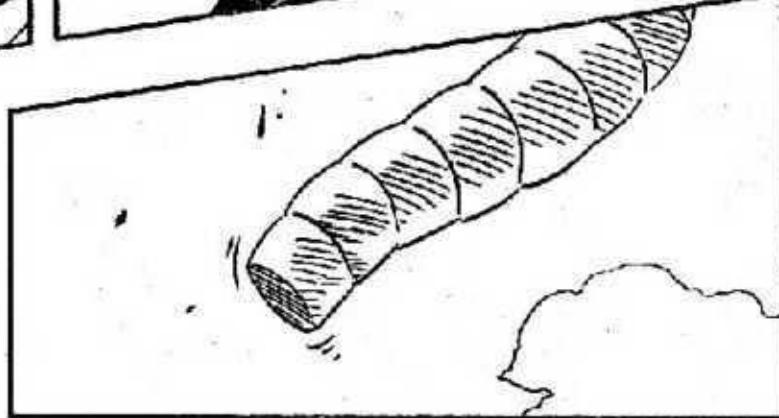

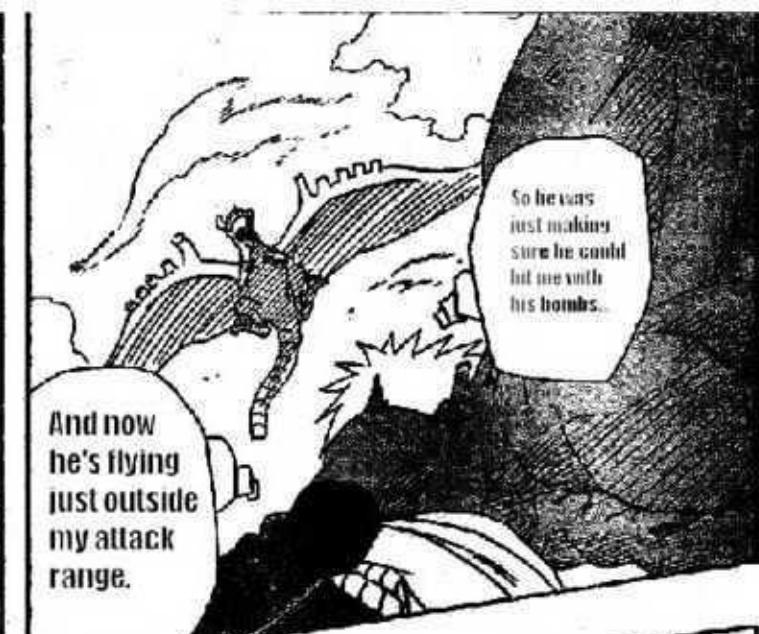

Now that we've got you surrounded.

That beautiful combination is what we've been setting up.

My O-2 can box you in with land mines and lock on for air-to-ground attacks.

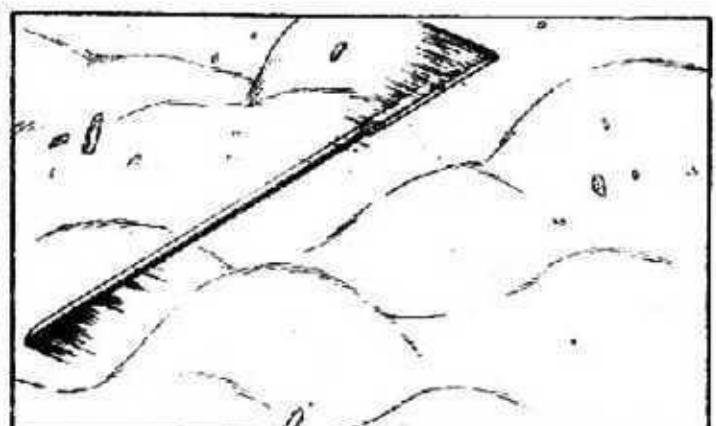

Guided bombs from above and land mines in the ground...

I'm  
clipping  
your wings  
right now,  
you little  
bastard!

