R: Are you an okama?

-Uma Kimi

O: No I'M not!!!)

R: Oda, I have a question. In volume 42, chapter 405 "Power," when Franky uses the "Homing Cannonball Destroy Cannon," "BF 36" is written on his shoulders. Does that stand for Battle Franky #36? Is that right?

-SogeQ

O: Yes....!! That's right. That's how it is. Just like you surmised from reading the Franky Flashback chapters, Franky's battleships were completed up to #35. And when the ships he built hurt the people important to him, he repaired his own body with his engineering skill and made it into Battle Franky #36 and stopped building battleships. After that, he founded his scrap house.

R: I've been wondering about this for a while, but what kind of person is Kumadori's mother?

-Yasuhiko

O: She's actually still alive. She works as an assassin. Her name: Kumadori Yamanbako.
