Are you ready for a Daisy B·B Gun? Your parents have ways of knowing.

Remember when you got your bike? You promised to use it safely. Stay off busy streets. Look before you cross an intersection. Keep it out of the driveway.

Well, safety is even more important with a Daisy than with a bike. Because a Daisy is a B·B gun. It's not a toy.

If you keep those promises with your bike, your parents will see that you're ready for a Daisy.

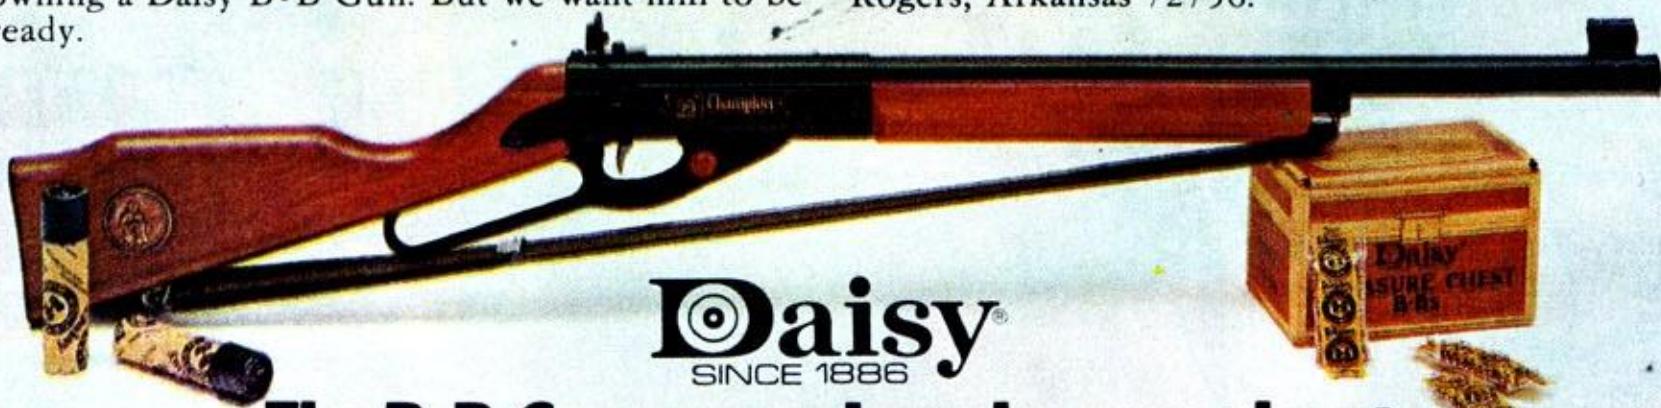

We think every boy should have the thrill of owning a Daisy B·B Gun. But we want him to be ready.

We want him to know about the responsibility of owning a B·B gun.

So, before you ask for a Daisy, think it over. Discuss it with your parents. Tell them how you've kept your promise and met your responsibilities.

When you find that you're ready for a Daisy, you'll find a Daisy B·B Gun ready and waiting for you.

Send for "The Air Rifle Marksman." Mail your name, address, and 25c to Daisy, P.O. Box 220, Rogers, Arkansas 72756.

Dear Editor:

Thank goodness you stopped the adventures of Diana (Rigg?) Prince and went back to the reason for it all . . . WONDER WOMAN! I'm a long-time reader of WONDER WOMAN, and I also collect the early numbers. Recently I bought a copy of issue #1, which is the permanent highpoint of my collection.

One question, though . . . How can I take the best care of my WONDER WOMAN #1? It IS a pretty ancient volume!

Hugh Blanton, Jacksonville, Florida

Dear Hugh:

"Pretty" and "ancient" seem to be the ideal adjectives to describe WONDER WOMAN #1. For those readers not into collecting, or comic-book lore, the first W.W. came out in the summer of 1942 . . . Over 30 years ago!

