DOCTOR WHO

#4

THE EIGHTH DOCTOR

THE DOCTOR

A Time Lord of Gallifrey, the Eighth Doctor is an effortlessly charming, romantic soul wandering the universe in search of culture, companionship and adventure. He is passionate, enthusiastic and eccentric – even in the darkest days of the universe!

JOSEPHINE DAY

Better known as Josie, this cyan-haired artist from Earth captured the Doctor's attention with her mysterious paintings – which showed alien landscapes and creatures Josie can never have seen. But no time to think about that now – on to a new adventure!

THE TARDIS

'Time and Relative Dimension in Space'. Bigger on the inside, this unassuming blue box is your ticket to unforgettable adventure! The Doctor likes to think he's in control, but often the TARDIS takes him where and when he needs to be...

PREVIOUSLY...

When the Doctor took Josie to see one of the greatest magicians of all time perform in Victorian Edinburgh, they realized that mirrors never lie... the magician had escaped from a parallel mirror realm and was kidnapping audiences to create an army!

After narrowly stopping an invading army of mirror people, the Doctor and Josie now continue with their mysterious to-do list. Next stop – the 1930s!

Special thanks to Steven Moffat, Brian Minchin, Mandy Thwaite, Matt Nicholls, James Dudley, Edward Russell, Derek Ritchie, Scott Handcock, Kirsty Mullan, Kate Bush, and Ed Casey for their invaluable assistance.
