MARVEL

SPIDER-MAN

High schooler Miles Morales was bitten by a genetically altered spider that granted him incredible arachnid-like powers. This is a secret he has shared only with his best friend Ganke, Fabio Medina (a.k.a. Goldballs), and his father, Jefferson.

Concerned about his son, Jefferson approached his old employers at the intelligence agency S.H.I.E.L.D., offering to return to active duty in exchange for Miles' protection. This is a secret he has shared with no one.

However, Jefferson has disappeared. Maria Hill of S.H.I.E.L.D. enlisted Miles' help, giving him a watch that could teleport him to alternate dimensions. Miles found himself in a world where Spider-Gwen is the major Spider-hero. With her help, Miles managed to find Jefferson—only to discover that he is a criminal mastermind known as the Scorpion, with a plan to expand his evildoing interdimensionally!
