Relying on the technical aid of his friend Richie Robertson, Jack Jameson becomes the costumed adventurer called the Buzz.

When his father is kidnapped, Jack learns his parents have secretly developed a process to cure people who were turned into monsters by a rogue genetic engineer.

After making a deal with Chesbro, an agent for the international crime figure known as the Black Tarantula, Spider-Girl finds Jack's missing father, but is later overpowered by the new Doctor Octopus--

--who has joined forces with the Buzz's old enemy, Dr. Sonja Jade.

After capturing Spider-Girl and knocking the Buzz's battle-suit off-line, Octopus and Jade use John Jameson's own equipment to transform him into a monstrous Man-Wolf.

WHEN THE ABYSS LOOKS BACK!

You got into this mess to help the **BUZZ** and his dad, but JJ is either frozen with fear or his super-suit is still malfunctioning.

SWELL! Not only do you have to find a way to escape a pair of super-psychos and their army of goons--

--you even have to save the big bad werewolf.

And the hits just keep on coming!

Hold up a minute! I don't care what happens to *Spider-Girl*, but I helped design the Buzz's battle-armor.

I'm afraid the creature might damage it.

Don't count on it, man!

She's just going to strip you before she rips you.

How long before you restore me to full power?

Hey, Richie--you hear that?

I finally caught a break.

I...I'm not sure...but I do have some good news.

As soon as Jade blew out your battle-suit, I knew you'd need reinforcements so I speed-dialed the *Green Goblin*--

--Ladyhawk--

--and Darkdevil!

All you've got to do is hold on until they arrive.

Yeah, that's all...

You suddenly get a wild idea and focus on your **SPIDER-SENSE**--

--using it to guide your manacles beneath the Man-Wolf's slashing claws with perfect timing!

That little witch is free!

Control yourself! You almost hit Jameson and we still need him to-- Jade, BEHIND YOU!

We have unexpected guests.

Everybody **FREEZE!**

Cover Spider-Girl, men-- and take down anyone that threatens her!

Say whaaaaaa--?

Jade! You should have warned me the webhead has her own SWAT team.

I... I didn't know.

S'funny, neither did I.

GRRROWL!

Richie, I'm not sure what's going on here, but I just got an idea.

Direct all my available power into my gauntlets.

Are you crazy, man?

They could blow if you overload their--oh!

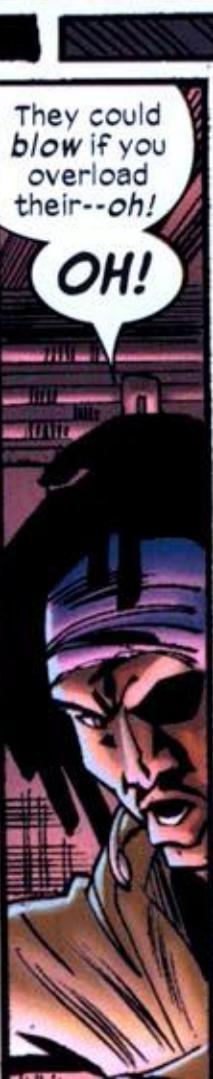

OH!

