## AS IT IS MY TURN, HONOR AND DUTY TO DELIVER A MEMORABLE DC NATION,

I would like to approach this task in a peculiar manner. As you all know, we have so many exciting projects to discuss that I don't even know where to begin, and the fact is that I don't want to reveal too much! That's why I came up with another interesting path to follow that will make my words harder for you to understand. Thus, I will transform myself into the multilingual African Deity Orumnila for a couple of paragraphs, and will discuss some of these projects in other languages. Yes! Sounds like fun, doesn't it?

Ready?

Vous êtes prêt? Avez-vous un dictionnaire multilingue proche de vous? Très bien! Je commence par écrire en français, la langue la plus belle. Je voudrais vous parlez d'une nuit noire, la plus noire de toutes les nuits, quand des anneaux noirs provoque l'enfer dans l'univers des super-héros. Il y était une fois un super-héros, son nom: l'Homme des Etoiles. Après la mort de Ted Knight, Starman s'est incarné plusieurs fois. Je suis donc heureuse d'annoncer que l'une de ces incarnations sera de retour dans l'univers de DC. Mais cette fois, il y aura quelque chose d'étrange et de terrifiant! Notre ami se conduira d'une façon bizarre et aura un rendezvous peu agréable avec une vieille amie irlandaise et avec un personnage obscur à la fois. Cette nouvelle histoire de Starman sera écrite par la main magique de James Robinson, qui connaît parfaitement l'univers de l'Homme des Etoiles.

E con l'italiano, come va la cavate? Meglio di me? Puo'darsi; tuttavia, essendo la mia lingua madre, mi sento in dovere di onorare la patria degli spaghetti e degli imperatori romani e di annoiarvi scrivendo in quello che alla maggior parte di voi potrebbe sembrare Latin gibberish. A proposito di "Notti piu' oscure"... Sono sempre entusiasta all'idea di leggere una storia dall'intreccio solido e originale e penso proprio che questo sia uno di quei fortunati esempi. Si da' il caso, infatti, che una nuova avventura avente come protagonista Catwoman e in qualche modo associata ad una "notte buia," sia in procinto di essere immortalata su carta da Fabian Nicieza. Questa volta la nostra felina preferita si troverà alle prese con un vecchio nemico che ostenta da sempre una passione poco ortodossa per artefatti generalmente usati a scopo protettivo od ornamentale.

How do you like them apples? Shouldn't we play U.N. more often? It's fun! Thank you for your patience! Dzai jian!

Simona
