Some jobs are just too tough for your average fast talkin' high-tech gun-for-hire. Sometimes...to get the job done right...you need someone crazier than a sack'a ferrets. You need Wade Wilson. The Crimson Comedian. The Regeneratin' Degenerate. The Merc with a Mouth...

DEADPOOL

A while back, Deadpool infiltrated a legion of the invading Skrull army in an attempt to gather vital Skrull bio-data for Nick Fury. Wade managed to get the data but it was intercepted by Norman Osborn during transmission! Not only did that make Wade look like a fool, it also meant he didn't get paid.

Now Wade's on a mission to collect what he's owed from Osborn himself, but Norman's covert strike-force, the Thunderbolts, isn't about to let that happen. The T-Bolts do their best to take Wade out and Deadpool decides that his best course of action is to fall in love with the team's field leader, Yelena Belova, Black Widow II! Wait...what?