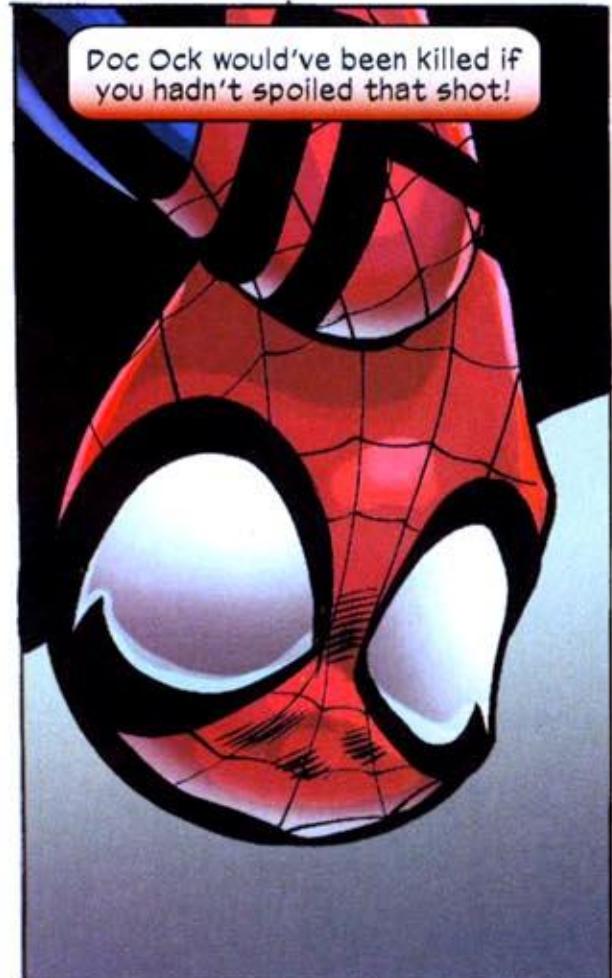

You sure about this?

Just do it, man! It's my only--

GUNNNNH!

BAM!

You made a big mistake when you allowed the TARANTULA to gain a toehold in your life, but you can't worry about that now.

Well, well,
lookee here!

Someone called the
WARRIORS--HOO-HA!

