TITANS TOGETHER

Nightwing's Titans team boasts a brand-new mission, and they're taking the fight directly to the Source (Wall).

Tasked by DC's Trinity—Batman, Wonder Woman and Superman—the Titans must investigate and contain the "Source Wall Events" plaguing Earth in the wake of JUSTICE LEAGUE: NO JUSTICE. As if stopping Fourth World-related

emergencies on Earth wasn't enough, Nightwing and the Titans are on a tight leash with the Justice League as well. One wrong move and not only is Earth in trouble, but the Titans go kaput—again.

It's then up to Nightwing to recruit a team he can trust—welcome Titans stalwarts Raven, Donna Troy and Beast Boy, joined by relative newcomer Steel (a.k.a. Natasha Irons) and League liaison Miss Martian.

"It's always important to make a team distinctive in its look, feel and remit. This new phase sharpens things up with a very specific and exciting dynamic," explains series writer Dan Abnett, joined by artist Brandon Peterson. "TITANS REBIRTH was a book about metahuman friends. The new Titans mix is much more volatile, much more 'professional.' Rather than working at cross-purposes, they need to pull together or the situation is hopeless...this team NEEDS to be a team-tailor-made to combat this crisis. Whether these guys get on personally or not is beside the point: these are the people Nightwing needs to get the job done."

After forming the new team in last month's TITANS SPECIAL #1, Nightwing, Raven, Beast Boy, Donna Troy, Steel and Miss Martian begin to track down those affected by the Source Wall event in **TITANS #23**, on sale July 23. ■