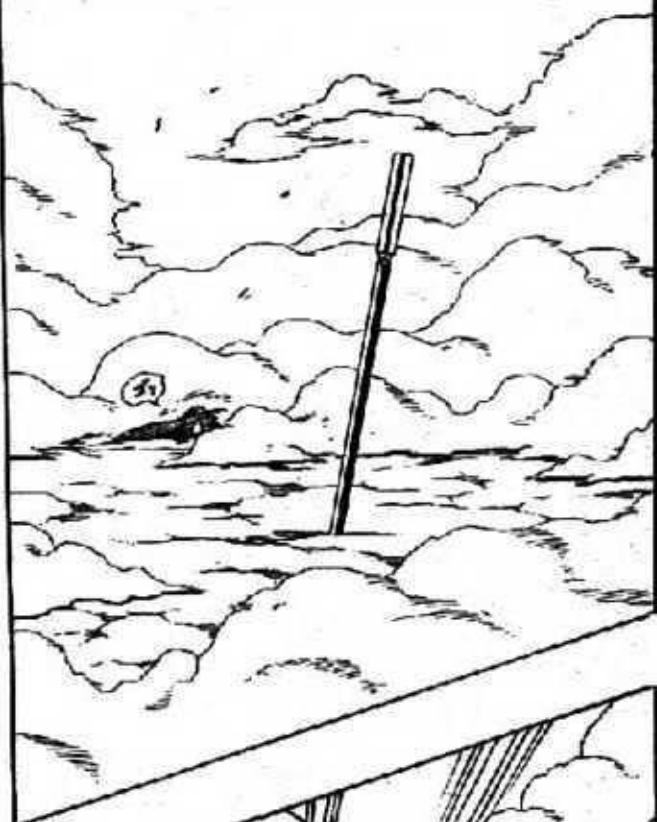

Guarding with  
those wings  
cost you...

