D: Nice to meet you Odacchi!! Already, I will ask you, but the covers of Volume 1 and Volume 61...RIP-OFF!!! Dismissed!

P.N. Chi-chan's friend

O: AHHHH!! SHOOT, I DID IT!! I didn't even notice~! I had that feeling I drew this somewhere, ya know-? Yikes, I did it again, this thing. It's a mistake!! (*To the small children. That was actually on purpose. Even though it was on purpose, the part of me that pretends it was a mistake and acts dumb makes me humorous yet even more so.)

D: This is a question, Oda-sensei. During class one time, I had an emergency but my teacher wouldn't let me go to the bathroom and I had a super-embarrassing moment. If I had the Hana Hana no Mi powers, would I be able to bloom a penis in the bathroom and pee from the classroom? P.N. Loved-kun

0: ...yet again, we have a moronic comment... Yep. Well still, scientifically, this is possible. That is, "**DICK FLEUR**"!!

D: When Killer takes his meals, does he take off his mask and eat? Or does he eat with his mask on? If with his mask still on, will it look kinda like this (->)? I'm guessing the easiest food to eat would be stick-type.
from N.way-san .

O: Hmm - Of course, I assume he eats with his mask on. I think stick-type is a nice idea. I hear ramen works pretty good too. Looks like his meals have pasta as a main course every day. Word is that he enjoys fresh peperoncino, Naporitan, and all those tomato sauce types that get you dirty with red stuff all over the mask, so it becomes a very disgusting process. For your information, alcohol is drunk with a straw.
