Some jobs are just too tough for your average fast-talkin' high-tech gun-for-hire. Sometimes...to get the job done right...you need someone crazier than a sack'a ferrets. You need Wade Wilson. The Crimson Comedian. The Regeneratin' Degenerate. The Merc with a Mouth...

DEADPOOL

Norman Osborn swindled Deadpool out of a ton of cash. When Deadpool tried to collect, Norman sent his covert strike force, the Thunderbolts after him. After Deadpool wiped the floor with the whole team, Norman sent the Dark Avenger Hawkeye (really the assassin Bullseye in disguise) to take Deadpool out. He failed. And rather than return to his boss with the news that he was defeated...and rather than, you know, get killed with a chainsaw, Bullseye chose to pay Deadpool the money that Norman owed him.

But none of that really matters. What matters is that Wade's just gotten paid a lot of money. And I mean STUPID money.
