Some jobs are just too tough for your average fast-talkin' high-tech gun-for-hire. Sometimes...to get the job done right...you need someone crazier than a sack'a ferrets. You need Wade Wilson. The Crimson Comedian. The Formerly Regeneratin' Degenerate. The Merc with a Mouth...

DEADPOOL

So, here's the deal: Deadpool lost the healing factor that made him the most unkillable loudmouth this side of <CELEBRITY NAME RETRACTED>. But he doesn't mind—he sorta did it on purpose—he feels more alive than he's felt in ages. Problem is, he's easier to bump off than he's been in ages, too...and he's made a lot of people want to off him. Take, for example, Black Box, a technopathic computer-man. Or Black Swan, this dude who can give people mental suggestions. And now, Black Tom Cassidy, who shoots energy-blasts out of a wooden stick (no, really).
