DUNGEONS & DRAGONS™

It is a time of magic and monsters, a time when the civilized world has been reduced to a few scattered points of light glowing with stubborn determination amid a rising tide of shadows. It is a time when only the bravest dare tread the wilds of the unknown.

A small town built upon the ruins of a larger city, Fallcrest lies at the crossroads of the Nentir Vale, a great wilderness dotted with a handful of inhabited villages and towns where bandits and monsters roam freely, threatening all who venture far from settlements.

This is a place in need of a few heroes.

OUR TALE THUS FAR...

The town of Fallcrest is home to many adventurers, and Adric Fell leads one such group. This is the story of how the party came together...