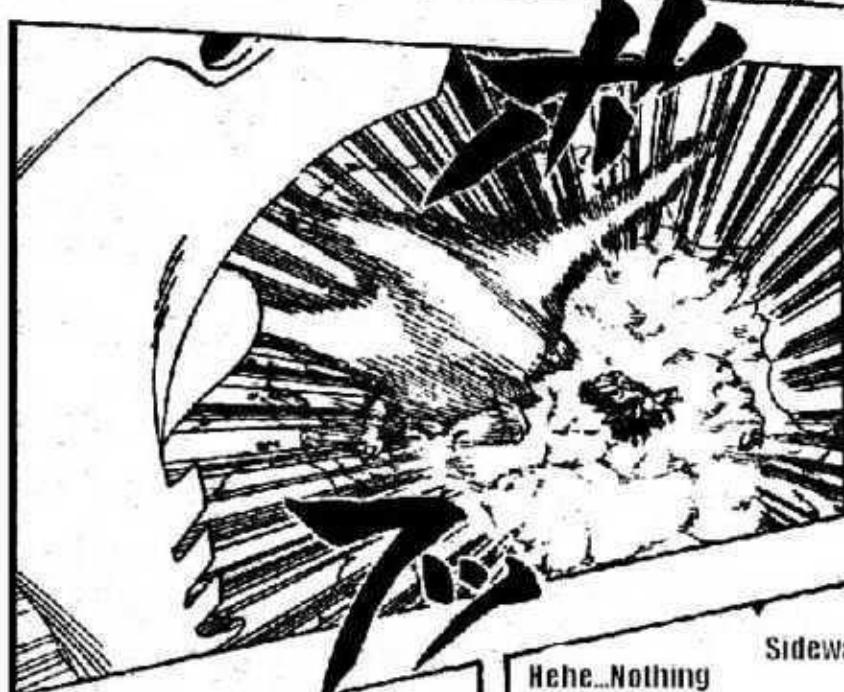

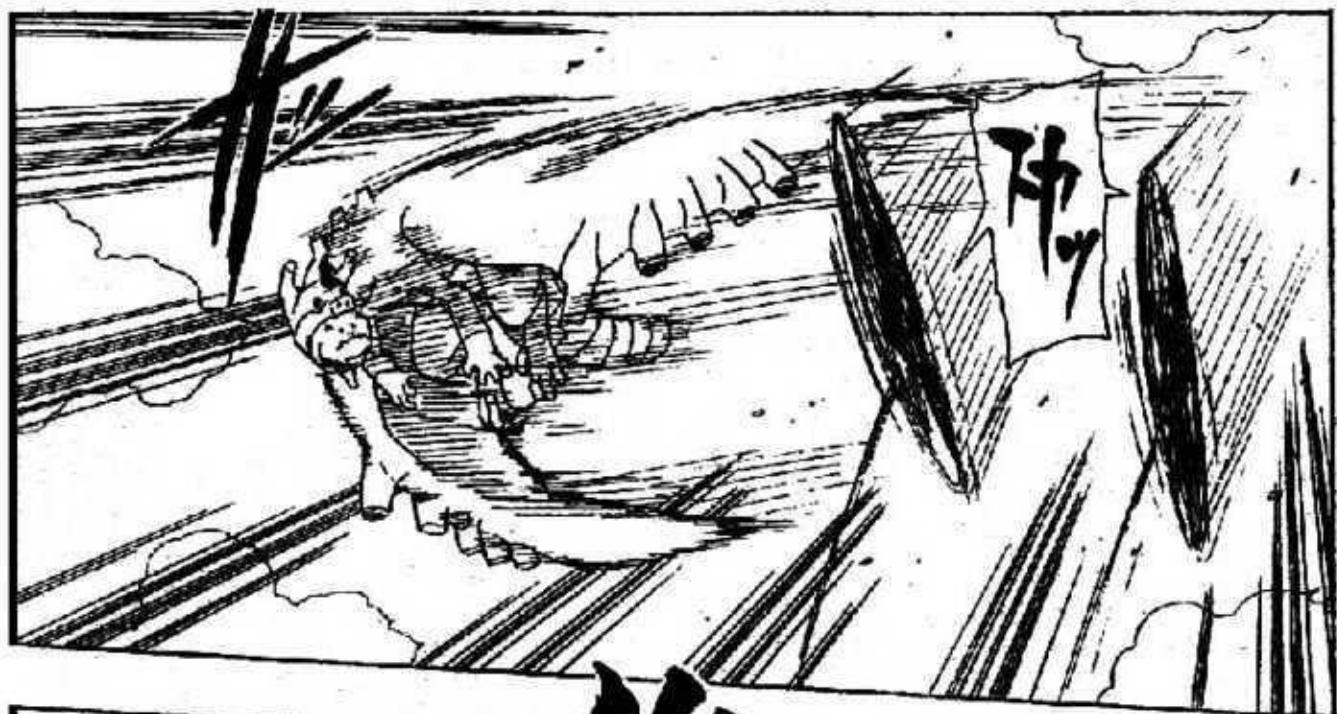

You can't fly  
anywhere with  
just one...  
heheheh...

SFX: Gurgle

Time to  
end this...  
mmm.

You're resorting to pathetic attacks like that?! You insult me!