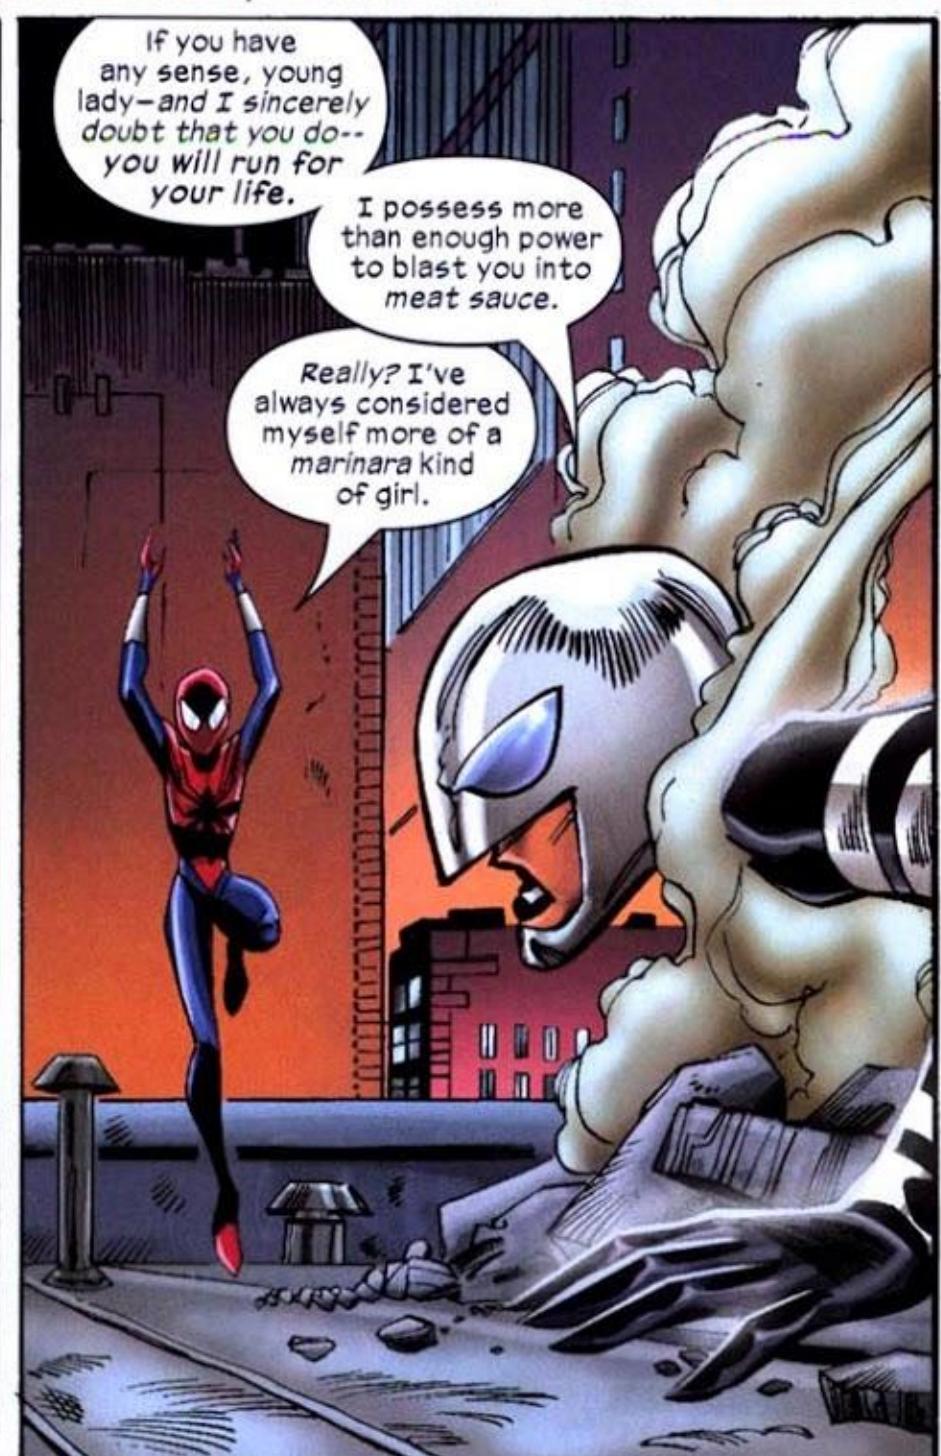