The best way to take care of a valuable comic book is to keep it in a plastic bag. This keeps most of the air out, and prevents other hazards such as smudges and stains. It also assures the book is kept completely flat. AND . . . don't forget to keep the bag away from any extreme temperatures. Excessive heat or cold is not good for paper.

Congratulations, Hugh, on the acquisition of your rare gem. Also, notice the excitement, characterizations and art is more exciting today than many other newer titles that are supposedly more "modern!"

* * * *

Dear Editor:

No offense, but I don't care at all for what you've done to Diana Prince. I expected, of course, that the golden age of Diana would be short-lived . . . but I never figured for it to end this quickly!

I must not continue without at least praising your efforts in restoring the classical image of WONDER WOMAN. Even if I do not personally care for this character (I only value her from an "historical" comic-book standpoint), I do admit she has a great deal of potential . . . mostly unused. She's a sort of combination of Green Arrow and Captain Marvel; a focal point of contemporary times, ridiculous adventures, and warped mythology. Not to mention magic. But building the Great Wall of China singlehandedly? Hmmm . . .

Also . . . The Amazons were supposed to have gone into the nether-world realms to rest, and regather their spent power. If they're back this soon, I find it hard to believe they've got their potential back!—And one more thing. I don't like the way you use the robot plane!

Mr. M. D. O'Bannon, Louisville, Ky.

Dear "M. D.":

First you call the "Diana Prince" phase of W.W. her

"golden age," then you thank us for bringing back WONDER WOMAN's classical image, while saying you don't really care for her character. On top of all this, you blatantly state you think she's based on a present-day frame of reference, while indulging in frequent magical experiences. So what's there not to like? You further prove you have no understanding of things beyond your realm by implying the Amazons have only been gone a short time. Okay, so you don't believe in magic (which is nothing to brag about!), but it's been mentioned in the past that Amazons have long-ago mastered the art of time-travel. So they could've been gone a century or so before returning to our time (after a period of a year or so, to avoid total confusion). ALSO . . . The Robot Plane has NEVER complained about the way in which it is used, and I think the plane would tend to be much more expert in this matter than you would.

. . . And don't worry . . . We'd never take offense at your letter, since it's a challenge just to wade through your maze of inconsistent statements. Besides, anyone who doesn't believe in magic has OBVIOUSLY missed so much that it's impossible to become offended at them!

* * * *

Dear Editor:

Thank you! Congratulations! Hola, even!! Bringing back the original WONDER WOMAN is the brightest thing that's happened to comics in a long time. I just read though your latest issue, and it's sensational. The New WONDER WOMAN was good, but the ORIGINAL WONDER WOMAN is excellent. I liked it so much that I immediately went out and bought two more copies.

Craig Butler, Little Rock, Arkansas

Dear Craig:

What? You claim you liked our latest issue, yet you only bought two more copies of it? Boy, will YOU be sorry in years to come, when that issue is selling for \$2,000.00 (If yours are still in mint condition by then).

Seriously, though . . . Now that you've thanked us, allow us to thank you.

* * * *

Dear Editor:

My friends and I read your magazine WONDER WOMAN regularly. First, I'm glad you brought back the costumed WONDER WOMAN, complete with all the Amazon super-powers she originally had.

Second . . . Is there any place you know of where we can get tiaras like the one WONDER WOMAN wears?

Jean Marino, Denver, Colorado

Dear Jean:

Sorry . . . but to our knowledge there are no WONDER WOMAN tiaras being sold at this time. We do not make such items ourselves, but we DO license other companies to make and sell things (costumes, dolls, games, etc.) connected with our heroes and heroines . . . after first making sure the J.L.A., Legion of Super-Heroes, et al. would approve of the way their images are being used. I don't see why WONDER WOMAN would object to someone making duplicates of her tiara, so it's quite possible you'll see them in stores someday soon. Until then . . . Keep reading and enjoying!