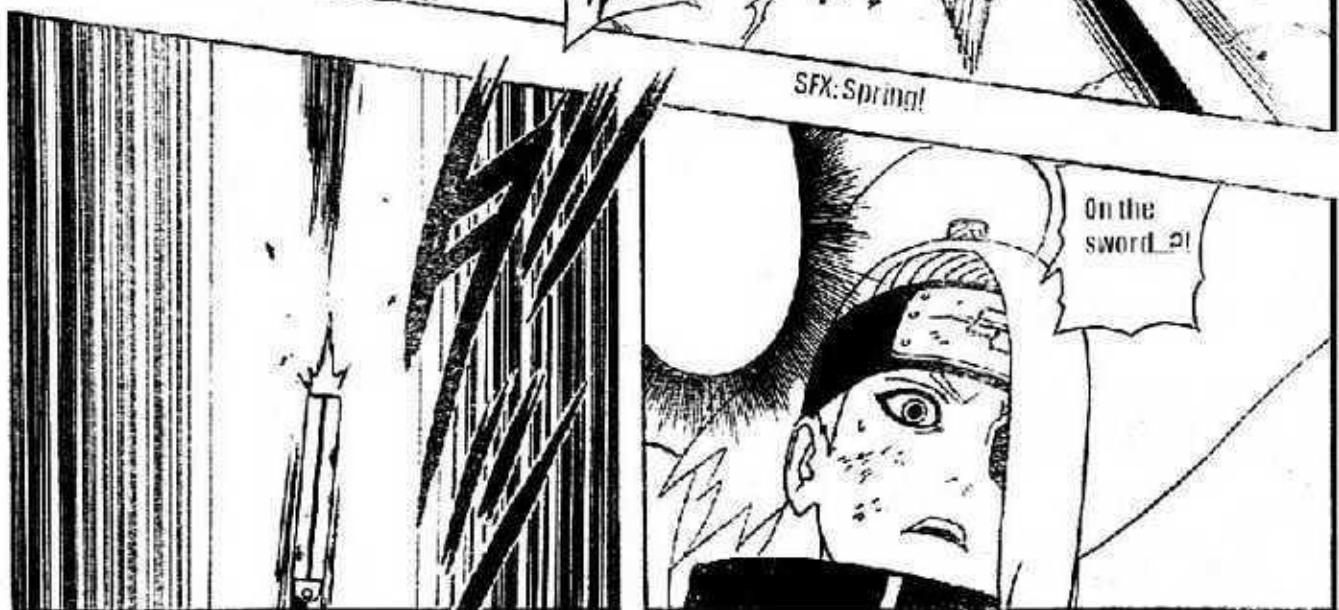

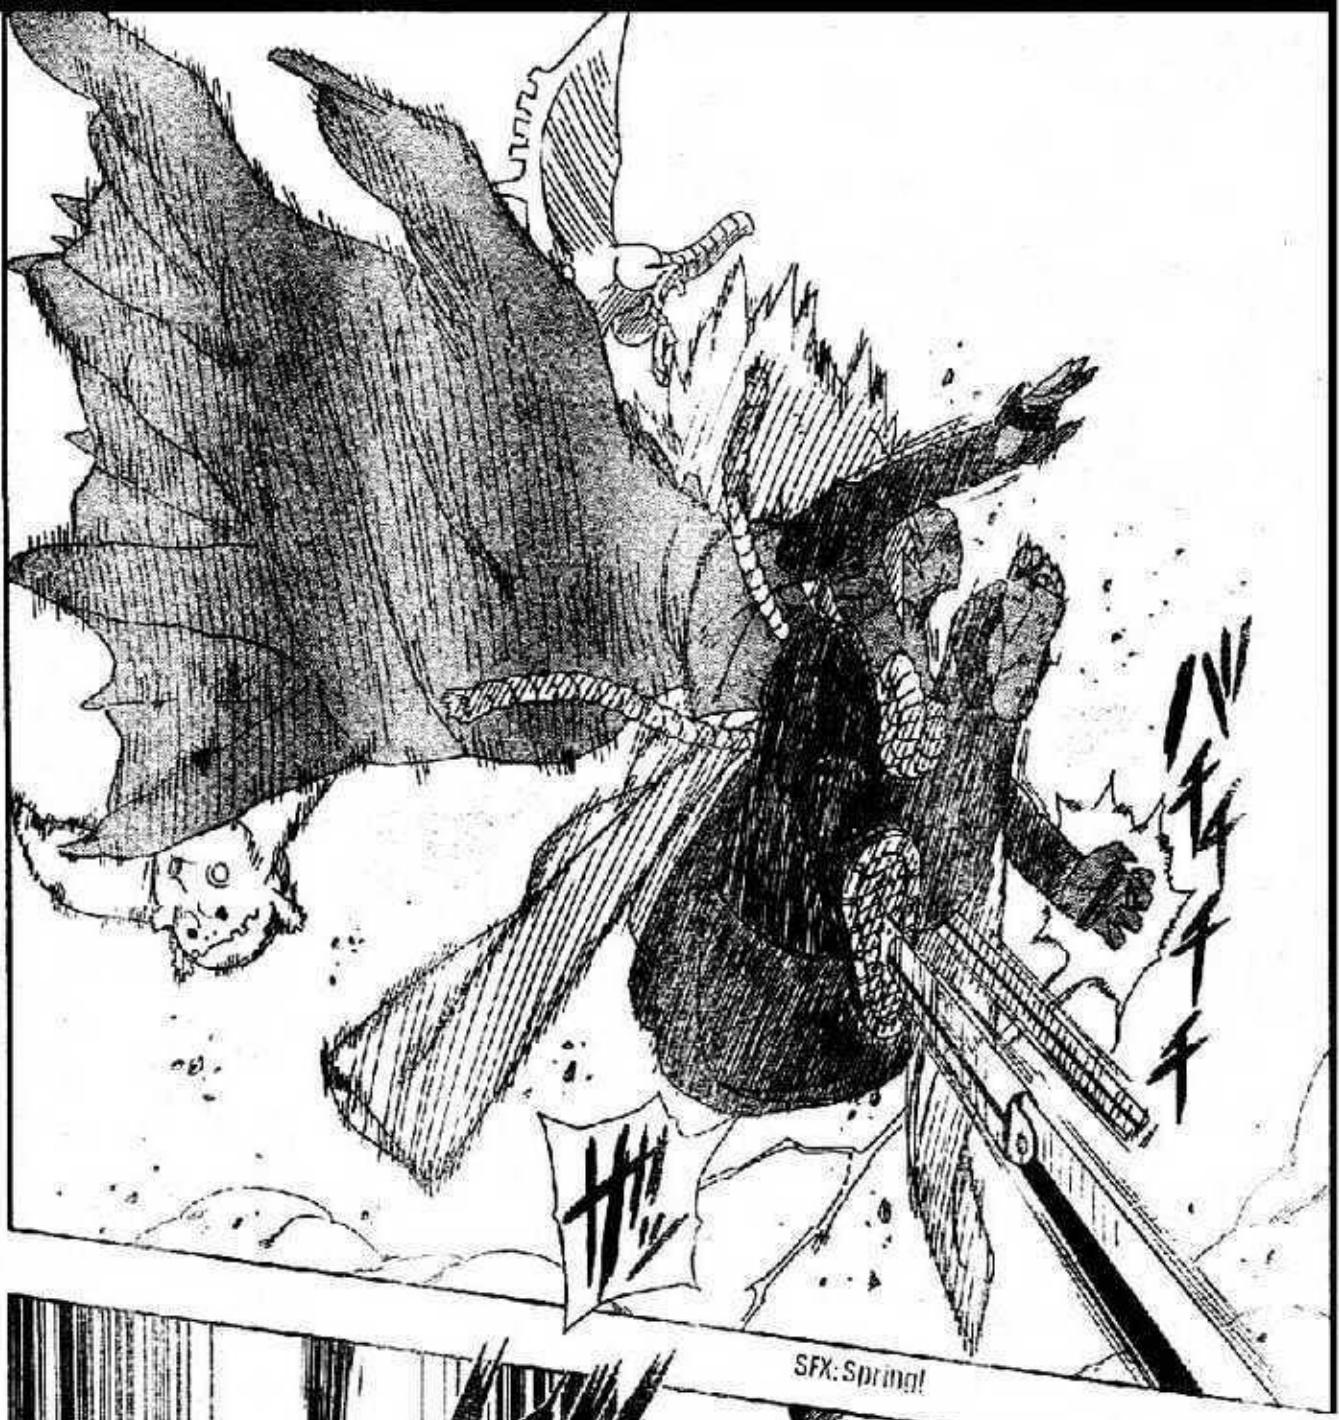

SFX: BRRRRRMB

Hehe...Nothing to stand on there, kid! That's where the mines are!

Sideways?

SFX: Dash

SFX: Stab

SFX: SLICE

Sasuke's battle prowess turns the tables on Deidara! Is this fight over already?!