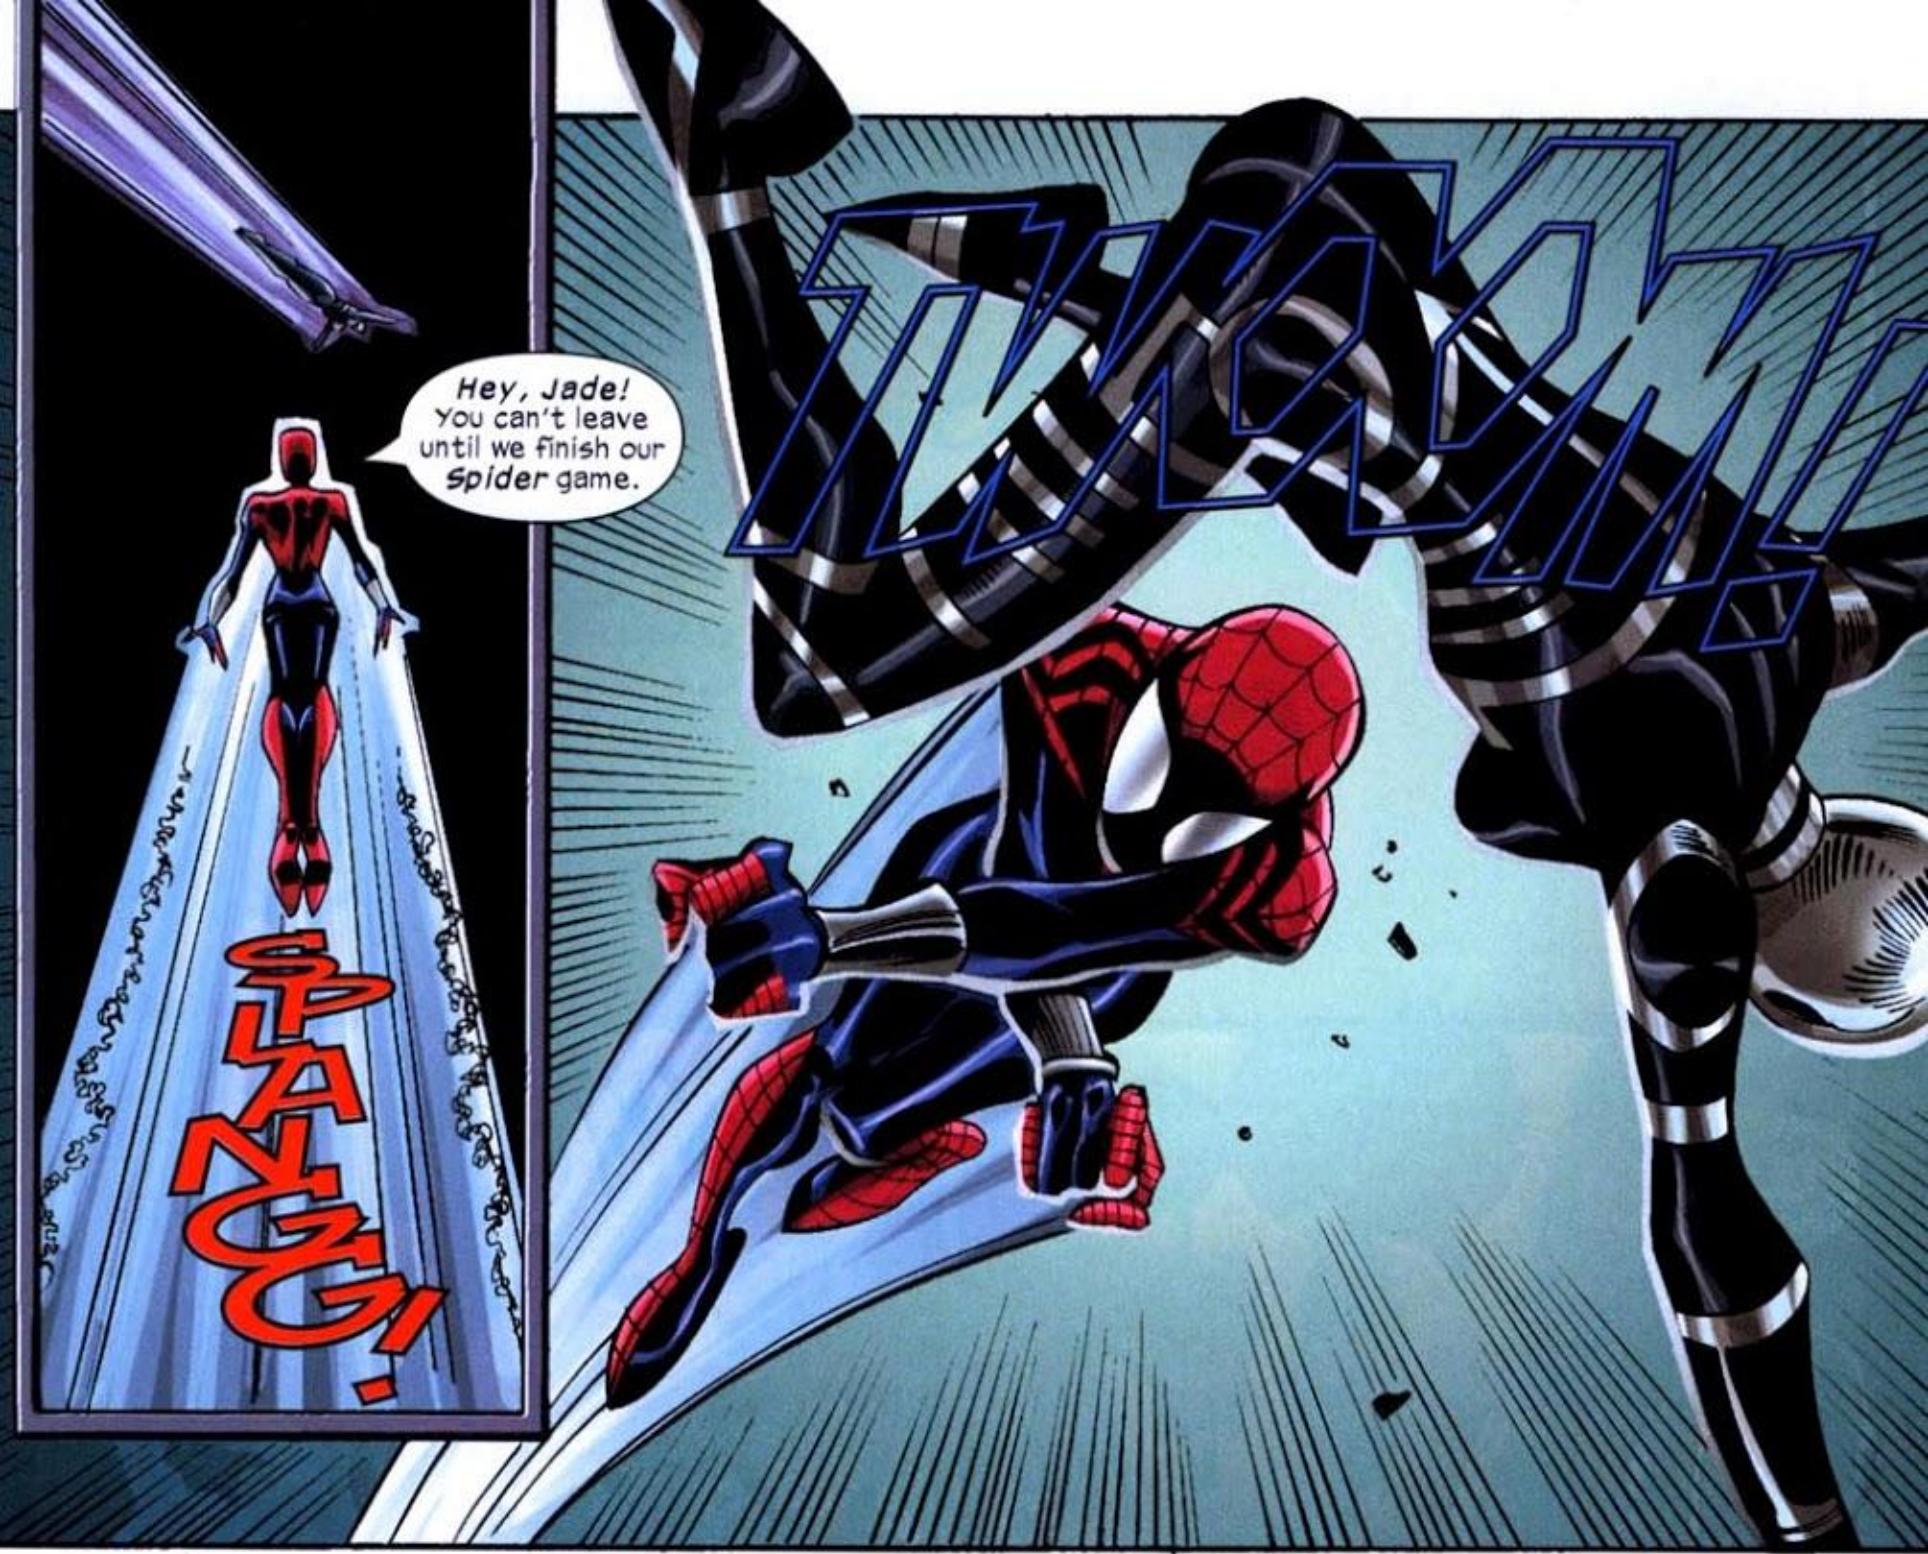

Since they're already on
OCK, you can take JADE.

