Some jobs are just too tough for your average fast-talkin' high-tech gun-for-hire. Sometimes...to get the job done right...you need someone crazier than a sack'a ferrets. You need Wade Wilson. The Crimson Comedian. The Formerly Regeneratin' Degenerate. The Merc with a Mouth...

# DEADPOOL

Did you know that Deadpool used to have a hideously scarred face and a healing factor that allowed him to bounce back from any wound? It's true! I know it's been a LOOOOONG time that he's been in his current state—namely being a real pretty boy who dies if you hurt him enough—but it's good to remember where our pal Wade came from. Wade's old Internet-in-semi-human-form foe, Black Box, certainly knows...and he's happy to spread the word that Mr. Pool is not so indestructible anymore. He told Black Swan, a telepath capable of writing little "mental programs" in people's heads. He told Black Tom Cassidy, an Irish guy with a stick. All of these ebon nemeses have converged on Wade at a gas station in the Texas desert, intent on making him dry up and blow away. You know, like a tumbleweed. But, like, because he's dead.
