LEGION OF DOOM

Lex Luthor's quest to advance humankind runs right through the heroes of the Justice League

Is the Legion of Doom humanity's last hope?

After the events of *NO JUSTICE*, Lex Luthor recognizes the newly revealed changes to the cosmos mean it's time for humans to take an active hand in their own development.

All humankind needs is a strong leader—and Lex is ready to lead humanity into a new age.

See what the Legion of Doom is up to in *JUSTICE LEAGUE #2*, on sale now!

To begin, the Metropolis billionaire assembles a veritable who's who of DC's biggest threats by offering them what they've always desired: their enemies' heads on a platter.

Here's a quick rundown of the villains Luthor enlists to usurp the League.

BLACK MANTA David Hyde pledged an oath to kill Aquaman after the hero mistakenly killed his father. Driven by revenge, Black Manta scours the world's oceans looking for the key to defeat the Atlantean hero. The deep-sea mercenary joins Luthor's cause with the promise of eradicating Aquaman, but he's been kept in the dark on how.

CHEETAH Once a close friend and confidant of Wonder Woman's, Barbara Minerva found herself transformed into the feral hunter Cheetah. She blamed Diana for ruining her life. Wishing to murder the gods who cursed her, Cheetah answers Luthor's call as he promises her the power to summon a force no god can withstand.

GORILLA GRODD The super-intelligent gorilla may have just faced down the Scarlet Speedster, but Grodd is not one to skulk away and lick his wounds. He will find a way to take down the Flash once and for all, but his telepathic mastery may not be enough..

SINESTRO Once the greatest Green Lantern of all, Sinestro felt that the only way to properly protect the universe was to control it, and that he was the one to do it. Banished from the Corps, his fall from grace is a story still told to young Lanterns beginning their training. Now the master of the yellow light of fear, Sinestro still searches for a power lost to the ages.

THE JOKER The Joker is a man with only one desire: to instill madness in and create unrest in the citizens of Gotham. Life's much better with a little more insanity in it. So how can even Luthor wrangle the Clown Prince of Crime, the most chaotic man in the DC Universe?!

LEX LUTHOR Lex Luthor always hoped to make the world into the best it can be. This drive within the Metropolis billionaire has been instilled in him through generations of Luthor's family. For decades, Lex's ancestors sought to unlock the secrets of the universe. Now, with the help of the Legion of Doom, he'll be able to fulfill his family's dream. ■
