Some jobs are just too tough for your average fast-talkin' high-tech gun-for-hire. Sometimes...to get the job done right...you need someone crazier than a sack'a ferrets. You need Wade Wilson. The Crimson Comedian. The Regeneratin' Degenerate. The Merc with a Mouth...

DEADPOOL

The clans of the vampire nation have operated from the shadows for many years under the leadership of Dracula, the greatest vampire the world has ever known. But recently Dracula was murdered by his son Xarus, a young vampire with a new vision for the vampire nation. He equipped them with light-bending medallions that allowed the vampires to appear in broad daylight, uniting the feuding sects for the first time under a single flag of war.

Yet not all vampires share Xarus's vision of the future. A splinter group of Mystikos sect vampires prefers to be humanity's benefactors rather than its conquerors and for years have funded the nation's oldest private hospital, feeding on the excess blood it accumulates. However, their peaceful stance towards humankind has made the Mystikos targets of Xarus and he has sent warriors from the Claw sect to mount a daytime attack on the hospital and wipe them out while they sleep in their subterranean coffins...

The Mystikos, led by Director Colvin, then approach Deadpool and offer to pay him to act as their bodyguard while they sleep. Initially Deadpool refuses, not wanting to work for a bunch of "Draculas". But Deadpool's been feeling especially heroic of late and once he sees all the good the Mystikos have done for humanity, he takes the job. And just in time too, because the Claw sect has already infiltrated the hospital...