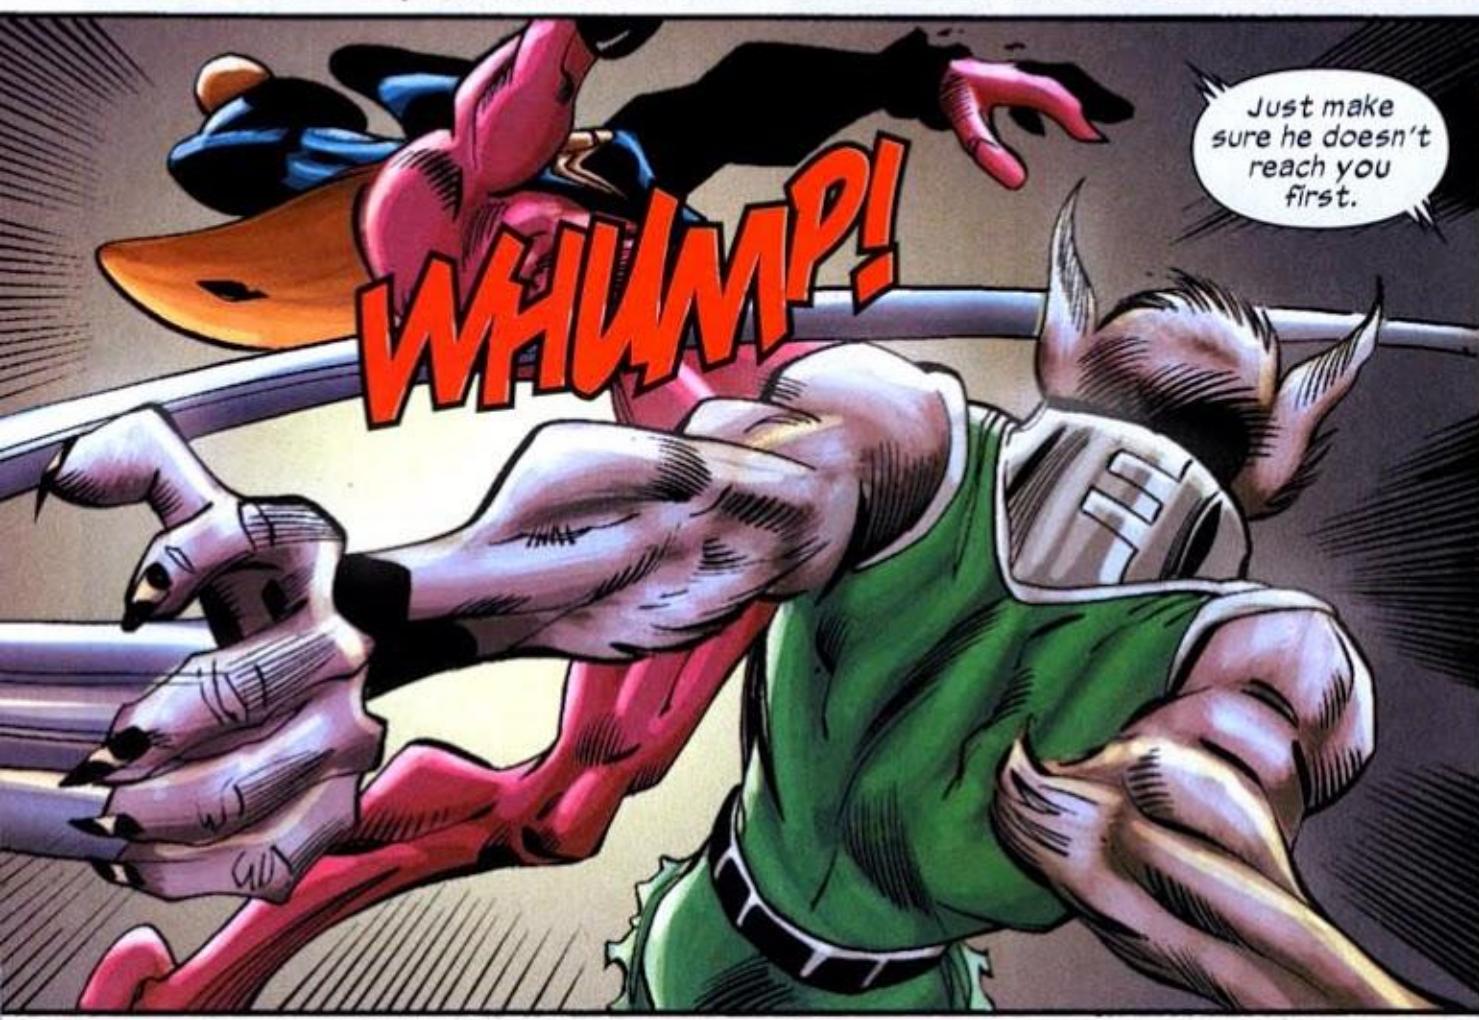

Just as well...

Octopus completely
overwhelmed you the
first time you fought.

As much as you'd like
to chalk her victory up
to beginner's luck--

--you're more than happy
to avoid a rematch!

And the JADESTER
blows another golden
opportunity to put
POINTS on the
board!

I hate to gloat,
but this game would
be a complete blow-
out--

--If you hadn't
scored with a high
run of vague threats
and meaningless
insults.

Enough!
Enough! Your
constant yammering
is getting on my
nerves.

I just want
to kill you and
move on.

Well,
excuse me
for trying
to share a
moment.

I was
hoping we could
bond through healthy
competition--

--Instead
of the usual
exchange
of mindless
violence.

I hope you aren't planning to escape, Jade.

You have to pay for what you did to poor Mr. Jameson.

Deranged, moi?

I prefer to think of myself as devilishly playful.

Sheesh! What a spoilsport!

You're even more deranged than I thought.

Get off me, you fool! I can't see where I'm headed.

You're endangering us both with this madness.

Oh...

...nooooo!

You shouldn't sound so surprised, my dear.

I do believe that's game, set and-

uh-oh!

You couldn't possibly have imagined that you'd seen the last of me.

It was truly amazing how easily I distracted those other costumed jokes.

All I had to do was hurl a few chunks of concrete debris at some innocent civilians.

CRWAM!

You and I share a common destiny, my dear.

We are two women who have been entrusted with the legacies of great men.

I truly admired the first Doctor Octopus!

Otto Octavius was a man of rare vision and incredible power.

It is one of life's great tragedies that his dreams were often corrupted and crushed by the so-called amazing Spider-Man.

I watched from the shadows as my mentor suffered one personal humiliation after the next.

