Some jobs are just too tough for your average fast talkin' high-tech gun-for-hire. Sometimes...to get the job done right...you need someone crazier than a sack'a ferrets. You need Wade Wilson. The Crimson Comedian. The Regeneratin' Degenerate. The Merc with a Mouth...

# DEADPOOL

Recently, Deadpool infiltrated a legion of the invading Skrull army in an attempt to gather vital Skrull bio-data for Nick Fury. The good news: He beat the crap out of the Skrulls and got the data! The bad news: The transmission was intercepted -- by none other than Norman Osborn -- and never got to Nick! What does Osborn intend to do with that data? No doubt, the world will find out soon enough...

In the meantime, a cash-strapped Deadpool finds new employment, when he is hired by his old mercenary buddy, Zeke, to assassinate a plastic surgeon named Dr. Lovosno. Seems that the procedure the good doctor has developed to make his patients beautiful also turns them into ZOMBIES! And unfortunately, one of those patients is Zeke's wife! Deadpool then travels to Eastern Europe to infiltrate Lovosno's castle, but Wade is the one who gets infiltrated!

Wait... captured. He gets captured.