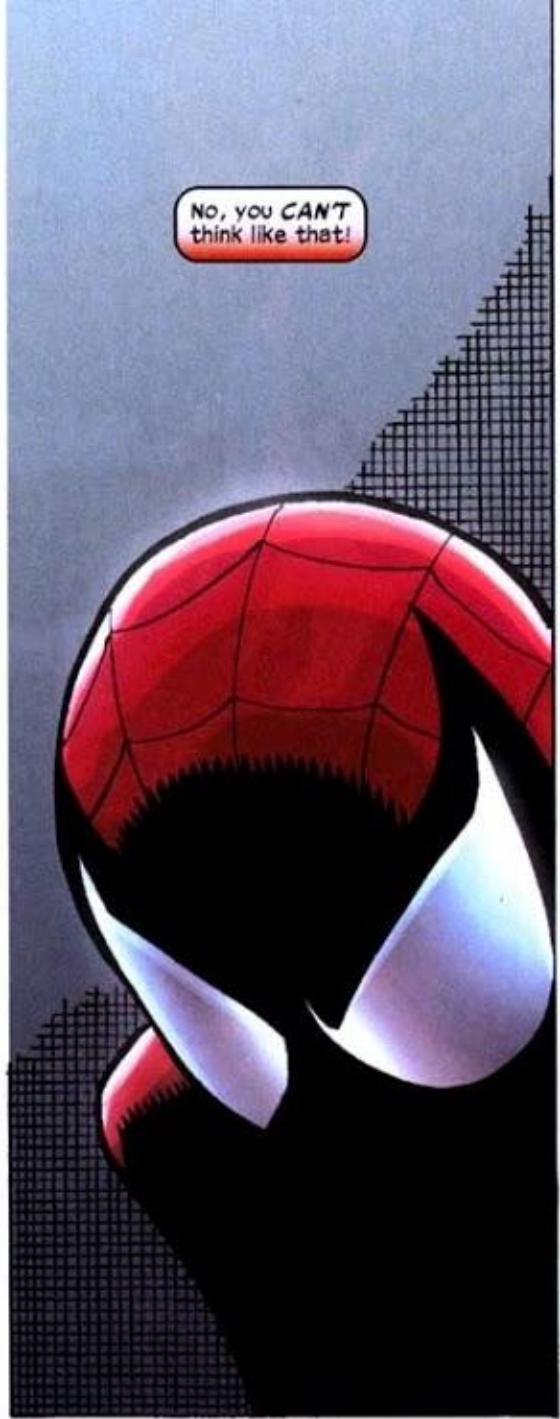

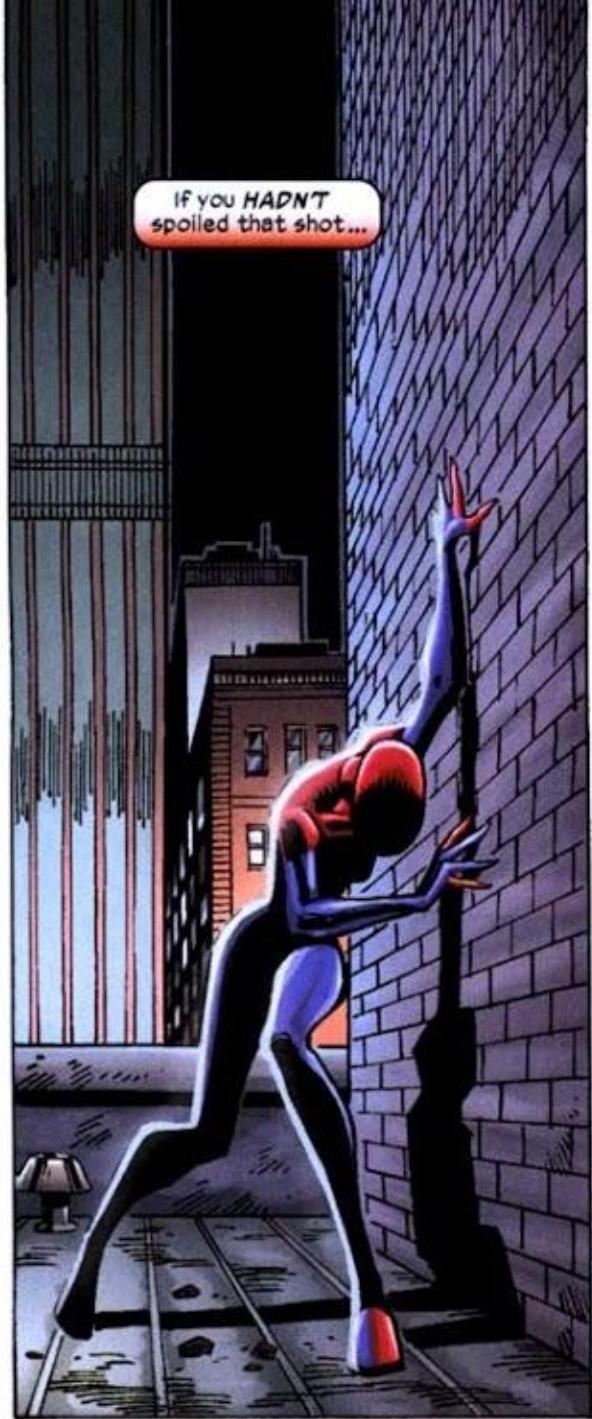

But I learned from his mistakes.

I can't tell you how happy I was to hear that someone had taken up Spider-Man's mantle.

Fate has finally drawn us together--

--so that my poor Otto can rest in peace.
